 Corner Front and Locust Streets.

The W. C. T. U. at Rockford have boycotted the Leonard Ice Company, because Mr. Leonard signed the application of a woman who keeps a restaurant, that she be granted a liquor license.

The \$100 marriage fee which the President gave the Rev. Dr. Sunderland was a brand new greenback fresh from the treasury. Dr. Sunderland will have it framed, but he will not put it on exhibition. He will, however, permit all couples who come to him to be married to have a peep at it. The sight will be apt to excite the liberty of future bridegrooms, and so the worthy Doctor may not be the worse off for refraining from putting his hundred dollars into circulation.

A Dakota Judge, in the course of his charge to the jury recently, touched on an important point. He said: "Although the prosecution has established the fact that the defendant's father was once a member of the legislature, this should have no influence with you in bringing in your verdict. The unfortunate affair in the life of his father night of course make us look with suspicion on the family, but at the same time it really proves nothing against the defendant, as he may as deeply deplore the conduct of his paternal relatives as any of us."

Convenient pleasant, and results, are Acker's Dyspepsia Tablets. Recommended by physicians and endorsed by all who have used them. The best remedy for Dyspepsia, Flatulency and Constipation. Guaranteed, and sold at 50c. by J. Q. Thacker.

Mr. Boutelle of Maine has introduced a bill imposing tariff on fresh fish from Canadian ports and fisheries or brought on Canadian bottoms. Fresh fish have hitherto been on the free list. It also increases the duty on salted fish. Mr. Boutelle announces this as a retaliatory measure, explaining that the mere prohibition of Canadian fishing vessels from buying bait in American ports, is a matter of small concern to Canadian fishermen.

An Answer Wanted.
 Can any one bring us a case of kidney or liver complaint that Electric Bitters will not speedily cure? We say they can, as thousands of cases already permanently cured and who are daily recommending Electric Bitters, will prove. Bright's disease, diabetes, weak back, or any urinary complaint quickly cured. They purify the blood, regulate the bowels and act directly on the diseased parts. Every bottle guaranteed. For sale at 50c. a bottle by Gray & Co. 1-2

The Maxwell jury very properly brought in a verdict of guilty and the attorneys for the defense have made the usual application for a new trial on the ground that improper testimony convicted the man of murder that everybody knows he committed. But this is the regular mode of procedure. Down in St. Louis no murderer expects to get off on his first or second trial.

An Entertaining, Reliable House.
 Gray & Co. can always be relied upon, not only to carry in stock the best of everything, but to secure the agency for such articles as have well-known merit, and are popular with the people, thereby sustaining the reputation of being always enterprising, and ever reliable. Having secured the agency for the celebrated Dr. King's New Discovery for Consumption, will sell it on a positive guarantee. It will surely cure any and every affection of throat, lungs and chest, and to show our confidence, we invite you to call and get a trial bottle free. 1-1

During the month of May the total receipts of gold bullion at the Denver Mint amounted to 6,105.46 ounces. The gold was worth \$92,791.05, and the silver in combination with the gold was valued at \$4,096.35, making the total value of gold and silver \$96,887.40. A new Mint building is badly needed. The present structure is discreditable alike to the government and to the city.—Rocky Mountain News.

Many of the good things of this life are so carefully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by J. Q. Thacker.

Milwaukee merchants have received postal cards, some of which were mailed in Chicago, bearing the legend: "Beware! the mystic league has its eye upon you," above which words appear a skull and crossbones. The Grand Jury is investigating the matter."

Acker's Blood Elixir is the only Blood Remedy guaranteed. It is a positive cure for Ulcers, Eruptions or Syphilitic Poisoning. It purifies the whole system, and banishes all Rheumatic and Neuralgic pains. We guarantee it. Sold by J. Q. Thacker.

A government ownership of railroads would possess many features of merit and advantage, and in a country like England, where government administration is free from political corruption and favoritism, there are good reasons why it should be brought about. But it would more than double the duties of government, largely exaggerate the influence and authority of the central power and of the dominant party, and these considerations will, for a long time to come, forbid even the favorable entertainment of it in the United States. The best we can hope to do is to require that the owners of railroads shall exhibit a fair regard for the public interest, and place the charges on them at the lowest rates consistent with the task or earning a moderate profit on their actual unwatered cost.—St. Louis Republican.

"A man well posted in railway affairs" told a Bee reporter that Mr. Leavitt Barnham was relieved of the land commissionership of the Union Pacific railway because he sold some 200,000 acres of land to a syndicate of capitalists below what the great men of Boston thought he ought to have done. Another man well posted in Union Pacific affairs told a Railway News reporter that no matter how well the business of the land department had been conducted Mr. Barnham would have been benighted. The edict from Boston is "Down with the old regime." The official headsman of the Union Pacific is doing his duty well, and his bloody axe is glittering above the head of another of the old officials. How soon will it fall?

Can't Sleep Nights is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c., 50c. At Thacker's Drug store.

A singular incident occurred last week, which strongly illustrates how the prompting of instinct among the lower animals, are sometimes carried out by keen reason and intelligence. Mrs. G. R. Humphrey of this place had a cage of canaries, consisting of a male bird and their brood of several days. The male bird which had neglected to provide them with material for the purpose. She returned home a few evenings since, after an absence of a few hours to find that the intelligent little songsters had solved the problem and provided themselves with a nest as cozy could be, but had done so at the expense of the young ones, from whose bodies every feather had been plucked except the tail, to furnish the material. The little birds presented a comical appearance but do not seem to suffer anything in consequence of the outrage.—Broken Bow Statesman.

Life is too short at best to cough half of it away and to hug the other half with an incurable case of consumption. Care your cough before it reaches the consumptive stage, for relief is all the best medical skill or change of climate can then do. Take Chamberlain's Cough Remedy at once, and cure your cough before it is too late. Sold by Gray & Co.

The navy department has received an intimation from the Brazilian minister that the practice ship to which the young Brazilian Prince is attached as a cadet midshipman will visit the United States naval stations along the Atlantic coast, including the Naval Academy after leaving Havana, and will doubtless come to the Washington navy yard before ending the cruise. Secretary Whitney has accordingly issued orders to the commandants of the naval stations and yards along the coast to see that the officers of the vessel are treated with due respect. The government of Brazil has requested, through its minister, that the Prince be treated as a cadet and nothing more. He will therefore not be saluted as a member of a royal family, but will of course be given an opportunity to inspect the workings of navy yards. On his arrival in Washington the minister will take him in charge.

A short time ago, a friend of mine, a ranchman in Douglas county, suffered terribly from alkali poisoning, and was nearly crazy when I stopped at his ranch. I at once took out a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and gave him two small doses, relieving him almost instantly, and perhaps saving his life. It now forms one of his principal stand-bys. It has saved men and my family much pain and suffering, and I would not be without this great remedy for any consideration. O. S. McClary, Real Estate Agent, 301 Sixteenth St., Denver Colorado. Sold by Gray & Co.

Speaking of the recent dry spell out west, these Topics recall an incident occurring in June, 1873, in the then far west, a region far this side the present western agricultural region. A number of homesteaders were gathered at the postoffice at Bloomington. The sun was fierce and there had been no rain for some time. All agreed that the crops were about gone up. One leading farmer offered his wheat crop to the writer for one acre, and said that it was all worth anything. A discussion was had and it was agreed that cows might do well in that country, but a farmer would starve to death. The owner of a saw mill was there, and as he had caught a fine lot of catfish the night before, all hands went down to the river to take a swim, with the understanding that they should have a catfish dinner at the sawmill. About one o'clock a cloud loomed up in the northwest, and when those discouraged farmers went home they had to swim from one to five creeks a piece. Wheat averaged fifteen bushels to the acre and the best chance the scribbler had to get rich was lost when he didn't take that wheat at 50 cents per acre. There need be no alarm about the west. The change in conditions insures good crops much further west than was deemed possible a few years ago.—Jon. n l Topics.

A change of climate and water is a frequent cause of bowel complaint diarrhea and cramping pain in the stomach and bowels, for a sure and certain cure take Chamberlain's Colic Cholera and Diarrhoea Remedy. Sold by Gray & Co.

The body of a man was found on the prairie near Denver Junction last week. The Gazette says: On

the body was found three silver dollars, one dime and a silver half dime in his pants pocket, and a cheap open face nickel watch to which was attached a white metal chain. In his pocket was found some smoking tobacco and an old clay pipe, a tin match box but no matches. There were no letters, books or papers to show who he was or where he came from. The coroner had eaten nearly all the flesh from the bones. As near as can be learned he would answer to the following description: Gray hair, and about fifty years old; about five feet ten inches high; double teeth clear around, above and below, two upper front teeth were gone; had on a brown and white shirt; dark woolen pants; dark gray coat; a new pair of cheap shoes with brass tacks in the heels and a pair of blue socks. The watch and money may be seen at the Gazette office.

Save the Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by J. Q. Thacker.

WEDDING CAKE DREAMS.

WHAT MRS. STANTON DREAMED.
 JERSEY CITY, N. J. June 4.—Mrs. Elizabeth Cary Stanton said this morning: "Of course I dreamed on my piece of Grover's wedding cake. I had a beautiful dream of the entire female sex passing before me in battle array. At the head walked Miss Cleveland, and they were all dressed in garments that came from under the chin to the cap of the knee. That dream won't go by contraries, for that will be the coming costume. When it is adopted there will be no more pneumonia. The motto of the corsage should be "Excelsior."

WHAT FRISBIE HOAR DREAMED.
 WASHINGTON, June 4.—George Frisbie Hoar: "I took my piece of cake to the senate with me and put it in my desk, saying this will just do for lunch and I won't have to spend anything in the senate restaurant." That's Massachusetts economy, don't you know. Well, I fell asleep listening to the speeches, and as I laid my head on the desk I dreamed that I was wedded—wedded to my country. Then I listened to hear if my country called, and Columbia, opening her mouth, spoke with sweet accent and said: "Hats." Then I awoke and found that Johnny Logan had stolen my cake and eaten it."

WHAT THE WIDOW BUTLER DREAMED.
 LOWELL, Mass., June 4.—The Widow Butler on being interviewed to day said: "I hardly put my head on dear Grover's cake before I fell into a peaceful sleep filled with the most beautiful visions. I dreamed I dwelt in marble halls, with vassals and clerks at my si-hi-hide—I thought I sat there cozily in my widow's weeds setting one cap for the governorship, another for the senatorship, and three caps for the presidency—one on the Democratic ticket, another on the greenback ticket, and another on the labor ticket. I'm a laboring woman myself, you know. I labor to make capital out of anything that comes my way. I dreamed that Dana was dissatisfied again and threw me the support of the Sun, thereby electing another Democrat, but that a congressional seat came along and I gobbled it into my cap without turning a hair, but I awoke to find that I had only slipped over the top of the bed post. I'd like to have a few minutes conversation with the man who baked that cake."

AYER'S
 SUGAR
CATHARTIC
 COATED
PILLS
 CURE
 Headache, Nausea, Dizziness, and Drowsiness. They stimulate the Stomach, Liver, and Bowels, to healthy action, assist digestion, and increase the appetite. They combine cathartic, diuretic, and tonic properties of the greatest value, are a purely vegetable compound, and may be taken with perfect safety, either by children or adults. E. L. Thomas, Framingham, Mass., writes: "For a number of years I was subject to violent Headaches, arising from a disordered condition of the stomach and bowels. About a year ago I commenced the use of Ayer's Pills, and have not had a headache since." W. P. Hamble, Gormley P. O., York Co., Ont., writes: "I have used Ayer's Pills for the last thirty years, and can safely say that I have never found their equal as a cathartic medicine. I am never without them in my 1.10c." C. D. Moore, Elgin, Ill., writes: "Indigestion, Headache, and Loss of Appetite, had so weakened and debilitated my system, that I was obliged to give up work. After being under the doctor's care for two weeks, without getting any relief, I began taking Ayer's Pills. My appetite and strength returned, and I was soon enabled to resume my work, in perfect health."
Ayer's Pills,
 PREPARED BY
 Dr. J. C. Ayer & Co., Lowell, Mass.
 Sold by all Druggists.
