"I like those extras you get in an Olds!"

HE: You mean the advanced styling, I suppose. The Accent Stripe and...

SHE: Oh, there's more to it than that. For example, the "park" position on the Hydra-Matic Drive* makes it safer and easier to start, even on hills.

HE: Well, Olds has a reputation for attention to details. That's one reason the value lasts.

SHE: You can tell that someone took a lot of patience in planning and building it right. Even the two ash trays are lighted.

HE: I'll bet the Oldsmobile engineers would love that, but I wonder how they'd feel about you not mentioning the Rocket Engine? Now there's a power plant. There's still nothing quite like a Rocket!

SHE: That's for me too, but I look for lots of other things—like upholstery... and that glove box. It's big enough for an umbrella. I wish...

HE: Tell you what. Let's stop wishing. Let's go see our Olds dealer... right now!
