AGREE TO DELETE REFER-ENCES TO RACE AND RELIGION FROM APPLICATION BLANKS

Three war industries in the New York area, each holding government contracts, have agreed to delete references to race and religion from their application blanks the President's Committee on Fair Employ ment Practice made known today.

The three firms are executing contracts for both the Navy Department and the War Department At the request of the committee, the Navy and War Departments issued directions to the companies to modify their application forms in keeping with the national policy of fair employment as stated in Executive Order 8802.

The Pollack Manufacturing Company, 541 Devon Street, Arlington, N .J., dropped the reference to race on its application forms; it had no reference to religion.

The Tung-Sol Radio Tubes Division ,95 Eighth Avenue, Newark N. J., agreed to drop its question on religion; it had no reference to race on its forms.

The Thomas A. Edison Inc., West Orange, N. J., deleted references to both race and religion.

In carrying out its duties to correct grievances growing out of dis crimination against war workers because of their race, creed, color, national origin, or allenage, the Comnuittee on Fair Employment Practice has sought to eliminate references to race and religion on application forms as one step in overcoming arbitrary rejection of workers of certain racial and religious affiliations solely because of their race and creed.
