No Need For... Continuous Advertising!

PREACHERS
Should preach only one sermon or so a year. People are against sin, anyway, so why harp on it?

TRAFFIC LIGHTS
Should be turned off at dangerous intersections to save electricity. Everybody knows it's a dangerous spot and that is sufficient.

TEACHERS
No need to review lessons. Tell the children just once and they'll never forget.

HIGHWAY POLICE
Stop driving up and down the highways. No need to caution drivers by patrolling highways. Drivers know the law and should obey.

OUT OF TOWNERS
That advertise in the local paper and mail order firms that send out catalogs are wasting their money. Everyone knows what is sold at stores in town and they'll shop at home.

BUT
If you are one of the foolish kind—like the Notre Dame cathedral that has stood six centuries but still rings the bell every day to let people know it is there—and believe in continuous, profitable advertising, then you will advertise in . . .
