Bold lines of Buick's 1958 styling are exemplified in the luxury and beauty of the Buick Special (above), now on display by the O'Neill area's Buick dealership, D & S Motor Co. Besides the Special, D & S is also displaying the two-door Century.

Dual Headlights, New Grill Provide Breadth in Buicks

The 1958 Buicks, with dynamic new styling, feature the new miracle ride, a revolutionary new dynaflo transmission, improved brakes with thicker linings and a host of other engineering changes.

The new cars went on display Tuesday at the D&S Motor company showrooms in West O'Neill. Coming in five series, the new Buicks are topped by the new Limited, a distinctively styled luxury model which is Buick's new entry in the prestige car market.

"This is the beginning of a new era for Buick," said General Manager Edward T. Ragsdale. "Our new styling features the most dazzling grille design in the history of Buick and is a complete departure from the industry's traditional front-end design."

Heading the list of exclusive engineering achievements on the 1958 Buicks is the new flight pitch dynaflo transmission in which the stator vanes operate on the "switch the pitch" principle.
