such a crime. Not being able to furnish the required bond, the accused is in jail.

Today is the 4th of February. The time for the annual performance of sending a valentine to your dearest friend or meanest enemy will come along in just about ten days. Already the cheap prints that are supposed to convey a large amount of wit are making their appearance. In the interest of Christianity and refined feelings, The Tribune again enters its protest against these horrid caricatures. Illustrations representing the higher and nobler feelings of humanity are sources of pleasure and an honor to art. By an encouragement of the higher and refined, the coarse and vulgar will gradually be superseded.

Step and and gave a good opportunity to compare the relative size of the earth and moon. Taking the segment of the circle of the shadow, the diameter was evidently almost three diameters of the moon. The earth is nearly 8,000 miles in diameter, the moon about two; thus the shadow would decrease about 2,000 miles in diameter. If there are intelligent than the earth, about 800,000 miles in diameter. If there are intelligent inhabitants on the moon, they must have felt considerably surprised to be shatt out from the light of the sun, unless they have arrived at that degree of scientific knowledge possessed by our people. cess. Accounts of ten and twenty years standing having been collected, the system is perfect in all its workings, the poor but honest debtor has nothing to fear but the professional dead beats will have to come to time or their names will be taken at once. C. L. Patterson,

The Weather for January. We had some pretty cold weather during January, the lowest temperature recorded being reached on the 15th, 84.6 below zero, which was the lowest recorded since the establishment of the station.

Thos. Connelly has long had an inclination to follow in the footsteps of the immortal Patrick Henry, and to this end has entered the office of Nesbitt & Grimes as a student.

On account of sickness in his family Albert Beck was forced to postpone his 50th birthday anniversary party which. When it averaged 7.7. The last six days were exceptionally warm, the thermometer indicating 66 degrees on the 28th, and for several days the mercury ran up to 60 Taking out these six days the mean temperature would have been low enough to suit a native of Manitoba. The monthly range of temperature was 100.8, greatest daily range 50.8, least daily range 10, and the mean daily range 25.9.

The mean daily relative humidity was 73.1, indicating a moist atmosphere. Total movement of wind 5,565 miles, the highest velocity being 46 miles. There was no snow to speak of or bad

Social and Theatrical

The early commencement of Lent has apparently bunched entertainments rather closely together during the coming two weeks, which will have a tendency to make time drag lightly on the hands of

our people.

This evening, Saturday the 4th, the Ogallala Charitable Association will present the comedy of Mabel Heath at the opera house. This entertainment will undoubtedly be far more creditable than usually expected from amateur companies. As the proceeds, after paying expenses, are to be devoted to charitable purposes, the visitors should be greeted by a large house.

For the Next The wealing the wealing the companies of by a large house.

Tuesday evening the 7th, the Redmund-Barry Co., will occupy the boards. Else-where are articles which explain the nature of the drams "Rene,"—with the accent on the "e"—the scene being located

in France. From the way it has been received throughout the country we should judge it to be highly entertaining.

Friday evening, Feb. 10th, is announced as the evening on which the ladies will give their leap year party at the opera house, and being acquainted with entertaining qualities possessed by the gentler sex of this city, The Trieune feels safe in predicting that the affair will sales almost entirely, but with the return feels safe in predicting that the affair will -On Wednesday night a negro in the of fair weather the market is reviving, be the social event of the winter season. will be in attendance.

could not be restored to consciousness, and he was conveyed home in an unconscious condition. For several days he was in a precarious state, but for the past four days he has been rapidly improving. The spine is not injured, consequently the brain will in a short time recover its

normal condition. LATER.—On Thursday Mr. Daugherty had a slight back-set, but as we go to press is much bettor and indications are
