#### To Again Offer Scholarships—

Two \$300 Federal Land bank scholarships will be provided again this year for high school seniors who enroll in the University of Nebraska college of agriculture this fall.

The scholarship program is sponsored by the 54 National Farm Loan associations in Nebraska and the Federal Land bank of Omaha, according to Lyle P. Dierks, secretary-treasurer of the Elkhorn Valley National Farm Loan association at O'Neill. Mr. Dierks said the scholarship program has been in effect for the past five years, and is planned to be continued in the future. He encouraged high school students other than seniors to work toward the possibility of one of these scholarships in their senior year.

The intent of the scholarship program is to "encourage boys of outstanding ability" to continue their education in agriculture, Dierks said.

Application blanks are available from the vocational agriculture teachers, county extension directors, high school superintendents, and at the local National Farm Loan offices. Applications should be submitted to the college of agriculture, University of Nebraska, Lincoln, before March 1, 1957.
