AK-SAR-BEN RUSHES DISASTER AID

FRANCIS D. LEE

Sole Referee

When disaster strikes this area, Ak-Sar-Ben lends a helping hand!

When a tornado, flood or other community catastrophe hits, Ak-Sar-Ben quickly dispatches a check to help meet immediate relief needs.

A \$1,500 check was put in the mail the same day Hebron was damaged by a tornado. When Scottsbluff was hit by a tornado, \$2,000 was sent. A flood struck Sioux City and \$1,000 was on the way at once. A tornado swiped across Madison County, and \$1,000 was sent to start a relief fund.

From every county in Nebraska patients come to hospitals in Omaha, which is fast becoming one of the outstanding medical centers in the nation. Many of the patients cannot afford to pay. Each year, Ak-Sar-Ben contributes \$12,000 to help finance care of charity patients in these hospitals. Ak-Sar-Ben's revenue from thoroughbred racing make these programs possible.

WE'RE BUILDING A NEW GENERATING PLANT

to meet YOUR ever-growing ELECTRICAL NEEDS

The use of electricity has more than doubled in the past ten years. Present trends indicate that the increase during the next ten years will be even greater.

Careful studies show that power supplies from present sources, and additions now in progress, will be completely absorbed by 1960. Therefore, new sources of power must be made av able.

It is the sole responsibility of Consumers to make certain ample power is available for the 356 communities and more than 116,000 customers it serves.

As part of our long-range plans to assure that power, we are starting construction of a new 100,000 kilowatt generating plant near Hallam. This will be a dual purpose plant, equipped for steam generation with provisions for adding nuclear generation later. It is scheduled to be ready for operation by 1960.
