Our Race Group find problems today are many and varied. We are slowly but steadily, moving forward to take our place among the leaders in the world today, and will continue t odo so as long as we register our opinion upon worthy and capable candidates. In this struggle for economic existence we need race representation in every public offic in this country. We have three race candidates for representative in the Nebraska Legislature, November 8, Dr. John A. Singleton, Republican, candidate from 9th district. are: C. M. Wilhelm, Republican and Francis P. Matthews, Democrat.

Mr. Wilhelm has been a member of the Utilities Board of Directors for twelve years and is thoroughly familiar with the Board's policy of providing efficient management and at the same time furnishing gas and water at low rates. Much of the outstanding success of the Metropolitan Utilities District can be attributed to Mr. Wilhelm.

Mr. Matthews is a capable lawyer and business man, and will give the same careful thought and attention to the municipal light and water plants that has characterized his own personal successes.

All people of both parties who believe that the Utilities District, which operates Omaha's municipallyowned water and gas plants, should have careful and conservative management, want to see Mr. Matthews and Mr. Wilhelm elected. These men will be dealing with commodities which Omaha people use every day, water and gas, and Omaha people have no more important selections t omake next Tuesday than the members of the Metropolitan Utilities District Board.
