

# Do We Need A Federal Anti-Lynch Law

## These Are Horrible Pictures To Look At

But the object of these pictures is to make your red blood boil, if you have any, so you will help to put a stop to these Unamerican, inhuman, horrible acts. If you don't want to look upon these kind of pictures send a telegram to the President today, ask him to use his influence today with Congress to force a vote on the anti-lynch bill. **Walter White, secretary of the N. A. A. C. P.** says he has enough votes to pass this bill now but the enemies are trying to pigeon hole this bill. Masked pressure must be used to force this bill to the floor for a vote. Send the President a telegram today, also your Congressman, and Senator, and demand action now or refuse to listen to political oratory for the coming primary election.

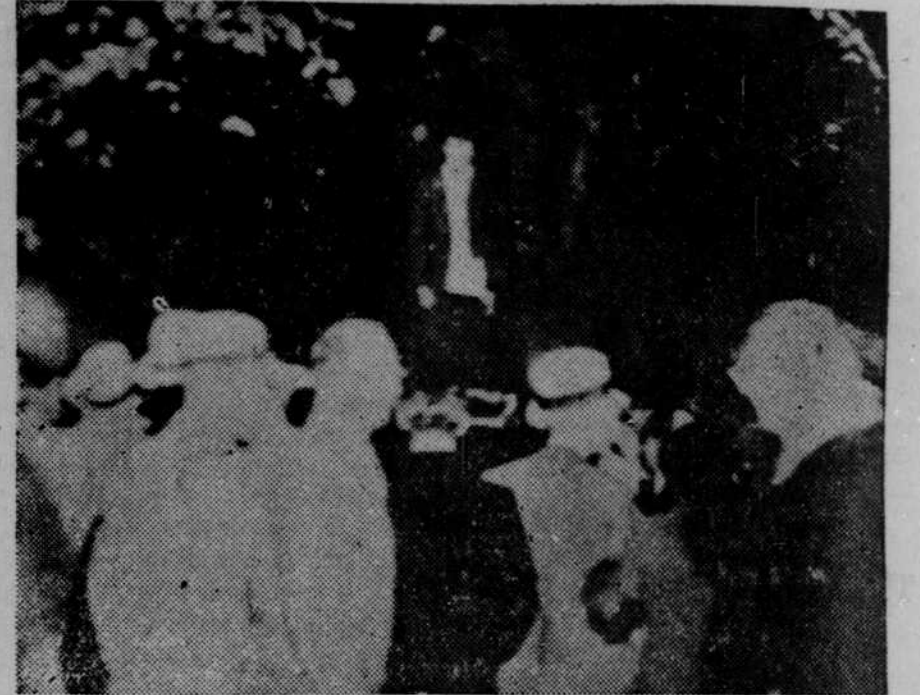

**DO WE NEED A FEDERAL ANTI-LYNCH LAW**

Another masked hideous, act of a bunch of heathens burning a human being alive. Less than 10 days after the burning they discovered that they had burned the wrong man. This happened in St. Joseph, Missouri.

*(Reprinted by permission, from Today, of December 16, 1929)*

Years ago in the beginning of lynch law, they wore pillow cases over their heads and clothed their body in white sheets but that was before the act was indorsed by State elected officers. Above shows midnight frolic with a group of heathens clothed in sheets.

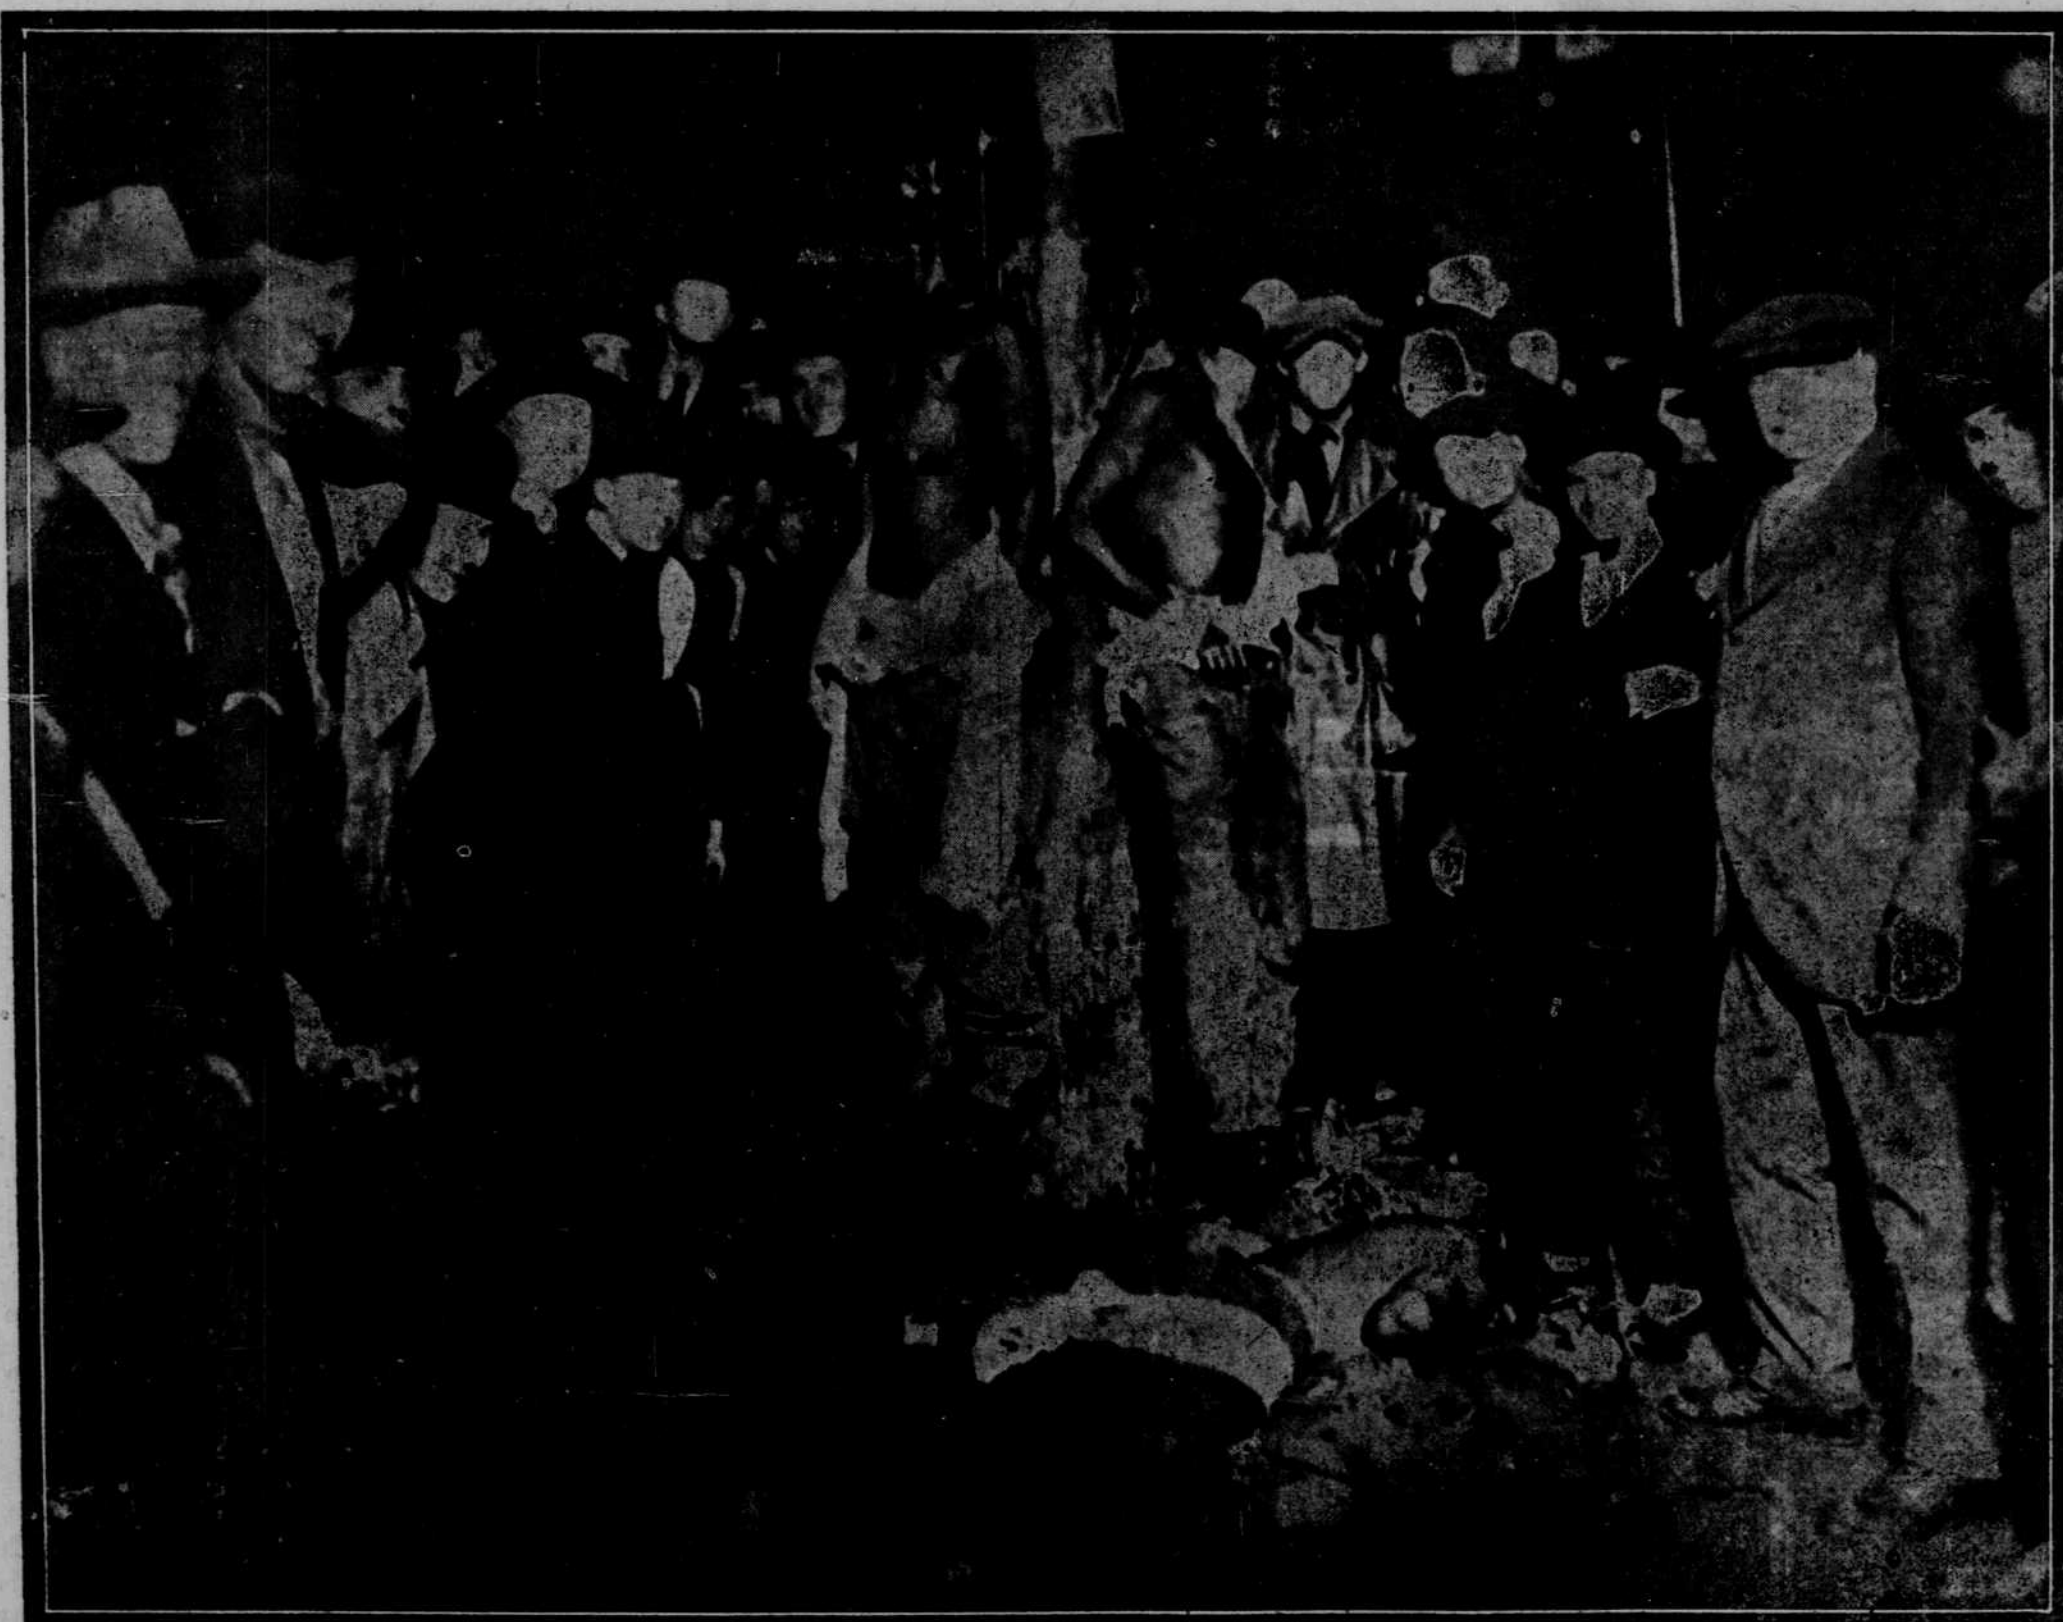

But the object of these pictures is to make your American citizens, according to this picture, in San Jose, California on Nov. 26, 1933 at 11:25 p. m.

Now they come double, and they are not Negroes either. Mob rule knows no color and this is what Gov. Rolph of California says. He will pardon any man that is convicted for doing this act. Well, Gov. Rolph has discovered his health will not permit him to run to succeed himself.

The above view of American citizens hanging on trees in broad daylight with a group of supposed to be loyal Americans participating in this unhuman act, without any mask and not a single conviction.

And this is Mississippi, if passing the anti-lynching bill will stop these kind of inhuman acts, it ought to be done today. Send the President a telegram today, urging him to use his influence to get the anti-lynching bill on the floor to be voted upon.

### Mother's Day Luncheon

One of the prettiest Mother's Day entertainments of last Sunday was the luncheon given by Mrs. Vivian Cosby in honor of her mother, at her home 2210 North 25th Street, at 1:30 p. m. 12 mothers gathered in the beautiful living room and listened to an interesting radio programme, and a short talk on the beauty of motherhood, by Madoline Sterling.

The table, around which of the 12 mothers were seated, was beautifully decorated with a floral center of red

and white roses, tall wax tapers burned at either end. The delicious luncheon was tastily served by the youngest daughter, Miss Louise Carpenter, and a charming friend, Miss Lillian Carter. The luncheon guests were Mesdames, M. E. Sterling, Thelma Nelson, L. A. Carpenter, Ruby Redmond, Edward Anthony, Aron Glass, John Blackburn and granddaughter, John Conn and daughter, Julia Henry, W. C. Carter, O. K. Leville, L. L. Hayden and mother, Mrs. Bertie Carpenter, and daughter, Mrs. Vivian Cosby were co-hostesses and sat side by side at the head of the

table while the other end was occupied by a daughter-in-law, Mrs. Hester Carpenter and her mother, Mrs. W. C. Carter. Many interesting stories were related to many of the parish and their about the different child-problems that confront us all each day; and the afternoon was so pleasantly spent, with the ever-interesting hostess Mrs. Carpenter, that it was hard for anyone to start leaving. However, at a 4:00 hour in the afternoon, the hostess bade goodbye to the well entertained and highly appreciative group.

### Maxie Miller Writes:

(For The Literary Service Bureau) **GIRL EIGHTEEN, WANTS TO MARRY A BOY WHO HAS THREE YEARS IN SCHOOL—BETTER STAY UNHITCHED, WINNIE—LET HIM GO BACK TO SCHOOL AND WAIT.** (For advice, write to Maxie Miller, care of Literary Service Bureau, 516 Minnesota Ave., Kansas City, Kans. For personal reply, send self-addressed stamped envelope.) Maxie Miller: I'm eighteen and I'm dead in love with a boy my same age.

It was love at first sight. This boy is in school. He has three years more in school. He wants to marry me before he goes back to school. He says he's afraid some other man will grab me. My prents object, and I don't know what to do. What do you think? —Winnie  
Winnie: It is my opinion you'd do a foolish thing to marry this boy. During three years many changes will come. New attachments will be formed and perhaps both would tire of such an arrangement. Better wait until you can be married and live together lest you drift and be

wrecked. Your parents are wise. take their advice.—Maxie Miller.  
Walsh, Abraham Lincoln, 1933. 220-yard low hurdles—:26.2 by Lanyon, Technical, 1929. 880-yard relay—1:34.2 by Technical, 1933. Mile relay—3:38.4 by Technical, 1932. High jump—5 feet 10 1/2 inches by Schroeder, Thomas Jefferson, 1928. Broad jump—22 feet by Shackelford, Technical, 1928. Pole vault—12 feet 3 inches by Clifton, Abraham Lincoln, 1926. Shot put—48 feet 11 1/2 inches by Egbert, Benson, 1931. Discus throw—125 feet 10 inches by Gilbert, South, 1927. Javelin throw—156 feet 1 1/2 inches by Jones, Technical, 1927.  
At this stage of the game it appears quite likely that five intercity high school track records may fall this week-end if the youthful athletes are given a warm, still day and lots of good competition.  
Joe Shenfield, Technicals Highs distance trotter, should lower both the half-mile and mile marks. He set a mile record of 4:46.6 last spring and has been jogging around the oval consistently close to that clocking without being extended.  
The 2:05.4 time which Olson of Technical established in 1932 is not expected to stand the gaff when Shenfield goes out after it. Joe qualified for the state championships in 2:05 and had plenty of gas left when he hit the tape.  
Tech athletes already hold eight of the nine intercity running and hurdling records so Shenfield's mark smashing, if it occurs, will merely fortify Maroon supremacy on the cinders. Walsh of Abraham Lincoln, who broke the high hurdle mark last year as a senior, is the only non-Techster on the books.  
In the field, high jump, javelin and discus marks are wobbling on the wall.  
Schoeder of Thomas Jefferson leaped 5 feet 10 1/4 inches in 1928 but Cy Kildahl of Benson has hit six feet this season. Joe Ewald of Abraham Lincoln 5 feet 10 1/2 inches and John Brown of South 5 feet 10 inches. John Elliot of Central and Don Guggle, of Thomas Jefferson may guide each other into a new plate record, that is if the husky Tee Jay athlete competes in the intercity meet instead of the Iowa carnival. Elliot has thrown the disc 123 feet 9 inches and Guggler 122 feet 3 inches; the record is 125 feet 10 inches by Gilbert of South in 1927.

## RECORDS MAY TOPPLE THIS WEEK-END

Three Field Events Sure to Bring New Records  
Intercity Records  
100-yard dash—:09.9 by Shackelford, Technical, 1928. 220-yard dash—:22.2 by Shackelford, Technical, 1928. 440-yard dash—:51.7 by Skinner, Technical, 1933. 880-yard run—2:05.4 by Olson, Technical, 1932. Mile run—4:46.6 by Shenfield, Technical, 1933. 130-yard high hurdles—:16.5 by
