Have you noticed the beautiful canopy at the North entrance to the waiter's club—it is an improvement that we all should be very proud of and when we take time out for a quiet evening of pleasure, it makes one feel very highly honored and we

are lending a helping hand to help the very fine waiters of Omaha maintain such an up-to-date club for the center of real enjoyment, where we may meet friends and exchange polite greetings and receive courteous service with a real smile at all times and if you are not pleased make it known and if pleased tell others.

The Anti-Saloon League is Not Uniting in Appeal for Enactment of War-time Prohibition by Congress at This Time

The President as Commander in Chief in Time of War Has Full Authority to Impose Restrictions or Limitations Upon the Liquor Traffic to Prevent Interference with the War Effort - Adequate Legal Authority Now Exists to Deal with Existing Liquor Abuses. - Appeal to Congress Should be Directed to Securing Action by That Body That Will Provide a FULLER EXERCISE of the Authority Already Existing. - It is inadvisable and Unnecessary for the League to Raise the issue at This Time.

The Anti-Saloon League of America, in regard to the announced hearing on the Bryson Bill, H. R. 2082, for War Prohibition, issued the following statement January 6, 1943:

THE PRESIDENT HAS FULL POWERS

1. The President, under his constitutional powers as Commander in Chief in time of war, as supplemented by acts of Congress, already has full authority to impose restrictions or limitations upon the liquor traffic to prevent interference with the war effort. An illustration of this is the order requiring the whisky distilleries to convert to the manufacture of industrial alcohol.

These powers should be exercised more fully to prevent waste and the mounting liquor abuses, and a distinction should be made in the application by the government of prohibitions upon necessary commodities and activities as compared with non-essential, luxury enterprises like the liquor traffic.

CONGRESS CAN AID IN BRINGING WIDER EXERCISE OF GOVERNMENT CONTROL

2. Congress can aid materially in bringing about this wider exercise of governmental power to minimize drink-caused industrial and traffic accidents, absenteeism, and the waste of food, fuel, transportation facilities, electric energy, and manpower involved in the present widespread distribution and sale of alcoholic beverages. The friends of temperance should appeal to Congress to take appropriate action to accomplish these ends.

COUNTRY IS NOT READY FOR NATIONAL PROHIBITION

3. The Anti-Saloon League has not altered its belief that the people will ultimately adopt prohibition as the best solution to the liquor problem. But prohibition should be attained through democratic processes with the people back of it in substantial majorities. In our judgment, the country is not ready for national prohibition. In the present state of public opinion, with liquor legalized in 45 of the 48 states, too many difficulties of enforcement would be encountered to make the successful operation of national prohibition possible.

UNWISE TO RAISE THIS DIVISIVE ISSUE, WHEN UNITY IS MOST NEEDED

4. Since the war powers already conferred upon the President are sufficient to enable the government to cope with unsatisfactory liquor conditions, we deem it unwise and unnecessary to raise the controversial and divisive issue of national prohibition at a time when unity is most needed. A decision upon such a far-reaching Federal policy should, in our judgment, be left for determination after millions of men now in the armed services can participate fully in the decision.

For these reasons the League is not uniting in the appeal for the enactment of war prohibition legislation by Congress at this time.

THE ANTI-SALOON LEAGUE OF AMERICA.
By GEORGE W. CRABBE, General Superintendent.
EDWARD B. DUNFORD, Attorney.

NOTE The above exact facsimile of the official organ of the Anti-Saloon League of America is made here so that the people of Nebraska may know the position of the National Organization with regard to bringing up the prohibition question in wartime. Many sincere Nebraska people who do not use liquor or approve of its manufacture or sale agree with this position. They are not in sympathy with the proposal to return Nebraska to prohibition during the war, when unity and mutual confidence among all our people are so necessary to final victory.

If you are buying a laxative answer these 3 Questions first

Ques. Why do most people choose a popular laxative instead of a lesser known product? Ans. Because a popular-seller can generally be counted on to give satisfaction or it could not have won the respect of its users.

Ques. What is one laxative that has been a popular-seller with four generations? Ans. Black-Draught. Ques. Why is Black-Draught made in 2 forms? Ans. Because many think the new granulated form is even easier to take.

Black-Draught costs only 25c for 25 to 40 doses. It is purely herbal, usually prompt, thorough, satisfactory. Caution, use only as directed.
