

# Congratulations To St. Anthony's Hospital

COMPLETION OF THIS FINE new St. Anthony's Hospital is the culmination of a tremendous community-wide undertaking . . . it marks the beginning of a new era in living in the O'Neill region . . . it is, perhaps, the most important milestone in O'Neill's long and colorful history.

WE TAKE PRIDE in having been in a position to supply building materials and to offer our other services in the construction of St. Anthony's. And today, we rejoice with the Sisters of St. Francis and all members of the community in helping dedicate this fine health center of which O'Neill is justifiably proud.

ST. ANTHONY'S . . . Under Construction
