Parking Meters Being Installed

(Continued from page 1.)
pact. Uhl, Golden and Johnson voted "aye" to the resolution; Asimus and Jones voted "nay." Meanwhile, the meters have been resting in storage here for many months.

Whether or not fresh opposition to the meters will rise could not be learned by The Frontier late Wednesday.

But this can be said: The holes are drilled. There is popular speculation that the machines will be taken out of mothballs and erected within the next few days—barring, of course, legal obstruction. District Judge D. R. Mounts will be out of the city today (Thursday) and Friday. Albiou, Ainsworth, Central City and Wayne have had their parking meter discussions.

Corn Bread and Pork Score Easy "Ringer"

Left-over pork is sweet meat when combined in its own gravy with the full-bodied flavor of corn meal. And there is an easy way to do it so that corn bread, meat and gravy can be served together as the main dish of a tasty meal.

The framework of this nourishing dinner is the corn bread, baked in a ring mold. While the bread is baking, heat the meat in its gravy, and you have a quick meal for a washday Monday or any other particularly busy day of the week.

Corn bread goes well with gravy, too, for it does not quickly become soggy. In addition, it tends to hold the heat in the meat and gravy, keeping each serving piping hot until it reaches the dinner plate.

Pork and gravy in a corn bread ring is a simple way to use left-over meat. Try it soon and score a "ringer" at the table. Your family will be pleasantly surprised at this tasty combination of corn and the economical, left-over pork.

Pork and Gravy in Corn Bread Ring
1 1/2 cups corn meal
1/2 cup sifted flour
1 1/2 teaspoons salt
3 teaspoons baking powder
2 eggs, beaten slightly
1 1/4 cups sweet milk
1/4 cup melted butter or margarine
3 cups diced left-over roast pork
1 1/2 cups gravy (corn meal and flour are used, omit salt and baking powder.)
Mix and sift together the dry ingredients. Combine beaten eggs, and melted butter or margarine, which has been cooled. Pour liquid over dry ingredients, mixing only until moistened. Pour into a well-greased 9-inch ring mold and bake in a 400° F. oven until it shrinks from the sides of the mold (about 25 minutes). Unmold and fill with pork and gravy which have been thoroughly heated together. Yield: 6 servings.
