50th Anniversary Ford Showing Friday

The 1953 Ford—marking the 50th anniversary of the Ford Motor company—will go on display in 6,400 Ford dealerships across the country Friday, December 12. The new models will be introduced without any increase in present prices. The Lohaus Motor Co., O'Neill's Ford dealer, will have the '53's on display.

A massive new grille with a center spinner characteristic of recent Ford design and a low, road-hugging look, advance the modern Ford styling. And an outstanding improvement in suspension, termed the "miracle ride," heads a list of mechanical improvements.

H. J. Lohaus, manager of the Lohaus firm, said:

"The 1953 Ford is a worthy successor to all the millions of cars this company has built since the late Henry Ford organized it in June, 1903.

"The swing to Ford this past year is the result of only one thing—the great public appeal of our product. And the 1953 Ford has all the features of the current model plus new beauty, comfort, performance and quality throughout." To designate the 1953 Ford as the 50th anniversary car, a medalion has been placed on the top of the steering column in combination with a new half-circle horn ring. Around the Ford crest in the center of the emblem are the words: "50th Anniversary—1903-1953."
