### Holt Represented at Chadron Meet

More than 700 women attended the state convention of the Nebraska council of home extension clubs held at the community building at Chadron September 16-17-18.

Two supervised tours were enjoyed by groups—one to old Ft. Robinson and the other to Pine Ridge Indian schools.

All of the speakers keyed their messages to the theme, "Forward to Peace with Freedom."

Mrs. Marguerite Lindsey, editor of national home demonstration council news notes, spoke on "Forward—In Our Thinking and Doing," and Rev. Robert L. Townsend of Chadron delivered a message on "Forward—In Our Homes."

Doretta Schlapf, chairman of the home economics department, told about "Home Economics Research in Our Everyday Living."

Two national officers attended the meeting: Mrs. Marguerite Lindsey of Estes Park, Colo., editor of national news notes, and Mrs. Vern Sageser of Amelia, chairman of the national health and safety committee, national home demonstration council.

By Mrs. Bernard Hoffman, reporter, in the absence of Mrs. Grimes.

**NEW SONG OF THE RAILS**... Anna Steinhof (above) uses a tuning fork to test the pitch of one of the North Western railway's new five-chime musical air horns. With 90 new diesel locomotives being delivered to the North Western this year, the "song of the rails" is acquiring a new note in the interest of harmony as well as safety and the diesel locomotive seems to have acquired a "voice" as distinctive to its day as the "whistle in the night" was yesterday. The air chime sounds an A-major seventh chord (C-sharp, E, G, A, and C-sharp). Diesels have come into prominent use on both passenger and freight trains on the C&NW mainline through O'Neill during the past two years.

### Meteor Seen by Holt Countyans

Talk of meteor lights in the Nebraska sky filled the newspapers and radio programs over the weekend.

There was at least one first-hand observer in O'Neill. Mrs. Jerry Spittler, wife of an O'Neill mail carrier, said she saw a bright flash in the sky about 10:10 p.m., Saturday. The flash, she said, lighted the east side of their residence. It resembled an aerial photography flash on a grand scale, she explained.

A blue and green object, identified as a meteor, streaked toward the ground near Lincoln Saturday night. Many persons witnessed the phenomena and told how the object appeared to disintegrate.

South Dakotians also saw a blue-green flash about 10 p.m. Saturday.

Dr. H. D. Gildersleeve said he saw the flash while visiting near Atkinson.

Charley Tasher of Atkinson was said to have seen the meteor.

### THANK-YOU!

Dedication Day was crowded with events that would thrill the heart of any lover of St. Anthony's Hospital. A greater thrill, however, is the pleasure of expressing, in the name of the Sisters of St. Francis, our sincere gratitude for all that has gone into the past two or more years to make St. Anthony's a reality.

Such generosity on the part of the people of this vicinity calls for a return service. St. Anthony's is now your hospital.

We thank the Chairman of each committee, those who served on the various committees, and all who supported their activities, from the first call for assistance to the wonderful Dinner and Program of Dedication Day.

We offer you, there, the best that can be given.  
God bless you all!
