Ladies' Summer Styles are Nearly Fac-Similes of those of our Grandmothers.

Leading designers of fashions are already discussing the revival of the styles of the Louis XIII period, and believe also that Elizabethan ruffles and stomachers will come into fashion for summer casino toilets. In making the new skirts dressmakers perform a real stroke of magic. For while the amateur modiste finds herself at a loss to reproduce one of these new models, the experienced professional knows how to fit the hips in front gore or pleat and cause the skirt to suddenly expand and flare outward at the feet, where it measures many yards in circumference. And this simply because she wisely takes her knowledge from the Fashion Magazines published both in Paris and New York, by A. McDowell & Co. These illustrated magazines are an invaluable guide to any one who seeks information in the latest fashions. "La Mode de Paris" and "Paris Album of Fashion" each cost \$3.50 a year or 35 cents a copy, and contain a cyclopedia of knowledge on this subject. "The French Dressmaker" which costs only \$3.00 per annum, or 30 cents a copy, is without a peer for practical dressmaking. They also contain lessons on current styles which alone place them above competition. "La Mode" with its low subscription price of \$1.50 a year, or 15 cents a copy, is the home journal "par excellence." If unable to find any of these magazines at your newsdealers do not accept any substitute, but apply directly to A. McDowell & Co., 4 West 14th street, New York.

A man with a quick temper is as unsafe as a ship loaded with dynamite.

"For several years," says John Park of Beaver Creek, Minn., "during the winter, I have been troubled with a painful swelling of the feet, which the physicians claimed was rheumatic gout. I was treated by some of our best physicians, and obtained little, if any relief, and used many so called 'cures,' without benefit. During the winter of 1887, when my feet was so swollen and inflamed that I could not wear my boots I commenced using Chamberlain's Pain Balm. The first application reduced the swelling and inflammation, and the use of one fifty cent bottle so completely relieved me, that I discontinued my canes, and was able to get around all right and wear my boots." 50 cent bottles for sale by L. W. McConnell & Co.

No man has any lasting power for good who cannot control himself.

While Minnesota is one of the most healthy States in the Union, it is one of the worst for colds, owing to the severe winters. Many of the druggists there make it a rule to give their customers just what they ask for; but when they come back and say it did no good, they almost invariably recommend Chamberlain's Cough Remedy after other leading cough preparations failed to do any good, and always with the best results. We can always rely upon that remedy, as it is sure to effect a cure. It has no equal for children; especially in cases of whooping cough. 50 cent bottles for sale by L. W. McConnell & Co.

It is hard to get some preachers interested in the subject of religion.

STRENGTH AND HEALTH.

If you are not feeling strong and healthy, try Electric Bitters. If "La Grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on Liver, Stomach and Kidneys, gently aiding those organs to perform their functions. If you are afflicted with Sick Headache you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50 cents at A. McMillen's drugstore.

No knife can cut so deep as the one held in the hand of a friend.

A child of Mr. John Pears had the scald head and had been under treatment of physicians without relief. It was cured by Chamberlain's Eye and Skin Ointment, and is now well and right.—W. R. MILLER & SON, Briscoe, Iowa. 35 cent bottles, for sale by L. W. McConnell & Co.

NOTHING ELSE LIKE IT.

When the publishers decided to issue The Journal twice a week at the same price of the old weekly, \$1.00 per year, they stuck just what the public wanted—something between the old-fashioned weekly and the high-priced daily. The success of The Semi-Weekly Journal has been immediate and continued. It has distanced every one of its once-a-week rivals. It doesn't take long to convince people that a good live paper every Tuesday and Friday is better than only one a week, especially when you appeal to their pocket books, and give it to them at the same price. Readers will testify that it is almost as good as a daily. The markets twice a week are worth the money. Four complete novels each year by "The Duchess," Miss Braddon, and other widely known authors, are worth the dollar. Its legislative news is its strong point just now. It is wide-awake, spends money for news, and is always in the lead. You can see its superiority over the old-fashioned weekly. Everyone who subscribes now gets a Seaside Library free. This offer won't hold good always. One of our big offers is The Semi-Weekly Journal and Weekly New York Tribune, both one year for \$1.25. Our great premium, History of the United States, Stanley's Book, or Life of Spurgeon, prepaid, and The Journal, \$1.40. Either book is worth \$1.50 alone. Your choice of these books and the Weekly New York Tribune and Journal a year for only \$1.65. What a combination of reading matter! If you send us your own and another new name, we will send you either of the above books free. Subscribe now and get 104 papers a year, which is less than one cent per copy. Address

SPRING TIME

The Best Season of the Year to Treat Chronic Catarrh.

Notwithstanding that a great number of people have been cured of chronic catarrh by taking Pe-ru-na during the past cold season, yet it can not be denied that the cold, wet, stormy winter has retarded many cures, and in some cases actually prevented a cure. But, after unusual delay, spring time has come at last, and now is the time for all catarrh sufferers to begin a systematic course of treatment for this disease. The greatest difficulty in the way of treating chronic catarrh is that the patient is so liable to catch cold during the treatment, and thus delay a cure. This liability at this season of the year is in a great measure, removed, and no one should neglect the opportunity to begin treatment. Send for free catarrh book.

As a spring medicine Pe-ru-na is a never-failing remedy. It cleanses the blood through digestion, and gives tone to the whole system by increasing the nutritive value of the food. "Spring fever," as it is sometimes called, which produces a tired-out sleepy feeling, and inability to do much mental or physical work, is the result of a sluggish digestion and no blood medicine will be of any use whatever unless it is able to rectify the impaired digestion. The great popularity that Pe-ru-na has is due the fact that in all such cases it at once corrects digestive derangements and enriches the blood by purifying this very important source of that vital fluid. Send for free book on spring medicines and spring diseases. Address, The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio.

There are Sarsaparillas and Sarsaparillas; but if you are not careful in your purchase, the disease you wish to cure will only be intensified. Be sure you get Ayer's Sarsaparilla and no other. It is compounded from the Honduras root and other highly concentrated alternatives. It is only of late years that rheumatism has been treated as a blood disease. But that this is a correct theory is seen by the extraordinary success attending the use of Ayer's Sarsaparilla, in this painful and very prevalent malady. It seldom fails of radical cure.
