refreshing relief . . . that good feeling when you get the benefit of **BLACK-DRAUGHT** for Constipation

IT is better for you if your body keeps working as nature intended. Food wastes after digestion should be eliminated every day. When you need a laxative, take Black-Draught for prompt, refreshing relief. It is purely vegetable, made from plants widely used and scientifically approved for their good laxative qualities.

Black-Draught is a truly good laxative which benefits the lower part of the digestive system. Many persons have found that in long-standing cases of constipation it was not necessary for them to increase the size or frequency of the dose of Black-Draught in order to secure full evacuation. And many have found that by slight change in the diet, and an increase in the consumption of liquids, the effect of Black-Draught may be reduced to what is no longer necessary except for temporary upsets. This proves that Black-Draught is not habit-forming.

Remember that Black-Draught is made to perform the real duties of a laxative. It is made to give you refreshing relief from constipation. It is not only thoroughly effective, but it is economical as well. When you buy Black-Draught, you pay for what you really want—and that is dependable, easy relief from constipation.

Australia Lets Down Barriers to Immigrants

Canberra. — The depression has been sufficiently over in Australia to permit lowering of barriers that were raised original, to prevent too great an influx of alien job seekers.

According to official sources both economic conditions and employment on the island are normal.

With the lowering of the temporary barriers that had been raised, all aliens who desire to enter the island for permanent residence will be permitted to do so when the necessary permit is obtained.

Under the classifications governing the latter, preference will be accorded dependent relatives of persons already residing in Australia subject to a satisfactory guarantee of maintenance from the latter; other aliens nominated and guaranteed by persons in Australia and who have assured work or \$250 landing money; aliens without guarantors in Australia; and who engage in trades and occupations and who have \$1,000 landing money.

HOW OFTEN CAN YOU KISS AND MAKE UP?

FEW husbands can understand why a wife should turn from a pleasant companion into a shrew for one whole week in every month.

You can say "I'm sorry" and kiss and make up easier before marriage than after. Beware! If you want to hold your husband, you won't be a three-quarter wife.

For three generations one woman has told another how to do "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take **LYDIA E. PINKHAM'S VEGETABLE COMPOUND** and Go "Smiling Through."

The Brotherhood of Sleeping Car Porters

by Russell E. Reese

Friday night, April 15, the Omaha division of the Brotherhood of Sleeping Car Porter held their regular meeting at the Urban League building at which time the ballots from our election were counted. With "Back" Harris and Thomas acting as tellers, assisted by C. Justus the following were elected: Bro S. Towles was again elected for president by over a 50 per cent majority, and Ned Moore polled a large vote placing him in the office of Vice-president. Bro Taylor Murrel was returned as secretary by unanimous vote there being no opposition for this office—and also was elected as the delegate. The trustees elected were C. Kirtly, Russell E. Reese, L. C. McVay, P. E. Anderson, and Henry Beasley. Russell Reese was again appointed the reporter. A speech was made by Bro Towles of acceptance and urged a better attendance at the meetings and outlined an educational program that will begin at once. Bro Ned Moore vice-president elect, voiced his appreciation of being elected and offered his unflinching support to the president and the division. Bro Murrel now has the official part of imputing your time and hours. All brothers in doubt of pay checks are urged to contact him, as this will be the only way you can gain access to this chart. All grievances, regardless how small you may deem them, must be brought before the committee before you approach your local office. It is important each brother attend each meeting if possible and learn why it is very important now that you pay your dues. We extend our sympathy to Bro. Davidson in the passing of his wife.

Washington, April 23— President Roosevelt conferred for twenty minutes on the morning of April 12 with a delegation of colored citizens which called to see him to register the disappointment of colored people over the side-tracking of the Cavanagh-Wagner-Van Nuys anti-lynching bill and the silence of the White House during the six weeks' filibuster against the legislation.

Mr. Roosevelt talked frankly with the committee, which was headed by Walter White, NAACP secretary, and expressed the opinion that colored people and their friends interested in such a legislation should continue to fight for it.

The president listened attentively to the statement of the committee. It was the consensus of opinion of the delegation following the interview, that the President favors a federal anti-lynching bill and has favored the same from the beginning. Mr. Roosevelt told the committee members that he had refrained from speaking out on the bill during its debate in the senate because he did not believe it would help the cause.

The long filibuster against the bill and the implications involved in it, especially the political implications, were discussed by the group.

In addition to Secretary White, the delegation included Dr. Charlotte Hawkins Brwn, president of the Palmer Memorial Institute, Sedalia, N. C.; Miss Frances Williams, of the National Board of the YWCA, New York; Carl Murphy, editor of the Baltimore Afro-American; Dr. George E. Haynes of the Federal Council of Churches; and A. Philip Randolph, president of the Brotherhood of Sleeping Car Porters and of the National Negro Congress.

Men Have Definite Preference For Girls With Attractive Skin

A lovely skin is one of the first things that attracts a man to a girl. This was proved convincingly in a recent survey made by June Wathers, well known beauty expert for the makers of Nadinola Bleaching Cream.

"Eight out of ten men said that they were first attracted to a girl by her beautiful skin," Miss Wathers said. And she went on to say that her interview with men revealed that skin care was an important factor in keeping and holding a girl's popularity.

"This is further proved by the correspondence we received," said Miss Wathers. "Every year the makers of Nadinola Bleaching Cream gets thousands of letters from girls telling how Nadinola has helped them win romance and happiness. Married women write us to say that they thank Nadinola Bleaching Cream for helping them keep their husband's affection over a long period of years."

Nadinola Bleaching Cream is a favorite with dark skinned races all over the world. It is not only sold in most good drug stores in this country, but can be purchased in many foreign countries.

Moscow, U. S. S. R., April 23 (By Chatwood Hall for ANP)—Historical material here discloses that the Puskin clan, which stretches back many generations in Russian life, played a leading role in establishing the Romanov dynasty of autocrats on the Russian throne. At the same time there were Negroes present in the tsar's palace during the very last days of the last of the Romanov autocrats, Nicholas II, in 1917.

The "Act of Election" which placed the first Romanov tsar on the throne was signed by five of the Puskin clan. This same clan was always close to the princes and tsars of Muscovy, and the "Pedigree Book" of Ivan, the Terrible, one of the bloodiest, most cruel and autocratic of tsars, had a Puskin name in it.

It is one of the ironies of history that another Puskin of a different stamp at a later day was an inveterate and bitter enemy of these same Romanovs. Indeed, it was one of the Romanov line, Nicholas First, who played an important role in bringing about the fatal duel which ended the life of Alexander Puskin.

The last of the Romanov line of absolutist autocrats was Nicholas II, a nit-wit, superstitious and fanatically religious tyrant. His last days were spent in the huge Alexanderovskiy palace in Tsarkoe Selo, then Tsar's Village, now Children's Village, where Puskin attended school in the Lyseum.

When Soviet plenipotentiaries arrived there, according to historical material of the revolutionary days of 1917-18 entitled "The Last Days of Romanovs," they found in the palace with the tsar, in addition to numerous other lackeys and functionaries, "Court Negroes in crimson velvet coats embroidered in gold, with turbans and sharp-pointed curved shoes."

New York, April 23—A record of the actions of each senator on anti-lynching legislation beginning with the Sprig of 1935 when the Costigan-Wagner bill came up for a vote, and ending with the vote on February 21, 1938 when the Wagner-Van Nuys bill was side-tracked, is being released by the National Association for the Advancement of Colored People.

The association has compiled the attitude of each senator, whether in favor of the anti-lynching legislation or against, or neutral, on all votes beginning with April 26, 1935 to the present time.

The information is available for all branches of the NAACP and for others who want to check up on the activities of their senators with respect to this particular legislation.

Washington, April 23— President Roosevelt conferred for twenty minutes on the morning of April 12 with a delegation of colored citizens which called to see him to register the disappointment of colored people over the side-tracking of the Cavanagh-Wagner-Van Nuys anti-lynching bill and the silence of the White House during the six weeks' filibuster against the legislation.
