

**MORGAN BEARS HAND OUT HEAVY BEATING TO LINCOLN (Pa.) LIONS.**—Photo at left shows the Big Tank Conrad up to his old tricks of knocking them over as he runs. At the right, Tick Coleman, Lion quarter, is making a vain attempt to get around the Bears' right end. The final score was 29-0 in favor of Morgan. No team has scored on Morgan this season.

### FORGETFUL

While a friend was calling on me, I mentioned that my husband and I were going to take a roast chicken as part of our lunch when we went to the beach the next Sunday. She exclaimed that that would taste very delicious by the sea. Noting her enthusiasm, I told her we would take her along with us. When Sunday came, however, I forgot all about my invitation. A few days later, when I saw her again, I started to tell her about our trip to the beach. When I finished she informed me that she had stayed home all that Sunday morning expecting us to call for her! B. Y.

### A COME-BACK

I had such a cold that I could

hardly talk above a whisper. It happened that we were having an oral test in a class in arithmetic. I did not even bother to figure out the answers to the questions, as I knew I could not speak distinctly. Consequently, when the teacher called on me, I answered: "I can't talk because I have such a cold." To which my teacher replied quite sharply: "The answer would have been much shorter than that remark!" A. M.

### Erosion Threatens Cut in Acre Yields

Lower crop yields per acre with resulting higher production costs are among the chief dangers of land erosion, says the United States Department of Agriculture. This process is already under way, the department says. Erosion is being checked in many parts of the United States through terracing, sodding, and similar practices. Work of the United States Department of Agriculture proves that excessive erosion can be controlled.

## RECIPES

### Corn Fritters

1 1-3 cups Washington flour, 2 teaspoon baking powder, ¼ teaspoon salt, 1 tablespoon sugar, ½ cup milk, ½ cup water, 1 egg, 1 cup canned corn.

Sift flour, then measure. Resift with other dry ingredients. Combine milk and water with beaten egg. Mix quickly with dry ingredients. Add corn to batter. Fry in deep, hot fat. Drain on absorbent paper and serve hot. Yield: 6 servings.

Should you want to use something else in place of the corn, try chopped oysters, clams, peaches, sour apples, or drained cherries. In the popular phrase, you can "have yourself a good time" with fritters all winter long!

### Butter Rolls

3 cups bread flour, 1 teaspoon salt, ¼ cup butter, ¼ cup milk, ¼ cup hot water, 2 cakes compressed yeast, 1 tablespoon sugar, 3 eggs, 1 teaspoon vanilla, 1 cup chopped nuts, ½ cup sugar.

Sift flour, then measure. To 1½ cups flour add salt and butter, combining as for pie crust. Combine milk and hot water. When lukewarm add yeast and 1 tablespoon sugar, blend well, then stir into first mixture. Cover and let stand 20 minutes, then add well beaten eggs, vanilla and remaining 1½ cups flour. Stir until smooth. The dough will be stiff, but slightly sticky. Tie dough loosely in a piece of cheese cloth and drop into a pail of cool water (70-80 degrees F.). In about an hour the dough will rise to the top of the water. Remove from pail, turn onto a plate, cut off pieces the size of an egg and roll each in a mixture of chopped nuts and ½ cup sugar. Twist into a figure 8 and place on a greased baking sheet. Let stand 5 minutes, then bake in a hot oven (425 degrees F.) 10 to 15 minutes. Yield: 36 rolls.

These rolls are just the kind for afternoon tea or a dainty luncheon. Their color is perfect, and their taste—well, you'll see.

## Warns Against Use of Fake Malaria "Cures"

Fake malaria cures have given government food and drug official trouble for more than 20 years, according to F. J. Cullen, of the Federal Food and Drug Administration. Distributed largely in the Southern states, many have been manufactured locally and sold within the borders of a single state, so as to avoid Federal jurisdiction.

Quinine and other cinchona alkaloids have been recognized for years as the most, if not the only, valuable treatment for this serious malady; but in the enforcement of the Federal food and drugs act, government officers have encountered upon the market preparations, falsely recommended for malaria, which contained little or no quinine. These have been seized and manufacturers have been prosecuted.

"The standard quinine treatment recommended by the National Malaria Committee and approved by the United States Public Health Service has for more than 10 years been recognized as the approved treatment for this disease," says Doctor Cullen.

"The treatment, well known to all physicians who treat malaria patients, prescribes a certain number

## WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

## Help Weak Glands With a New Gland Tonic
