

Jean Woods Wins Sorority Honor

PAGE — Kappa chapter, Beta Sigma Phi, of Lincoln, elected Miss Jean Woods as the chapter representative for the local girls' sorority to be announced at the local Sigma Phi founders' day banquet in April. Miss Woods is the granddaughter of Mr. and Mrs. H. D. Lopes, of Page, and has spent many years at their home here. She is a graduate of the Page high school. For two years before her graduation she was pianist at the Methodist church. After graduation she has been employed in Lincoln.

Kerr for President Nebraska Organization, Bernard J. Boyle, Chairman

Bold Ideas make Hudson today's best car!

Idea! Give Hudson owners the most road-able cars ever built by putting Hudson's base frame outside the passenger compartment and recessing the floor down within the frame. Thus, Hudson "step-down" design permits lowering the entire car to give America's lowest center of gravity.

RESULT: A ride that's out of this world!

Standard trim and other specifications and accessories subject to change without notice.

Idea! Provide safety beyond anything known in motor cars. Take Hudson's lowest center of gravity—a big safety factor—add box-section steel girders completely surrounding the passenger compartment, even outside the rear wheels. Add to this the industry's only hydraulic brakes with a reserve mechanical system on the same pedal.

RESULT: America's safest car!

Idea! Bring Hudson owners the industry's most alert power. Step up compression with advanced, simplified design. Install oversize bearings, reinforced crankcase. Increase lubricating and cooling areas. Electronically balance engines after assembly.

RESULT: Performance Unlimited and stock-car championship for the Hudson Hornet!

Idea! Build Hudsons so they outlast any other car. Make Hudson's body and frame all in one steel Monobilt unit with 5,306 permanent welds. Use high-alloy metals throughout, such as chrome-alloy cylinder blocks—the toughest in the industry—for longest engine life.

RESULT: Hudsons stay young longest.

Idea! Develop the newest in hardtop styling for sedans as well as coupes. Increase glass area to provide the open look of a hardtop. (No loss of rigidity, thanks to Hudson's Monobilt body-and-frame*). Design gleaming bright-work and further enhance Hudson's brand-new styling.

RESULT: Hudson-Aire Hardtop Styling at standard sedan and coupe prices.

Fabulous HUDSON HORNET for '52
Star of Hudson's great line for '52, including luxurious Commodore Eight and Six, spectacular Hudson Wasp, thrifty Pacemaker. All available with Overdrive or Hydra-Matic Drive and Solex (tinted, anti-glare) Safety Glass; optional at extra cost.

The big idea for you
COME, TRY HUDSON FOR YOURSELF!
