Negro Feeling In North Exercised By Boycotts

By BILLY YOUNG
New York City—(Calvin News Service)—There is nothing unusual about the TRUTH! The North, behind the curtain of facile smirkishness, practices its Negro-hating calumny to the last degree.

Negroes, all over the North, are literally gerrymandered into slum or nearly slum-rundown sections. True, they own fine homes and are the first, some time to get into housing projects, because they light the lamps along the way and go out to search for the same man Diogenes was trying to find.

Bias, Northern style, is hardly definable, except when hunting for a house to live in one discovers "it isn't me, you know, it is the people next door," or such. Sound similarities are the same. Results in discouragement are the same and travel through many small, medium and large communities shed an entire light of garzling hue on the whole sub-

Sold at auction were 90 acres of land including ten lakes, a restaurant, large modern dining room and dance floor, 42 ft. house trailer, 6 three room cabins, a boat house, 3 storage buildings, a fish truck and a tractor. Other features of the lakes were three-quarters of a mile of river frontage, over 1,000 bales of prairie hay to cut each year and graveled roads. Over 500 persons attended the auction.

Frank Ringquist, according to the Oakland Independent, in his motor boat "vltae" plowed through the billowy waters of the Logan from Oakland to Lyons and back last Sunday, thus establishing a record.

It was probably the first time that anyone traveled by water between two of the inland Burt County towns. Yes, it happened in Oakland, 45 years ago.

It was a busy place at Oakland Memorial Hospital at 10:50 A.M., September 24th. For that was the hour, minute and second when two baby girls entered the world simultaneously. This is the first time that a dual birth has occurred at the Oakland Hospital according to Mrs. Arlene Schroeder, superintendent. In fact, she said, it is a rare occurrence wherever it happens.

Along with all the tall corn stories comes a giant size squash story. The squash is pictured in the Crete News. Called a banana squash, it is now grown longer than the width of a corn row (42 inches) and its weight is estimated over 40 pounds. Mrs. Ator, head cook at Doane College saved the seed from two which she served students at Doane cafeteria. The pair—one small and one large—served 265 students, neither were forty pounds. They came to Doane from a wholesale house. Wondering how they would grow in Nebraska she saved a handful of seed. This was the result. They are listed as a banana squash and are yellow in color.

The second annual B-B Gun tournament sponsored by the Pierce Rod and Gun Club will be held October 13th. Last year's event drew 84 sharpshooters.

The youngsters are listed in three age groups, "midgets" nine years and under, "Juniors" nine ten and eleven years of age and "Senior" twelve through fourteen years. Girls are eligible this year but will be given no handicap and must shoot in competition with the boys.

A run-away buffalo will give no more trouble to its owners, states the Schuyler Sun. The buffalo purchased last year from Ft. Niobara Game Refuge was corralled on the Wagner farm until it escaped a month ago. Since then it has been roaming islands on the Platte and mingling with cattle in pastures adjoining the river. After deciding it was too much trouble to catch and keep the animal corralled, Wagner called a Deputy Conservation officer to kill the animal. The Safari located the animal grazing with some cattle in a pasture. It was tame enough so they could drive within fifty yards of the animal. One shot from a 270 dropped him. The animal was bled where it dropped and after a half hour of kicking it was hoisted into a truck by a wrecker and hauled to Schuyler where it tipped the scales at 960 pounds.

Utica Grange No. 410 has been selected as one of the ten finalists in the tenth annual National Wide Community Service Contest sponsored by the National Grange and the Sears-Roebuck foundation. This selection entitles Utica Grange to a \$1,000 cash award and an opportunity to compete for a \$10,000 award provided the National Contest winner.

According to figures compiled by the Dixon County Farm Agent, farmers in the county will receive over a million dollars more for their crops in 1957 than 1956. In dollar values, last year's crops were figured at last year's market price in mid-September supplied by grain brokers. This year's crops were figured at this year's market price at the same time. In all cases market prices were lower this year than last, but this handicap was overcome by the big jump in output.

One grocer in Arapahoe sold over 25 tons of watermelons this summer. He states melons must have become a pretty staple item of diet. To top off the season, the grocer is putting on a free watermelon feed Saturday at his store—he figures the consumption will have gone up another ton by the time the day is over.

A Letter From Mrs. Edna Winston

Dear Friend:
A man sits in prison to lay He has been there close to two years. He faces six more years. While his physical movements are restricted to a federal prison at Terre Haute, Indiana, each time I visit him I see his keen mind travel afar, following every skirmish in the great battle for constitutional liberty, integration and full citizenship for his people.

I ask no agreement with my husband's political concepts. I wish, however, that you could read, as I have, the record of his trial under the Smith Act. I am sure that it would convince you that Henry Winston was not convicted for "conspiring to teach and advocate overthrow of our government," but rather for teaching and advocating an end to the violence against his people and a peaceful and better life for all mankind.

Or The Widows
They say no auditorium has ever been built large enough to hold a convention of the daughters of the Mexican revolution.

A recent survey of \$25,000 homes in the Chicago area showed that the average home contained over a half ton of glass.

The recent sessions of the U. S. Supreme Court did in part fulfill the prophecy of Justice Black. The convictions of a number of defendants tried under the same law as my husband with an almost identical show of evidence, were reversed. And in Connecticut, Denver, and Pittsburgh, the federal courts have either reversed or granted new trials to similar defendants.

Why then does Henry Winston remain in prison? I know he has committed no "crime" but that of political unorthodoxy, and the so-called crime of guilt-by-association. But has not our America grown strong precisely because it welcomed and encouraged its non-conformists? Tom Paine, Frederick Douglass, John Brown, are they to be honored or reviled? Our nation's name today is being dragged in the mire by the white supremacists who call out troops to prevent little children from going to school. Does it improve the reputation of our nation to keep a man in prison who in his early youth pioneered in the Southland against Jim Crow and segregation?

President Eisenhower could set my husband free tomorrow. I believe, he would if he knew that thousands of Americans disapproved what in view of the above can only be called political vengeance. I believe, the President will act to grant amnesty in the traditional Christmas spirit if you and many others will write him asking him to grant amnesty for Henry Winston in the American tradition of justice and fair play.

Of course, I want my husband home. And our young children, Larry 10, and Judith, 7, need him at their side. But as urgently as we need him, America needs even more to know that it is "cruel and unusual punishment" to keep a man in prison because his ideas are different.

I pray that you will write to President Dwight D. Eisenhower, The White House, Washington, D. C., asking him to grant amnesty to Henry Winston. And if you will let me know that you have done so, I shall be doubly gratified.

Very Sincerely Yours, EDNA WINSTON

Ain't It So?
Office holdin' has got to be so worrisome, said Uncle Eben, that it looks like a man was doin' us populace a real favor, even to try to hold a Government job.

Alpha Kappa Alpha Sorority News

The first of this month Delta Epsilon Omega Chapter of Alpha Kappa Alpha Sorority held their initial meeting of the year at the Northside branch of the Y.W.C.A. The meeting was honored and the Sorors inspired with the presence of the Regional director of this area, Soror Esther B. Payne of Kansas City, Mo. who presided over the ceremony of the installation of officers. The program for the year was presented. New Sorors to the city were welcomed into the chapter. The evening was pleasantly brought to a close with a social hour.

Officers for the year, Sorors: Juanita Ann Hanger—Basileus, Nadine Forrest—Anti Basileus, Clara Persons—Grammateus, Barbara Davis—Anti Grammateus, Hilda Chue—Treasurer, Ernestine Starks—Ass't Treasurer, Ruth Thomas—Parliamentarian, Ione W. Hanger—Iy Leaf Reporter.

licious pie in no time. Especially flavoresome, this Banana Cream Pie is sure to become a fall favorite with the whole family.

The delightful filling, rich with coconut, is prepared with two cups of milk and cooked until it comes to a boil. After it has cooled for five minutes, it is layered in a pie shell with sliced bananas and garnished with puffs of whipped cream, additional banana slices and maraschino cherries for a gay touch of color.

BANANA COCONUT CREAM PIE
1 package Coconut cream pudding and pie filling mix
2 cups milk
2 bananas
1 baked 9- or 9-inch pie shell
1/2 cup cream, whipped

METHOD: Place pie filling mix in saucepan. Add milk gradually, blending well. Cook only about 5 minutes, stirring once or twice. Slice bananas and arrange in pie shell. Cover with the filling. Chill. Garnish with whipped cream, additional banana slices and maraschino cherry halves.

DEPARTED FRIENDS
By William Henry Huff for ANP
I hope that I, beyond the veil,
Will meet again those whom I love.
I don't believe this hope will fail
Because there is a God above
Unseen, but deeply felt within,
Who tells me in a still, small voice
That I, by keeping faith, will win
And, yet, He leaves to me the choice (Huff)

BARTOW, FLA., DEMOCRAT: "Today the trend of many people to assume that the federal government should furnish the money... your money and my money... for the financing of our schools, for furnishing subsidies to farmers for building roads and in other ways supplying us with things which early citizens once considered their personal obligations is already breaking down the rights of states to maintain a normal degree of sovereignty, which was a cardinal principle among gifted men who wrote the Constitution of these United States... too great a leaning in this direction can only bring about socialization..."

EAST WEYMOUTH, MASS., GAZETTE: "The Post Office Department is the biggest business in the country and spends about \$3,000,000,000 a year. It is, of course, a socialist enterprise and there is no competition so there is no real pressure for efficiency or elimination of waste."

News From Around Nebraska

The Sheriff of Arthur is probably the busiest sheriff in all Nebraska according to the Keith County News. He has fifteen jobs some acquired before he became sheriff and some afterwards. He is also probably the only sheriff in all the forty-eight states to have graduated from his school last year. He is custodian of the Arthur County High School and that is what put ideas into the Sheriff's head. He had completed grade school but had never attended High School. In-as-much-as he had to attend school every day in the line of duty, as a custodian, he reasoned he might as well get a high school education. He completed the four year course in one year. He is 31 years old and the father of five children.

Cedar Lakes at Cedar Bluffs was sold at auction Sunday and it brought \$21,900. The lakes have been well-known around the Wahoo area as a hunting and fishing resort.
