MYSTERY WOMAN

Who was the girl that called the Tuxedo Thursday night and asked to talk to anybody. How ever she jived several boys down there that she didn't even know. I won't divulge her name in this column, but girls let's not call the Tuxedo unless we have a definite reason or a certain person to talk to. Let the boys have some peace once in a while. Do you mind boys if we girls call there?

MANNERS

As I sat in the Drug store Sunday — A certain Chick stepped in as she stepped in some girls who were sitting in a booth began to make fun of this Chick. Girls please don't be such critics because very few girls can afford to make fun of someone else. I am sure not any of you would like to have someone make fun of you, so please be considerate of others and just offer constructive criticism if necessary. If you don't I will be forced to write your names in this column and let everyone know who Omaha's critics are.

BEST DRESSED BOY OF WEEK

Chauncey Barnette was all draped to a fine. He is on like a mazzada light with all the chicks. Delores Williams is fine also.

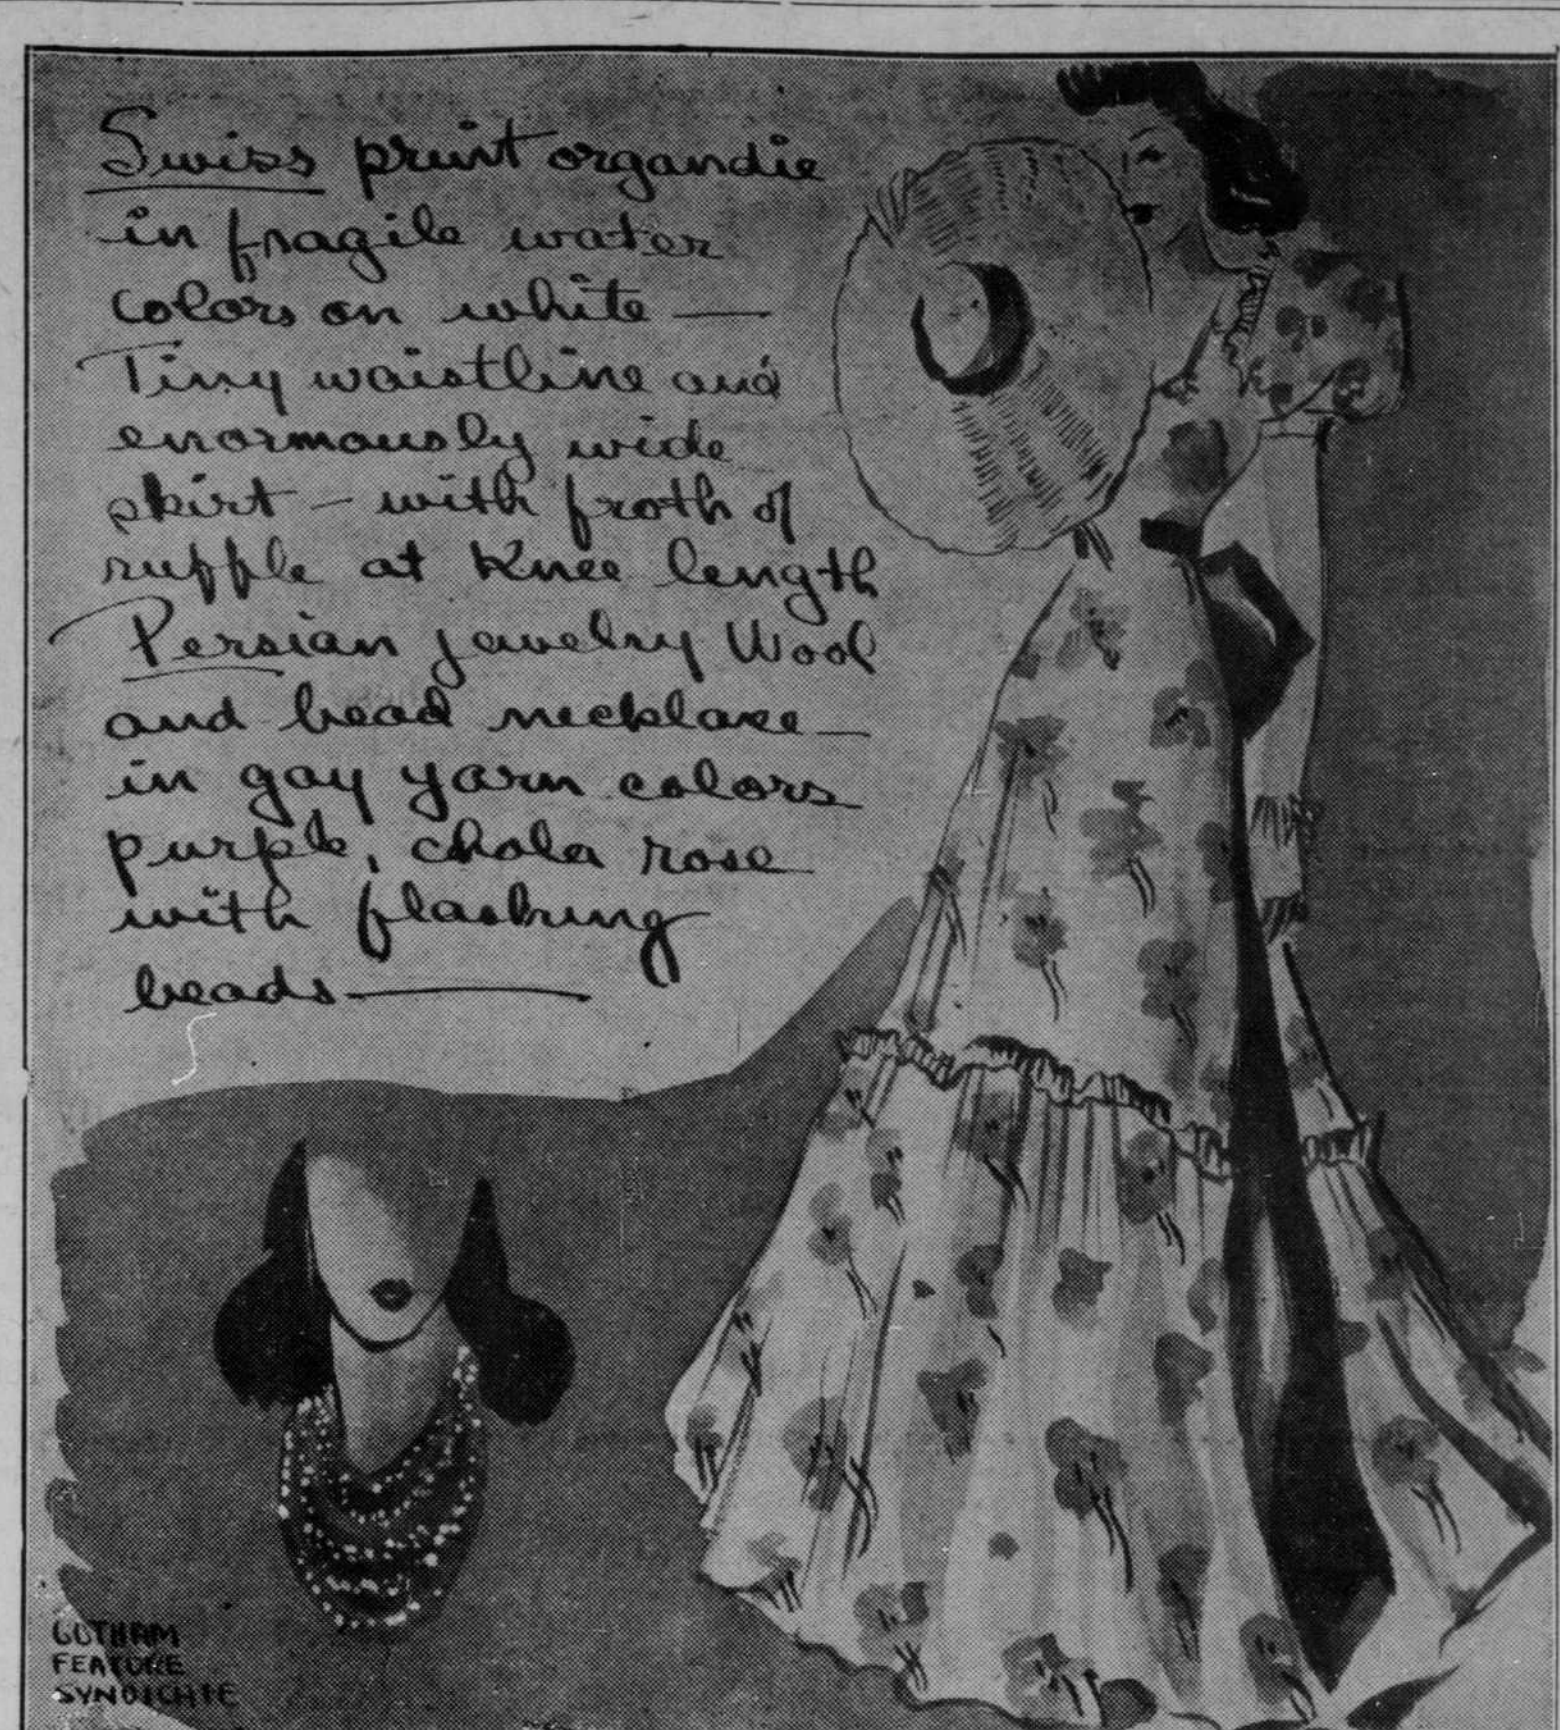

NEXT WEEK

Next week there will be a grand and glorious new attraction in this column. I am sure everyone will be interested. Did you know that among Omaha's Negroes we have some boys and girls who resemble actors and actresses in Hollywood. Be sure and read this column to find out who these people are and who they resemble and also the point of resemblance.

Be seeing you til next week — "CYCLOPS"

CORNHUSKER GOLF NEWS— by LAWRENCE LEWIS Omaha, our Omaha. we thank our dear Maker for the opportunity He has given us to live in this fine city. We thank you good citizens for your cooperation and kindness shown we of the minority. We only hope that we may repay you with deeds as well as words.

Looking forward to the next few weeks the Cornhusker Golf club will be buzzing with activity. We all are working and working hard. It sure is going to be a great day when we entertain our guests who will be here very soon. I know they are eager to come.

If I could but just say some magic word to make this tournament a great success. I would have uttered it a hundred times already. We all realize that only through a lot of hard work this can be accomplished. You may be sure our efforts will not be wasted. You the public will soon see for yourselves.

I want the people to know the men responsible for this tournament being a success. Boyd Calloway, our outstanding leader, must be given a thanks of deep appreciation. I thank him personally myself because I am familiar with his work in our club.

This Week In Religion and Thought

Christianity's Foundation Every institution or system of knowledge and experience has some source of authority. Each branch of science has its foundation. It is naive to think that theology would not have reliable authority. But there are those to day who doubt this fact without careful study and open minds.

The Sunday school lesson for the week deals with the Holy Spirit's guidance in the writing of the New Testament. Anyone who will consider the writings of the Bible, especially the New Testament, can see that man, unaided, would not have written the Bible.

The gospel is not man's invention. The very character of the gospel is wholly opposed to the drift of human tendencies. Its supreme aim is the transformation of human nature. It runs contrary to the whole course of human life and surpasses all the efforts of human ingenuity. It reveals God's plan of salvation and His way of life men. We may be very positive that "all scripture is given by the inspiration of God."

Just as we accept the Constitution of the United States as the foundation law of our land, so the Bible is the foundation and authority for all that is truly Christian.

A Prominent Business Woman Praises Mme. C. J. Walker's Preparations

"I use Mme. C. J. Walker's preparations exclusively because I get results from them that I am unable to get from any other preparation," stated a well known business woman the other day. The secret of the remarkable success of Mme. C. J. Walker's preparations is in the fact that they were blended by the late Madam C. J. Walker to reach certain definite conditions of the hair, skin and scalp, and today, after over thirty-five years on the market, they are growing increasingly popular, and notwithstanding the fact that the Company has always refused to reduce the price on these goods, they are still in demand everywhere.
