HOLD DOCTOR FOR ATTACK ON DANCER Policeman Suspended On Graft Charge

Chicago, Sept. 9 (ANP)—Edward Mowen, white, a member of the local police force for 4 years, was suspended last week after being accused of "shaking down" a motorist for \$6. His trouble grew out of a request by Raymond Harris, colored, for the return of \$6 he said he paid the policeman August 24th. Harris, enroute for Crown Point with a party of friends to attend a wedding, was stopped by Mowen. Harris said Mowen told him, "You look like a good fellow, and I can save you a heavy fine for speeding if you want to give me \$6. I'll pay your fine." A few days later, reading the papers of a similar "shakedown" case led him to seek the return of his money. Harris said.

Jim Crow Checks Out of Milwaukee Hotels at Parley

Milwaukee, Wis., Sept. 9 (CNA)—Efforts on the part of three hotels here to bar Negro delegates to the United Auto Workers convention were promptly scotched when the union sent a large delegation to insist on equal rights for their fellow unionists. Hotel managements were flatly told that if the Negro workers were not given accommodations, then the white accommodations would check out in a body. Jim Crow checked out instead.

Final registration figures at the convention showed 71 Negro delegates present. All of them leading figures in their locals. One is president of his local in Grand Rapids, Mich.; while another, Frank Evans, is vice president of Local 464 in Cleveland, O.

Detroit leads in the number of delegates, with 17 of them from that city.

Play Big Role

These men, who have fought to build and strengthen the Union since its inception, are playing a leading part in the deliberations of the convention. Sam Farroy was placed on the Committee of Education, while John Wright was made a member of the important Committee on Organization.

It was learned this week that the convention will be asked to act upon a number of proposals affecting Negro workers. Among them, one calling for the election of at least one Negro worker to the General Executive Board of the Union.

Others will ask for additional Negro organizers to be placed on the staff of the international; for Negro clerical workers to be employed by the union; and for greater opportunity for Negro workers in the industry demanding an end to present discriminatory practices by plant managements. Some of the demands insist on the right of Negro workers to all jobs, with full opportunity to acquire the skill necessary to make them eligible to all jobs. It is also insisted that Negro women be employed without discrimination in all auto plants.

The Michigan Division of the National Negro Congress sent greetings to the convention, pledging its full cooperation in the important tasks facing the Union in organizing the Ford plants and others.

Miss Rae Lee Jones left Monday morning for Shreveport, La., where she will visit relatives and friends for a few weeks. Miss Jones and her cousin motored through the southland. She will return via Memphis where she will visit with fiance, Dr. E. Frank White.

Youth Movement Leader Held With Labor Pickets

Philadelphia, Sept. 9 (ANP)—Samuel L. Evans, president of the North Philadelphia Youth Movement, was held under \$400 bail for court by Magistrate Girard at a hearing Sunday morning as the result of a campaign to persuade merchants of the Columbia avenue business section from Ninth street to Broad street to employ Negro clerks.

Mr. Evans is charged with sending letters citing the Harlem riots that were the results of circumstances and threatening like events here. The letters stated that 95 per cent of the trade in that section is Negro.

Arrested at the same time on a warrant sworn out by the Columbia Avenue Business Men's Association (white) were seven other members of the organization who were picketing before a restaurant on Columbia Avenue near Broad. They were held in \$300 bond to keep the peace.

Motorist Finds Murder Suspect As 117 Cops Search in Vain

New Rochelle, N. Y., Sept. 9 (ANP)—Last Sunday, while 117 police for 7 hours searched in vain on the Hutchinson River Parkway for Joseph Dunn, 40, a murder suspect, Rocco Bambace, a White Plains merchant, joined the hunt, and while driving along the park-

way suddenly saw the fugitive's head protruding above a thicket. He notified police who closed in, soon had Dunn on the way to New Rochelle police station.

After his capture, Dunn, his legs trembling with fright, said he had been in the same spot all afternoon and that several times the officers passed just a few feet from him. Dunn, a pants presser, was booked on a charge of murder, then turned over to the police of White Plains.

Six other Negroes are being held as material witnesses. Police say the men were playing cards at a White Plains club and that a quarrel arose during which time Dunn killed Frank Graham, then fled. The alarm was spread, which resulted in his capture.

Important Race Relations Council Is Held At Blue Ridge

Blue Ridge, N. C., Sept. 9 (ANP)—Under the direction of Dr. Weatherford, noted authority on race relations, the Seventh Day Adventist World Educational Council was held here with delegates from Adventist schools and colleges the country over in attendance. Both white and colored delegates were present from the Seventh Day Adventist organization which is interracial, among those of color being O. B. Edwards, head of the history department; Rev. C. E. Moseley, head of the theological department; Miss Julia Baugh, dean of women; and Rev. Owen A. Troy, business manager, all of the Oakwood Junior college at Huntsville, Ala.; Miss Anna Knight of Chattanooga, Tenn.; and Arma Bon Temps, author, who is principal of Shiloh Academy at Chicago, Ill.

The writing of Mr. Bahtemps formed a basis for discussion on the part of a number of the white English professors present, many of their schools using his books and poems in their courses.

This was the second racial group in attendance at Blue Ridge this year. Dr. James Weldon Johnson had been a speaker several weeks before the arrival of the Adventists and his lectures were still a topic of discussion. Every courtesy was accorded the colored delegates by the officials, employees, and students of the Blue Ridge Association.

Trigger Man Has The Brain of A Child

Jackson, Mich., Sept. 9 (ANP)—Dayton Dean, trigger man of the Black Legion, who testified against 40 fellow members of the band and who is now serving two life terms for Black Legion killings, one of whom was a colored man, has the brain of a 11 year old boy, it was learned last Tuesday, following an examination by prison classification board. Dean will be given further education and training in prison.

Mr. and Mrs. J. R. Wheeler of Minneapolis, Minn., spent the week end with Mr. and Mrs. J. D. Lewis, Mrs. Wheeler is the police matron in Minneapolis, while Mr. Wheeler serves in the capacity as manager of the O'Neil Funeral home.

They left Tuesday night for their home, after spending an enjoyable week end in the city.

Chicago Youth Is Crippled By Police Beating

Chicago, Sept. 9 (By Howard Lawrence for CNA)—Two white Chicago policemen are charged with crippling a youth while trying to force him to confess to robbery in a complaint to Police Commissioner James P. Allman and the Civil Service Commission by the Chicago Civil Liberties Committee.

The story sounds like a tale from a Nazi concentration camp.

William Harris, 20-years-old, was arrested with a friend, Henry Jones, 23, on suspicion of snatching a purse several weeks before. They were taken to the office of Captain John A. Egan at the Maxwell street station for questioning.

Then Officers Hennig and Miller who arrested them, took them to an adjoining room where each officer hit Harris on the stomach and back ten times. They forced Harris to strip to the waist saying to Harris: "We'll make you talk."

A witness testified that Lieut. Louis Cappartelli told Harris: "You had better talk, boy, because we have a way of making you."
"You can whip me with an iron pipe but I won't tell a lie on myself," was Harris' answer.

Hung on Ladder

Harris was then taken to the second floor gym by a number of policemen. Witnesses remaining nearby heard Harris yelling and crying with pain.

Forty minutes later Harris was carried downstairs. A policeman said "The kid must be tough."
"Yes," said another officer, "I've never hung anybody up there that long who would not talk."

Harris stated that Miller and Hennig handcuffed his hands behind him to a ladder in the gym with his feet on a box. Then Miller kicked the box out from under his feet leaving him hanging in the air with the handcuffs cutting his wrists. He was then punched in the stomach, back and sides. Finally they used a board a foot wide and beat him across the feet, stomach, back and chest about 60 times. Harris' right arm was paralyzed from the torture.

Judge Frank Padden of the Felony Court has refused to issue warrants for the cops' arrest unless approved by the State's attorney's office. Despite testimony by witnesses and medical men who examined the youth, Assistant State's Attorney O'Connell told Judge Padden:

"This is an attempt on the part of some Chicago people to discredit the police department. This is an attempt to get vengeance against these police officers for having arrested this young man."

Two Scottsboro Boys Are Baptised in N.Y.

New York, Sept. 9 (ANP)—Two of the four Scottsboro boys, recently released in the famous case—Eugene Williams Robertson—were baptized last Sunday by Rev. T. S. Harten at Brooklyn's Holy Trinity Baptist church. Their two companions, also freed—Roy Wright and Olin Montgomery—were ill and unable to attend the service, during which 13 other converts were also baptized.

CIO Program Scores Gains In the Texas Textile Work Drive

Houston, Sept. 9 (CNA)—Organization of the Negro workers in the textile industry in this city is proceeding a rapid rate, through the efforts of the Textile Workers Committee, affiliated to the CIO.

More than fifty per cent of the Negro workers in the Mente Bagging company plant have received their cards in the Textile Union. The company has attempted to intimidate the workers by passing out a rumor that the plant would be closed if they joined the union and the work transferred to the company's plant in New Orleans. The workers learned, however, that the plant in New Orleans is being unionized as rapidly as the Houston plant.

Margaret Flores, pretty little Mexican textile worker, who was dismissed from the plant of the Lone Star Bagging company of Houston for union activities spoke to the Negro workers in their meeting here last week. Miss Flores has preferred charges against the company with the National Labor Relations Board and her case is scheduled for an early hearing.

Through the activities of the CIO in the Houston area, Negro, Mexican and white workers are gradually learning the power of labor solidarity and what benefits it brings.

Cole Circus Sued for \$30,000: Case Transferred to Federal Court

The case of Eunice O. Butler against the Cole Bros.-Clyde Bentley circus for \$30,000 damages, originally filed by Adams, Adams and Adams for Butler in the District Court of Douglas County, has been transferred to the Federal Court, District of Nebraska, Omaha division. Defense lawyers Crossman, Munger and Barton, notified the Adams law firm of the transfer on the ground that the claim was over \$3,000 and against a non-resident corporation.

The case is based on the allegations that in August, 1935, a circus hand employed by said circus violently assaulted and sexually abused Eunice O. Butler, minor daughter of Eunice O. Butler, John Adams, attorney, stated that he felt that

Seek Man Who Set Bomb That Killed Doorman

Detroit, Sept. 9 (ANP)—Police last week pressed the search for those responsible for placing a bomb, composed of 12 sticks of dynamite, under the hood of a car in a parking lot at the downtown Ten Forty Club last Sunday. William Holmes, colored doorman at the club, was sent after the car, was killed as he stepped on the starter, exploding the bomb. So violent was the blast that all windows in a radius of 100 yards were shattered. The hood of the car was found on the roof of a five-story building near where the car was parked.

Eugene Robinson, also colored, said he had come by the club early that morning to walk home with Holmes when he was off duty. Robinson told police that one of three men standing in front of the club asked Holmes to go to the lot for the car and a short time later the blast occurred. The car bore license plates issued to Harry Milman, a former member of Detroit's "Purple" gang, during prohibition.

Omahan Is Elected President of Nat'l Fraternal Congress

One of the highest honors that can come to a fraternalist was accorded an Omaha woman September 1st, when Mrs. Dora Alexander Talley, president of the Supreme Forest Woodman Circle, was unanimously elected president of the National Fraternal Congress of America at the annual meeting of that organization in Columbus, Ohio.

For twenty-five years, Mrs. Talley has been an active member of the Congress. She has served in various offices in the Secretaries Section, on several standing committees, and in 1935 became president of the Presidents Section and a member of the Congress executive committee. She was elected vice president of the Congress in 1936, and succeeded to the presidency as the fourth woman to hold this position.

The Congress also honored an Omaha man, Farrar Newberry, national secretary of the Woodmen of the World, by electing him to the board of directors. It was his first office in the national Congress, according to officials at the society's home office here.

Ninety-two fraternal benefit societies are represented in the National Fraternal Congress of America, making it one of the strongest institutions of its kind in the world.

16-Year-Old Boy Saved from Dixie Mob

Wilmington, N. C., Sept. 9 (ANP)—John A. Murphy, 16, was brought to this city Saturday night from Burgaw by Deputy Sheriff Raymond Bell of Pender county for safekeeping after the boy had been arrested as a suspect in an attempted assault case. Feeling in Burgaw was so intense after his arrest it precipitated a street clash between whites and Negroes, in which Johnny Walker, colored, was badly beaten.

Walker said he made the mistake of saying how badly Negroes were treated in the district, relating how he been beaten with a blackjack by a policeman several days ago. A white man heard his complaint, promptly struck him. A free-for-all fight resulted.

The Widows club held their annual picnic Thursday at Elmwood park. The afternoon was spent in playing games, taking pictures. A wonderful spread was enjoyed by all present.

Dr. "Shag" Hogan Held On \$1500 Bond

New York, Sept. 9 (ANP)—Dr. Clarence "Shag" Hogan, prominent Harlem physician whose name became involved in the investigation of the Louis-Schmeling fight a year ago in June, sprang into the news again when he was arrested and released on \$1,500 bond charged with beating Miss Mae Johnson, lovely allure-dancer and torch singer at the Ubangi-Plantation club in Harlem.

Miss Johnson meanwhile is nursing bruises suffered about the face and head after the altercation which occurred when she left her apartment to go to work last Thursday night. She told police the physician struck her in the face, knocked her down and continued to beat her despite her screams which attracted the neighborhood.

It is believed to alleged attack grew out of an attempt by the entertainer to jilt the doctor, who had been showering his attentions upon her profusely and was a nightly caller at her apartment.

Miss Johnson is scheduled to appear as one of the stars in the New Cotton club show which opens this month. Dr. Hogan, in his college days, was a star lineman on the Lincoln university football team.

W.P.A. Official Is Charged with Race Prejudice

New York, Sept. 9 (CNA)—Gladys Williston, actress employed by the Popular Priced theatre, a WPA unit, 152 West 54th street, this city, has presented evidence of discrimination against Negro actors and actresses before the Board of Appeals of the Federal theatre, it was learned this week.

The decision of the Board of Appeals is not yet known. The bulk of the evidence was directed against Ida B. Sullivan, a white wardrobe mistress also employed by the Popular Priced theatre. Six other workers, it was asserted, testified in support of Miss Williston's charges.

In order to discourage Negroes from working in WPA theatres, a campaign of sabotage and abuse was launched with Ida B. Sullivan at its head, it was asserted.

The evidence, comprising a sheet of typewritten paper notarized and sealed, reads like occurrences in the deep south. On several occasions the woman was charged with addressing men employed in the capacity of doormen and cleaners as 'Sambo' 'Rastus' and similar names.

Augusta Opens First Colored High School

Augusta, Ga., Sept. 9 (ANP)—Augusta's first colored high school opened for the fall term, on Sept. 7th with freshmen and sophomore courses scheduled for this year. Superintendent of Schools S. D. Copeland said a junior class will be added next year and a senior class in 1939.
