THIS GOOD OLD STAND-BY accomplishes for everybody exactly what is claimed for it. One of the reasons for the great popularity of this Mustang Liniment is found in its universal applicability. Everybody needs such a medicine. The Lumberman needs it in case of accident. The Housewife needs it for general family use. The Cavalier needs it for his team and his men. The Mechanic needs it always on his work bench.

The Miner needs it in case of emergency. The Hunter needs it for his traps along without it. The Farmer needs it in his house, his stable, and his stock yard.

The Steamboat man or the Boatman needs it in liberal supply aboard and ashore.

The Horse-fancier needs it—it is his best friend and safest reliance.

The Stock-grower needs it—it will save him thousands of dollars and a world of trouble.

The Railroad man needs it and will need it so long as his life is a round of accidents and dangers.

The Blackwoodsmen needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pioneer.

The Merchant needs it about his store among his employees. Accidents will happen, and when these come the Mustang Liniment is wanted at once. Keep a Bottle in the House. "This the best economy."

Keep a Bottle in the Factory. It immediately keeps in case of accident saves pain and loss of wages.

Keep a Bottle Always in the Stable for use when wanted.

For sale at Thacker's.

New York Herald: The Pacific Railroad Commission examined some of our most prominent railroad men during the last few days, and made a very remarkable discovery—namely, that speculation in stocks tends to impair the memory.

The most painful cases of rheumatism may be relieved by a few applications of Chamberlain's Pain Balm; its continued use will cure any case no matter of how long standing. The record of this pain relieving medicine is wonderful. It is equally beneficial for lame back, pain in side, shoulder lameness, and in all painful affections requiring an external remedy. A trial will convince any person that the above statement is correct. Chamberlain's Pain Balm is sold by F. H. Longley.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, heaviness of the stomach, etc. A milder case like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding and itching piles yield at once to the application of Dr. Bosank's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and affecting a permanent cure. Price fifty cents. Address the Dr. Bosank Medicine Co., Piqua, Ohio. Sold by A. F. Streit.

Don't think you are safe from Lung Disease, if you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50c Sold by Thacker.

Mr. Parnell has received from Pay Director Cunningham, of the United States navy, the parchment commission of President Jackson to Commodore Charles Stewart ("Old Ironsides"), grandfather of the Irish leader and after whom the latter is named. The first initial of "Old Hickory" is at least three inches long.

Liver Pills. Use Dr. Gunn's Improved Liver Pills for Sallow Complexion, Flashes on the Face and Biliousness. Never sticks or gripes. Sample bottle 5 cent at A. F. Streit's.

Bishop Watterson, of Columbus, Ohio, has just returned to England after an eight month's tour through Europe and the Holy Land. He is the second Catholic Bishop from the United States to visit the Holy Land, the other being Bishop Spalding of Peoria. Bishop Watterson carefully satisfied himself that the venerated Mount Calvary was outside the ancient walls and is really the Golgotha of the Bible.

Rail Rheum or Eczema. Old sores and ulcers. Scaldhead and ringworm. Pain in the back and spine. Swelling of the knee joints, Sprains and bruises, Neuralgia and toothache. Tender feet caused by bunions, corns and chills. We warrant Egan's THEORETICAL OIL to relieve any and all of the above. Sold by A. F. Streit.

Rheumatism and Neuralgia Cured in 2 Days. THE INDIANA CHEMICAL CO. have discovered a compound which acts with truly marvelous rapidity in the cure of RHEUMATISM and NEURALGIA. We guarantee to cure any and every case of acute rheumatism and neuralgia in TWO DAYS, and to give immediate relief in chronic cases and effect a speedy cure. On receipt of 25 cents, in two cent stamps, we will send to any address the prescription for this wonderful compound, which can be filled by your house druggist at small cost. We take this means of giving our discovery to the public instead of putting it out as a patent medicine, it being much less expensive. We will gladly refund money if satisfaction is not given.

THE INDIANA CHEMICAL CO., CLARESVILLE, IND.

TALLAHASSEE, Fla., May 15.—

Since the withdrawal of Mr. Pasco from the Senatorial race there has been considerable talk of a compromise candidate, and the name most prominently mentioned for the position is that of Stephen R. Mallory, son of S. R. Mallory, who was United States Senator from 1851 to 1861, and Secretary of the Confederate Navy during the rebellion. He is said to be a representative of the new South School, an able lawyer, a man of fine ability, the choice of the young Democracy of the State, and possessing the confidence of the entire party.

TRY ORMSBY'S DOLLAR FLOUR.

Philadelphia Press: The Democrats in those States whose electoral vote goes Republican are as a rule, tolerably solid for Mr. Cleveland. It is a mighty stupid administration that cannot command the support of its party in the States where it is in the minority.

I have used Chamberlain's Cough Remedy, in fact will use no other kind, it promptly relieves coughs and is unequalled for the throat and lungs. Robert A. Nott, Comedian, with Peck's Bad Boy Co., Denver, Col., March 1, 1887. Chamberlain's Cough Remedy is sold by F. H. Longley.

Dan Voorhees, "the Tall Sycamore of the Wabash," is moved to remark: "I think that the few blunders President Cleveland has made can be traced to the mugg-wump influence." The whole mugg-wumpian hive will swarm and settle in the branches of the sycamore with a little more provocation like that.

Thousands of cases of Consumption are cured every year by Acker's celebrated English Remedy. It is a guaranteed preparation: if it does not help you it will cost you nothing. Try it. A single dose will show its good effect. Trial bottles 10 cts. For sale at Thacker's.

A Rebel Arithmetic.

A Washington correspondent of the *Inter Ocean* has found an antebellum text book used in the South. It is a treatise on algebra, and a very good one in the main, written by General D. H. Hill, the well-known Confederate corps commander, when he was professor of mathematics in Davidson College, North Carolina, just before the war. The examples by which he illustrates his text, while interesting can not be as highly commended as the plan of his work. They indicate the kind of sectional training which the youth of this institution received. The following are examples:

"A man in Cincinnati purchased 10,000 pounds of bad pork at 1 cent per pound, and paid so much per pound to put it through a chemical process, by which it would appear sound, and then sold it at an advanced price, clearing 450 dollars by the fraud. The price at which he sold the pork per pound, multiplied by the cost per pound of the chemical process, was 3 cents. Required the price at which he sold it and the cost of the chemical process."

"The field of battle at Buena Vista is six and half miles from Saltillo. Two Indiana volunteers ran away from their field of battle at the same time; one ran half a mile per hour faster than the other, and reached Saltillo 5 minutes 45 6-11 seconds sooner than the other. Required their respective rate of travel."

"A Yankee mixes a certain number of wooden nutmegs which cost him 1/2 of a cent a piece, with a quantity of real nutmegs worth 4 cents a piece, and sells the whole assortment for \$44, and gains \$3.75 by the fraud. How many wooden nutmegs were there?"

"A gentleman in Richmond expressed a willingness to liberate his slave, valued at \$1,000, upon the receipt of that sum from charitable persons. He received contributions from twenty-four persons, and of these there were fourteen-ninths fewer from the North than from the South, and the average donation of the former was four-fifths smaller than that of the latter. What was the entire amount given by the latter?"

"The year in which Decatur published his official letter from New London, stating that the traitors of New England burned blue lights on both points of the harbor, to give notice to the British of his attempt to go to sea, is expressed by four digits. The sum of the first and fourth is equal to half the second; the first and third are equal to each other. The sum of the first and second is equal to three times the fourth, and the product of the first and second is equal to eight. Required the year."

"The year in which the Governors of Massachusetts and Connecticut sent treasonable messages to their respective Legislatures is expressed by four digits. The square root of the first and second is equal to three; the square root of the product of the second and fourth is equal to four; the first is equal to the third, and is one half of the fourth. Required the year."

"Some of the New England States were fully and some partially represented in the Hartford Convention which, in the year of 1814, gave aid and comfort to the British during the progress of the war. If four be added to the number of States fully and partially represented, and the square root of the sum be taken, the result will be the number of States fully represented; but, if eleven be added to the sum of the States fully and partially represented and the square root of the same be taken, the result will be equal to the square root of eight times the number of States partially represented. Required the number of States fully and partially represented."

BEFORE YOU START on a journey, call and get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against an attack of bowel complaint. Many prudent and careful persons never travel without it. Hundreds of traveling men are never without a bottle in their armpits. Many lives and much suffering have been saved by its timely use. No one can afford to travel without a bottle of this pleasant, safe and reliable preparation. F. H. Longley, druggist.

That greatest of all great Western humorists and popular wits, Bill Nye, has accepted a lucrative position on the *New York Herald*, where, as he says, he will "now inflict the people exclusively." In conversation with a Chicago reporter Nye stated that he hesitated about accepting the proffered position because he desired to get off for a day occasionally to go out and lecture among the unsuspecting inhabitants, for fear that if he carried this idea out after going on the *World*, "the paper might not be able to come out" during his absence. The proprietor, however, assumed all responsibility in that respect and told him he could take an occasional day off and he (the proprietor) would see that the paper did not miss an issue on that account. Being thus reassured, Nye accepted the high-salaried style peculiarly his own, we do not think Bill Nye has an equal, and as a Western humorist we will back him against "anything on the track."
