GOVERNOR ISSUES "HARVEST FESTIVAL DAY" PROCLAMATION

STATE OF NEBRASKA EXECUTIVE OFFICE, LINCOLN PROCLAMATION...
Our fighting forces are in danger because munitions production is slowing up through lack of scrap metal.

The President of United States, because of the serious need for this salvage, has appealed to every American to turn in the last ounce of scrap metal from his home, business and farm.

Nebraska, in a three weeks' campaign, has aroused national interest in the effort of its people to show the nation that scrap can be brought in to market quickly; but fine as our effort has been, the results must be much greater if this campaign is to succeed.

Therefore, I, Dwight Griswold, Governor of Nebraska, hereby proclaim:

Friday, August 7th, as Harvest Festival Day for every village, town and city of the state, when every one will cover every inch of home, attic, basement, yard and business place, to gather scrap not previously delivered; and

Saturday, August 8th, as Farm Scrap Holiday in Nebraska, when every farmer will turn from his field work and devote himself to collecting and taking to his nearest town, the scrap metal our soldiers must have.

I appeal to every community to arrange public festivals on Saturday to welcome the farmers with their scrap metal and to celebrate what promises to be the most prodigious collection of scrap metal ever assembled in any state of free people in America.

Nebraska will not fail in this war effort. I make this proclamation with confidence that the highways on Saturday will be filled with scrap metal on the way to town, and that every Nebraskan, of every age, will make Nebraska's scrap pile the biggest of any state in the union.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the great seal of the State of Nebraska to be affixed.

presented his statement, Walter White for the NAACP submitted a prepared statement sustaining what had been said and asking for the repeal of the poll tax on several humanitarian grounds.

"Axis propagandists are industriously propagandizing via short wave broadcasts to label the United States as being dishonest and hypocritical when it alleges that it is fighting to preserve the democratic processes while within the United States citizens are barred from participation in government because of economic circumstances, color or other reasons," Mr. White said.

"The NAACP urges a favorable report by this committee on Sen. Pepper's Anti-Poll Tax Bill and urges prompt and favorable action by the congress. It does not do so solely on behalf of the Negro in Alabama, Arkansas, Georgia, Mississippi, South Carolina, Tennessee, Texas and Virginia. It urges enactment on behalf of the disfranchised white voters of those states as well.

"This bill bespeaks the faith of Americans today in the ideals they profess. It declares our willingness and determination to make democracy work better while we are fighting to preserve the very concept of democracy from the onslaught of totalitarianism. Let us remember that we are no more keenly aware of the imperfections of our democracy than are our enemies.

"The south itself will be the chief beneficiary. Extension of the franchise will materially improve the quality of members of the congress, governors and other officials elected from southern states. Less frequent will be the appeals on the

After a two hour recess, the testimony of experts was resumed with Prof. James Morrison taking the stand to bring another carefully prepared and documented statement on the constitutionality of the act before the group. Both Mr. Brant and Prof. Morrison cited works of celebrated persons, including Madison, known as the "father of the constitution," for the benefit of the committee and submitted their prepared statements for the benefit of the group for study.

error of congress to racial and sectional prejudice. Less frequent will be the opposition to socially enlightened legislation which is desperately needed during times of crisis like these to preserve the democratic way of life but all too often killed in committee or on the floor of the congress by an unenlightened and reactionary southern bloc.

On third base for the invaders will be Easterling of the Grays. Buck Leonard of the Grays or West of Philly Stars will be on first. The outfield for the East is fast and are good hitters.

The fly chasers for the East are Kimbro of Baltimore, Benjamin of the Grays, Wright of Baltimore, Stone of Newark, Wilson of the New York Black Yankees, Vargas of the Cuban Stars, Benson of Philadelphia, Irwin of Newark and Green of the Black Yanks.

Although the East will bank on David "Impo" Barnhill of the Cuban Stars, they will rely on other ace pitchers as Barney Brown of the Philly Stars, Ray Brown of the Homestead Grays, Hill of Newark who may be shifted to the outfield when not pitching because of his hitting. Day of Newark who also plays in the outfield when not on the mound. G. Smith of the Black Yanks, Morris of the Cuban Stars, Gaines and Byrd of Baltimore.

Voters in the West are anxious to have a team with an airtight infield defense. Last year, errors at short put the West in a hole from which they could not climb out. This year the starting infield will be Parnell Woods, manager of the Cincinnati Buckeyes, at third, T. J. Brown of Memphis at short; Bankhead of Memphis or Tommy Sampson of Birmingham on second and Joe O'Neil of the Kansas City Monarchs on first.

Behind the bat will be Green of the Monarchs who will start with Double Duty Radcliffe of the Birmingham club held in reserve. In
