O'Neill welcomes

A NEW BUICK DEALER

NEXT TIME you're nearby, make a point of meeting this new Buick Dealer.

You'll find him happy to greet you — and show you his fine facilities for selling and servicing Buick cars.

Whether or not you drive a Buick, note how well his Service Department is set up for prompt, economical, dependable work.

It's stocked with Factory Engineered Parts—furnished with the latest instruments and tools—manned by specialists trained to keep cars in tiptop condition.

Then take this opportunity to "try on" the brand new Buick.

It's completely new—and every bit of its newness does great things for you!

Inches lower sweep-silhouette styling not only transforms appearance—its rakish new panoramic windshield broadens the view from interiors luxuriously high, wide, and long in legroom.

And the newness in '57 Buick performance surpasses all sensations.

There's a new 364-cubic-inch Buick V8 so full of high-torque horsepower and pep you simply can't rate it by numbers.

There's new instant action with Variable Pitch Dynaflo*—switch-pitch performance so responsive you rarely use "Low" range.

There's a new chassis that "nests" the car and a ball-joint front end that make the Buick ride smoother, safer—sports-car steady on turns, heads-up level on stops.

These are only the big reasons why you will wind up wanting your Buick Dealer to demonstrate the newest Buick yet.

Then you can choose the Buick that's best for you from his fine 4-Series array of models—SPECIAL, CENTURY, SUPER and ROADMASTER.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
