

A call for volunteers went out six weeks ago when it came time to unpack and uncrate the tremendous inventory of equipment and fixtures for the new hospital. Young and old responded. John Kennedy, 72 (left), Edmund Car-

ney (center) and George Janousek, 25-year-old businessman, were among those who responded. Some of the equipment had been in storage here many months awaiting the completion.

AUTUMN IS OVERHAUL TIME . . .

Machinery Care is Part of Good Farming

After a heavy season — particularly if your tractor is several seasons old — a complete overhaul will make your engine work "like new." This is the best time of year to have your tractor overhauled

BECAUSE—

- We can give you faster service
- You can spare your tractor now
- You won't have to wait next spring
- You reduce the chance of a breakdown during rush seasons

Our factory-trained mechanics work on your tractor. Schedule your job by phone, or stop in and talk to us.

Early Nurse—

One of the first registered nurses in this community was Jennie Cain, daughter of Jack Cain, for many years night marshal in O'Neill. Medical facilities and conveniences were restricted to the limited medical progress of the day, but all agree that Jennie Cain was both pleasant and efficient in the sick room. The former Miss Cain is the present Mrs. Clarence Parker and is now living in St. Paul, Minn.
