Safeguard the Nation's "White Spot" As Nebraskans, we are proud that our State is called the Nation's "White Spot," due to the fact that, unlike other States, we are not burdened with income taxes, sales taxes, and other special taxes. As taxpayers, contributing in taxes on beer alone, more than \$500,000 a year to Nebraska's operating budget, we are one of the State's biggest taxpaying industries. We are especially glad to make this contribution, because it is a major guarantee of Nebraska's continuance as the Nation's "White Spot." We have therefore organized our huge taxpaying, grain-buying and employment-furnishing industry for the purpose of conducting our business in the public interest. We are certain that what is good for the public is good for us. Our self-regulating program has been hailed as "unique in American industry." It has already been highly commended by civic leaders and leading newspapers throughout the State. We cordially invite you to support our program. By so doing, you will be helping to safeguard Nebraska as the "White Spot" of the Nation.
