 Miss Sara Jewett was on one time a treasury girl at Washington.

A new postoffice in Ohio has been named Folsom. Only love letters will be mailed to that point.

Senator Everett will deliver the formal address at the installation of Professor Dwight of Yale College.

The University of the City of New York has received a gift of \$100,000 for a medical school. The name of the donor is withheld.

The Law and Order Club has just indicted a man in Louisville for playing poker. Probably this is the first time in the history of Kentucky where the devotee of the noble game has had his pleasure interfered with.

The organ of the Knights of Labor in Chicago sensibly says: What we need just now is good, skillful leaders, selected not for their ability to wag their jaws, but for their good horse sense.

Henry Determan, of Cincinnati, was wounded on board the Hartford in 1863 at the time Admiral Farragut attempted to capture Vicksburg. Last week Mr. Determan had a bullet extracted from his side which he has carried ever since the battle.

James G. Blaine and Stephen B. Elkins are members of the syndicate which recently erected a new hotel at Eureka Springs, Ark. Ex-Senator Powell Clayton is the manager of the resort.

Mr. Elliott Stock has secured the wooden-work of the room in the house at Dumfries in which Robert Burns died, and will transform it into book-covers for an edition of the poet's works.

President and Mrs. Cleveland will be in Albany during the bi-centennial celebration, July 21st, leaving on the following Saturday for the Adirondacks. They will probably be the guests of Governor Hill at the Executive Mansion.

Crystallized violets at \$6 a pound are the very latest things in confectionery. Canded rose leaves are also very popular. Girls like to eat flowers and will pay as high as \$10 a pound for some of the more expensive kinds. They are all brought from France.

Mme. Eslie Dariar, who died at Geneva a few days ago, could boast that she saw France under the first republic; saw General Bonaparte leave Paris to command the army of Italy; saw the allies occupy Paris; lived through the second empire, and saw the second republic.

Jessie Benton Fremont made a decided impression upon the social life of Washington during the past season. She retains that wonderful charm of conversation which has always made her famous, and wherever she is found is always surrounded by enthusiastic admirers.

Mme. Minnie Hauk has let her Swiss castle for the season to a Russian family and will spend the summer in this country. One condition made in the lease requires that the stars and stripes shall be constantly kept flying from the towers of "Mimpingen."

Miss Rose Cleveland will pass the summer in a continental trip through Europe. She will also remain at the White House to coach the bride in her social duties, and will at once resume her literary work at Holland Patent. She will wed a Congressman and spend the summer in the Lake Superior regions. Her further movements will be noted with interest.

It was at a railroad-junction in Illinois. Several passengers were waiting for the train, and one of them was so nervous and impatient that a fellow-traveler finally said: "You seem to be very anxious to get home." "So I am. Every hour is worth \$10 to me. I got a dispatch at Pekin that fifty-one of my boys have shown the first symptoms of cholera." And you are in a hurry to administer a remedy? No, sir, I don't fool away my time and money on remedies. I want to get them home to Chicago and sold before sun down to-morrow; and its going to be a mighty close shave."

If you are a young man toiling as your father toiled, in a worn out and barren desert of the east; if you would like to live where the soil rewards the tillers; where the grain waves and sparkles in the morning dew and swells the cribs in the fall; where the banner of prosperity waves and the gaunt spectre of starvation passes into another state, come to Nebraska. There never was such a country for the best brands of husbands; they run loose on the streets and you meet them everywhere.—Ex.

The mystery that surrounds the north pole presents such fascination to the scientist that notwithstanding the danger and death that has attended the various exploring expeditions that have been sent out still another is being organized to again attempt a solution of the mysteries of the terra incognita within the ice bound circle. Col. Gilder, a member of Schwatka's expedition, is leading this enterprise and to avoid the mistakes of his predecessors, he will adopt a system which from its simplicity promises very satisfactory results. He will take with him but a small party, and after reaching Fort Conger where Greeley left an ample supply of provisions, and where he will spend his second winter, he

will adopt the Esquiman method of travel and living, and with a company of those hardy people and a large troop of dogs, he confidently believes he can reach the long sought north pole.

The punishment of Herr Most for inciting riot is only one year in the penitentiary. Life is short and the noble Herr may turn up his toes before the time expires. The old fellow has had five years' experience in European jails.

A change of climate and water is a frequent cause of bowel complaint, diarrhoea and cramping pain in the stomach and bowels, for a sure and certain cure take Chamberlain's Colic Cholera and Diarrhoea Remedy. Sold by Gray & Co.

EXPECTING it would be the last time they would see him alive, the people of Lincoln gave Gen. Vinton a grand banquet on the eve of his departure for his far-off South American post where the yellow fever loves to feed upon the sons of the north. The General did scorn and defy the leaden bullets of battle and with equal bravery defied the insidious foe, yellow jack.

Very Remarkable Recovery.
 Mr. Geo. V. Willing, of Manchester, Mich., writes: "My wife has been almost hopelessly paralyzed that she could not move in bed since she used two bottles of Electric Bitters, and is so much improved, that she is able now to do her own work."
 Electric Bitters will do all that is claimed for them. Hundreds of testimonials attest their great curative powers. Only fifty cents a bottle at Gray & Co's.

A good many of the California excursionists return from the coast with the "big head," not puffed up with vanity and vain things, but the result of coming in contact with poison oak or some other product of the Golden State. When you talk about the beauties of that country it is well to keep a respectful distance from them.

Old and reliable Medicines are the best to depend upon. Chamberlain's Colic Cholera and Diarrhoea Remedy is a valuable medicine for all kinds of Cholera, Dysentery, Malarial diseases, etc. It is invaluable for Rheumatism, has no equal. At Thacker's.

In the defeat of Gladstone's home-rule bill, the settlement of the Irish question is postponed for a time. It is the only correct principle of government and will ultimately triumph. The queen will dissolve parliament at an early day and the question will go before the people, when it is hoped Gladstone will triumph.

Life is too short at best to cough half of it away and linger the other half with an incurable case of consumption. Cure your cough before it reaches the consumptive stage, for relief is all the best medical skill or change of climate can then do. Take Chamberlain's Cough Remedy at once, and cure your cough before it is too late. Sold by Gray & Co.

Bessey, Lincoln, Neb.

USE Vegetable Sicilian
HALL'S HAIR
RENEWER.

It is a medicinal preparation, and at the same time, an elegant and clean toilet article. Its action upon the scalp is healthful. It nourishes the glands which support the hair, and causes thin, dry hair to become thick, soft, and vigorous. It restores the color of youth to locks which have become faded with age or disease; and relieves and cures itching, caused by humors of the scalp. Dr. George Gray, Nashua, N. H., writes: "It gives me pleasure to testify to the wonderful effects produced by Hall's Vegetable Sicilian Hair Renewer, as observed by me in very many cases. IT WILL CERTAINLY RESTORE THE HAIR TO ITS ORIGINAL COLOR. It cleanses the head of dandruff, and leaves the hair soft, glossy, and beautiful." P. T. Southwin, 1019 Spruce st., Philadelphia, Pa., writes: "After unavailingly trying a number of preparations to prevent my hair from falling out, and realizing that I was fast becoming bald, I tried, as a last resort, Hall's Hair Renewer. I have used only four bottles of the Renewer, and am perfectly satisfied that it is the best preparation in the market for checking the falling out of hair, invigorating the hair roots, and promoting a new growth."

THE TRIUMPHANT TRIO

SELLS BROTHERS
1ST TRANS-CONTINENTAL TOUR

ENORMOUS RAILROAD SHOWS

— WILL EXHIBIT AT —
NORTH PLATTE
Tuesday, June 29th.

From Atlantic's Busy Marts to Pacific's Golden Shores
 The transportation of this prodigious, three-enlarged aggregation of shows, consisting as it does of Sells' several, singular, separate shows solidified, is universally pronounced the most hazardous undertaking ever known in the world of amusements. But when the Sells Brothers decided to visit California, they set about concentrating an all-monopolizing, mammoth mastodon, gorged with

3 Circuses & 3 Menageries
 A satisfying satiety of startling sensations and extraordinary exhibition of earth's choicest wonders, the vastness of which to particularize would fill a book and overflow the columns of the largest newspaper. Being a union of three distinct concerns, it is

MORE THAN THREE TIMES LARGER!
 Than any arena establishment or wild beast show that ever crossed the continent, requiring three times the invested capital. One million dollars involved! Three times the largest traveling troupes, three times as many employees, three times more accomplished actors, three times the salary list, and as a natural consequence three times the fun and three times more show than ever you saw since you were born. Sells Brothers confidently expect to draw three times as many people as any of their predecessors. They have been fourteen years before the public, and never yet "counted without their host." When the multitudinous masses know that, besides

3 MORE COMPLETE MENAGERIES
 Than were ever before put on wheels, they will actually behold the
Male and Female Hippopotami!
 SEEN ON EXHIBITION.

Button-Bursting **BILLY BURKE** and his

Clown Elephant "**SID.**"
 — AND —
A LIVING GIRAFFE!
Sells' Stupendous Shows!

Two Performances Daily, Rain or Shine.
 Parade at 10 A. M. Performances at 1 and 7 P. M.
 Excursions on all railroads at special reduced rates. Trip tickets sold. Inquire of your station agent.

N. B.—At the end of the present season the existing Sells' syndicate of three shows will be dissolved and each separate establishment resume its own proper circuit. Never again will the three shows travel in conjunction at one price of admission to all.

— WILL EXHIBIT AT —
Kearney, Monday, June 28th.
Sidney, Wednesday, June 30th.
