of murder that everybody knows he committed. But this is the regular mode of procedure. Down in St. Louis no murderer expects to get off on his first or second trial.

An Enterprising, Reliable House.
Gray & Co. can always be relied upon, not only to carry in stock the best of everything, but to secure the agency for such articles as have well-known merit, and are popular with the people, thereby sustaining the reputation of being always enterprising, and ever reliable. Having secured the agency for the celebrated Dr. King's New Discovery for Consumption, will sell it on a positive guarantee. It will surely cure any and every affection of throat, lungs and chest, and to show our confidence, we invite you to call and get a trial bottle free. 1-1

During the month of May the total receipts of gold bullion at the Denver Mint amounted to 6,105.46 ounces. The gold was worth \$92,791.05, and the silver in combination with the gold was valued at \$4,006.35, making the total value of gold and silver \$93,887.40. A new Mint building is badly needed. The present structure is discreditable alike to the government and to the city.—*Rocky Mountain News.*

Many Of the good things of this life are sorrowfully let alone on account of Dyspepsia. Ayer's Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by J. Q. Thacker.

Milwaukee merchants have received postal cards, some of which were mailed in Chicago, bearing the legend: "Beware! the mystic league has its eye upon you," above which words appear a skull and crossbones. The Grand Jury is investigating the matter."

Ayer's Blood Elixir is the only Blood Remedy guaranteed. It is a positive cure for Ulcers, Eruptions or Syphilitic Poisoning. It purifies the whole system, and banishes all Rheumatic and Neuralgic pains. We guarantee it. Sold by J. Q. Thacker.

A government ownership of railroads would possess many features of merit and advantage, and in a country like England, where government administration is free from political corruption and favoritism, there are good reasons why it should be brought about. But it would more than double the duties of government, largely exaggerate the influence and authority of the central power and of the dominant party, and these considerations will, for a long time to come, forbid even the favorable entertainment of it in the United States. The best we can hope to do is to require that the owners of railroads shall exhibit a fair regard for the public interest, and place the charges on them at the lowest rates consistent with the task or earning a moderate profit on their actual unwatered cost.—*St. Louis Republican.*

Secretary Whitney has accordingly issued orders to the commandants of the naval stations and yards along the coast to see that the officers of the vessel are treated with due respect. The government of Brazil has requested, through its minister, that the Prince be treated as a cadet and nothing more. He will therefore not be saluted as a member of a royal family, but will of course be given an opportunity to inspect the workings of navy yards. On his arrival in Washington the minister will take him in charge.

A short time ago, a friend of mine, a ranchman in Douglas county, suffered terribly from alkali poisoning, and was nearly crazy when I stopped at his ranch. I at once took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and gave him two small doses, relieving him almost instantly, and perhaps saving his life. It now forms one of his principal stand-bys. It has saved men and my family much pain and suffering, and I would not be without this great remedy for and consideration.

Speaking of the recent dry spell out west, these *Topics* recall an incident occurring in June, 1873, in the then far west, a region far this side the present western agricultural region. A number of homesteaders were gathered at the postoffice at Bloomington. The sun was fierce and there had been no rain for some time. All agreed that the crops were about gone up. One leading farmer offered a wheat crop to the writer for 50 cents an acre, and several others agreed that it was all any wheat crop was worth. A discussion was had and it was agreed that cows might do well in that country, but a farmer would starve to death. The owner of a saw mill was there, and as he had caught a fine lot of catfish the night before, all hands went down to the river to take a swim, with the understanding that they should have a catfish dinner at the sawmill. About one o'clock a cloud loomed up in the northwest, and when those discouraged farmers went home they had to swim from one to five creeks apiece. Wheat averaged fifteen bushels to the acre and the best chance the scribbler had to get rich was lost when he didn't take that wheat at 50 cents per acre. There need be no firm about the west. The change in conditions insures good crops much further west than was deemed possible a few years ago.—*You n 1 Topics.*

A change of climate and water is a frequent cause of bowel complaint diarrhoea and cramping pain in the stomach and bowels, for a sure and certain cure take Chamberlain's Colic Cholera and Diarrhoea Remedy. Sold by Gray & Co.

The body of a man was found on the prairie near Denver Junction last week. *The Gazette* says: "On

dear Grover's cake fell into a peaceful sleep filled with the most beautiful visions. I dreamed I dwelt in marble halls, with vassals and clerks at my si-hi-hide. I thought I sat there coyly in my widow's weeds setting one cap for the governorship, another for the senatorship, and three caps for the presidency—one on the Democratic ticket, another on the greenback ticket, and another on the labor ticket. I'm a laboring woman myself, you know. I labor to make capital out of anything that comes my way. I dreamed that Dana was dissatisfied again and threw me the support of the *Sun*, thereby electing another Democrat, but that a congressional seat came along and I gobbled it into my cap without turning a hair, but I awoke to find that I had only slipped over the top of the bed post. I'd like to have a few minutes conversation with the man who baked that cake."

AYER'S SUGAR CATHARTIC COATED PILLS CURE

Headache, Nausea, Dizziness, and Drowsiness. They stimulate the Stomach, Liver, and Bowels, to healthy action, assist digestion, and increase the appetite. They combine cathartic, diuretic, and tonic properties of the greatest value, are a purely vegetable compound, and may be taken with perfect safety, either by children or adults. E. L. Thomas, Framingham, Mass., writes: "For a number of years I was subject to violent Headaches, arising from a disordered condition of the stomach and bowels. About a year ago I commenced the use of Ayer's Pills, and have not had a headache since." W. P. Hannah, Gormley P. O., York Co., Ont., writes: "I have used Ayer's Pills for the last thirty years, and can safely say that I have never found their equal as a cathartic medicine. I am never without them in my pocket." C. D. Moore, Elgin, Ill., writes: "Indigestion, Headache, and Loss of Appetite, had so weakened and debilitated my system, that I was obliged to give up work. After being under the doctor's care for two weeks, without getting any relief, I began taking Ayer's Pills. My appetite and strength returned, and I was soon enabled to resume my work, in perfect health."
