The Struggle will be of Short Duration.

At the council meeting Monday night a resolution was passed taking the first step towards extending the city limits. The columns of THE TRIBUNE are open to any person desiring to discuss the question either pro or con.

The 23d annual meeting of the Neb. State Teachers association is to convene in Fremont on the 27th inst. Co. Supt. Laugford and Prof. H. W. Allwine of this city are among those announced to take part in the discussions.

The Nebraska last week contained the first gush of spring poetry we have seen. The warm weather of February appears to have started the crop prematurely, the specimen having evidently been picked before it was ripe.

This family journal rises right up in meekness to return thanks to most of our people for the prompt manner in which they removed the snow from the side walks after the late storm. There are a few "old salts" however who think the ordinance on this subject is a dead letter.

Train No. 8 leaves this station thirty minutes earlier than heretofore, departing now at seven in the morning instead of half past seven. This train makes close connection at Council Bluffs with outgoing trains on the C. & F., B. & O., B. & Q., and the C. M. & St. Paul roads.

We understand Carlson and Holten have let the contract for the erection of a two-story brick 44x50 on their lots on Spruce street opposite Foley's the work to be commenced as soon as material can be had. Now for a brick on the adjoining corner.

Col. Cody again places us under obligations for late English papers. An event that attracted considerable attention recently was the christening of a young Indian born to parents belonging to the show, a ceremony profusely illustrated by the papers. The papoose was named Francis Victoria Alexandria. After the ceremony, everybody had a good time.

Mayor Hammond has issued his proclamation calling an election for city officers on the 3d of April. It will be as usual a Ticker dance, and he who pitches in will win. If he don't try, so if you want "a off's" pitch right in. For a small consideration THE TRIBUNE will be pleased to announce the names of aspirants, and it always takes pleasure in seeking for names "get there," which they generally do.

Ben Clinton came near meeting with a serious accident at Ogallala Wednesday evening while coupling cars. The engineer misunderstanding the signal backed the train while Mr. C. was adjusting the air pipe. His right hip was caught between the draw heads, but fortunately a link prevented them coming together; as it is however, Clinton's hip received a severe bruise and he will be laid up for some time.

The most welcome visitor who has arrived this spring is the robin, more familiarly known as robin-rebreast. This name will hardly apply to the bird that frequents these plains, for the robin is nearer brown, and he might be called robin-brownbreast. But he is the welcome robin nevertheless, the harbinger of spring and civilization. The first specimen we saw on Monday at Mr. J. E. Baker's residence where he has been a regular sojourner since. He appeared to be looking for the early worm, but he found it cold.

"Jack" Davis a North side resident bearing an unenviable reputation, attempted to elope with his step-mother Tuesday but was detected before they got out of town. He then skipped by starlight, but was subsequently arrested at Sidney. Sheriff Baker went up for him Thursday night and he will probably have a preliminary hearing tomorrow on the charge of adultery. This is the second time the couple attempted an elopement, in the first case they succeeded in reaching Omaha, but for some reason the woman returned to this city and was followed a few days later by Davis. The rightful husband of the guilty female is about fifty-five years old while she is only twenty-four. He has announced his intention of "quitting her cold."

The western part of the State was honored by receiving two positions among the officers of the G. A. R., elected at the recent encampment—A. H. The following is a list of the officers elected: Commander—Capt. W. C. Henry, of Fillmore county; Delegate—Bart W. Manderson, Judge Amasa Cobb, M. J. Hall, A. Holmes, C. F. Dilworth, J. H. Culver, A. H. Church and Jno. D. Moore; Alternates—H. G. Wolcott, J. E. Hill; A. S. Cole, John Barnaby, J. W. Lee, John Fitzpatrick, H. E. Dainy; Council of Administration—S. H. Morrison, Nebraska City, A. Roberts, Omaha, D. L. Richards, J. C. Bennett, Jesse P. Doan, Gandy.

Died. About 8 o'clock Thursday evening, March 8th, Anthony L. F. Ries, aged 10 years and 7 months.

Master Tony as he was familiarly called, was a boy of kind and gentle disposition, beloved by all his playmates. For some time he had been afflicted with a disease in the head, which was lately aggravated by several accidents. A few hours before his death he was feeling unconquered, well, but about 5 o'clock was taken with violent vomiting, resulting in death in a few hours as above stated. The funeral will take place today at 2 o'clock p. m. from the Lutheran church.

Tickets are good 60 days for going passage and good for the return trip for six months from date of sale with the usual stop-over privileges in both directions within these limits.

Tickets are also good by way of Denver and Salt Lake City in each direction. The Agent, Mr. J. C. Ferguson, tells us quite a number of our townsmen are in thinking of making the trip soon, and it would be well for those intending to go in select parties to see him and arrange for their accommodations.

Mr. J. B. Trawley, Traveling Agent, Union Pacific, at Omaha, will give you any further information in regard to these excursions. Parties who prefer can correspond with Mr. J. S. Tebbets, G. P. & T. A. Omaha, Neb.

Notice to Assessors of Lincoln County. You are hereby requested to meet at County Clerk's office in North Platte, March 20, 1888, in accordance to law, chapter 17, section 49, page 504, annotated statutes 1887. J. E. EVANS, County Clerk.

North Platte, March 9, 1888.

The county commissioners of Keith county have recently decided that they have no power to establish a voting precinct containing a larger territory than four townships lying contiguous. They take their authority from the Compiled statutes of 1885, chapter 18, section 60. If this is law, what effect will it have on the late precinct bridge bond vote in Lincoln county?—Faxon Files.

The county commissioners of Keith are apparently a law unto themselves. The section referred to does not prohibit the formation of precincts containing a larger amount of territory than four townships, but is intended to govern the bond in the formation of sparsely settled precincts in other words the fifteen voters referred to shall not cover a larger extent of territory than four contiguous townships when the precinct is first formed. The board may subdivide precincts and alter precinct lines. For instance, North Platte Precinct at one time consisted of sixteen townships, extending from the south to the north line of the county.

Our contemporary the Nebraskaian says that some lawyer was anxious that the papers of North Platte should say nothing about the North Platte amendment to the judicial district bill now before the senate committee. We believe that a still hunt in such cases is more effectual than a great hue and cry, and that the papers of North Platte should give the general news—the people expect to learn from the papers what is going on. No amount of secrecy on our part would prevent our movements being known to our opponents. While on this subject, we want to call attention to the fact that the lawyers have been rather hard and slow to move on this subject. As early as the 31st of December we called attention to the bill, and pointed out the defects in it. At other times we have urged our people to take action on the subject. Altogether it looks rather cheeky for the lawyers to urge the papers to say nothing about so important a question.

The committee selected to visit Washington and urge the interests of North Platte as a Federal holding court, started Sunday, expecting to be gone at least two weeks. The committee consists of the following gentlemen: Hon. B. J. Hinman and H. M. Grimes from North Platte; Judge Hiest of Sidney, McColl, of Plattsmouth, and a gentleman from Grand Island. By dispatches we notice that Mr. Hinman had arrived in Washington, probably in advance of the main delegation, but they are all there before this time. Up to yesterday evening no report had been received from them. Letters from our congressional delegation convey the information that they are alive to the interests of West Nebraska, not only in this but in other matters. The bill is in the hands of the judiciary committee of the senate, and if it is ever reported we are satisfied that the justice of our demands will be recognized. When the subject has come to the attention of the county commissioners last week, they promptly and unanimously passed the following resolution: "Resolved, By the board of county commissioners of Lincoln county, at the event of North Platte being selected by congress as a place for holding a U. S. court, that the board will grant the free use of Lincoln county court house until such time as the government erect a suitable building for such purposes, and hereby tendered the same."

Death of Thos. J. Potter. Thomas J. Potter, Vice President and general manager of the Union Pacific Railway Co., died at Washington Tuesday morning, Friday March 9th, at 11:15 a. m. As is well known, Mr. Potter had been sick for some time, and had gone east in hopes that a relief from business and the event of climate might produce a beneficial change. For a time his condition improved and last reports were that he was all right, but this seems to have been a mistake. The direct cause of death is not known here at this writing.

The Women's Christian Union. The interest in the Women's Christian Union work broadens and deepens. The field is widening, and there is great need for some building, or home, as a "work centre," from which Christian influence can go out. Today large numbers would attend an industrial school. Today, we need a home where the friendless, aged and homeless should be cared for. Today, the work could be effectively entered upon, and the women of the county, young and old, would be benefited.

There is great need of a hall here, with dining room and kitchen attached, where the different denominational societies could conduct their fairs and festivals, and do away with the necessity of making the churches, "dedicated to the worship of God," social centres. Could this be done under the auspices of the union, and could not all these be embraced under one roof? Why cannot such a building be put up? Cannot the business men of the town be brought to see that they are spending much money for that which is not bread—and labor for that which profiteth not—and as a selfish consideration be induced to remember that the permanent prosperity of a town depends upon the safety and morality of its citizens. And that the society which works to secure this, needs from them such support as was given by Aaron and Hur to Moses at Rephidim. "And it came to pass when Moses held up his hands, his hands prevailed." (Satan) prevailed! Who can be brought to consider the ways and means of strengthening the hands of those engaged in this noble work? "And the King's business requireth haste."

City Council Proceedings. The city council met in regular session Monday evening and proceeded promptly to the transaction of business.

A communication from B. I. Hinman Hoe Co., giving names of officers and members was read.

The following places were designated as polling places: First ward—Keith building, cor. Spruce and First Street.

The salary of the city clerk was fixed at \$250 in the ordinance to be presented.

The bill of the Gutta Percha and Rubber Manufacturing Co. of \$15 for six one inch ring nozzles was allowed and order drawn on water fund.

two weeks ago was passed. A committee was appointed to confer with business men in regard to numbering houses.

F. E. Bullard went up to Cheyenne Thursday on a brief visit to friends.

Mrs. H. C. Ronnie left last Saturday evening for a visit with friends in Michigan.

N. C. Myers of Keeler post office was in the city Thursday and was a brief caller at this office.

Frank Nowell, having recovered from his sickness, left for Boston Saturday on a visit to his parents.

Presiding Elder Amabury was in town the early part of the week. Time seems to deal gently with the aged gentleman.

Mr. and Mrs. Frank Tracy rejoice in the advent of a girl at their home, the young miss coming Thursday.

E. H. Edson, of the train despatchers' office has been in Omaha this week. Mr. E. is among the many who have grown rich on Omaha dirt deals.

Fred Ginapp of Cottonwood interviewed THE TRIBUNE yesterday. Mr. G. states that the late stormy weather has been bad on cattle.

Ed Streitz came in from Omaha Wednesday night and is again found behind the counter in his brother's drug store. Ed. is a popular young fellow and his friends are pleased to have him back.

C. C. Hawkins came in from the ranch Wednesday and spent the following day in town. Country life apparently agrees with him, as he looks hale and hearty.

Miss Leah Culbertson returned this week from a visit to her home in Peru, this state. She was gladly welcomed by her large circle of acquaintances.

Russell Watts returned late last week from his stock feeding farm in western Iowa. Mr. Watts ships his range cattle to this farm and after they are well corned feeds them to market.

M. L. Mead proprietor of that new paper, the Madrid News, was in town Monday. He is dead sore against the people of Grant for the manner in which they conducted the late county seat election in Perkins county.

A. M. Burns, representing Clark's O. N. T. school, was a pleasant caller at the headquarters of the board of education. He has something to say to the public in a local advertisement elsewhere.

Mrs. Lucy Anderson and Miss Leoti Gates of Rapid City, Dakota, mother and sister of Mrs. H. L. Walsh, are visiting in West Nebraska, not only in this but in other matters. The bill is in the hands of the judiciary committee of the senate, and if it is ever reported we are satisfied that the justice of our demands will be recognized. When the subject has come to the attention of the county commissioners last week, they promptly and unanimously passed the following resolution: "Resolved, By the board of county commissioners of Lincoln county, at the event of North Platte being selected by congress as a place for holding a U. S. court, that the board will grant the free use of Lincoln county court house until such time as the government erect a suitable building for such purposes, and hereby tendered the same."

Mrs. E. C. Holbrook left last Saturday for Calgary, Northwest Territory. Dr. Holbrook, who has been located at that place for some time, is reported to be doing well. Now that his wife and child have joined him he will be doubly happy. We wish him continued success.

Foley's special sale advertised on this page is well worth reading.

An 18x22 bust picture of W. E. Beach exhibited in Conway & Keith's show window this week. It is the style known as the Bromide Enlargement and was ordered for Mr. Beach by W. A. Bradley, the photographer.

T. J. Foley has concluded, unless something unforeseen occurs, to erect a two-story brick building on the site now occupied by his grain warehouse. It will be a double store and will be built in a good and substantial manner. Such a building will help the appearance of that side of the street very much.

Mr. and Mrs. George Hawkins of Greenwood precinct, both well known in this city, were made happy on Friday of last week by the appearance of an heirless. George says she came through on time notwithstanding the engineers' strike on the R. & N. M.

It was reported in town Tuesday that T. J. Potter, general manager of the U. P., had died the previous day, but the rumor was without foundation. Mr. Potter's health, however, is very poor and hopes for his recovery are not as bright as his friends would desire.

Master Johnny Burke is entitled to the thanks of the residents of West Fifth street for plowing the snow off the side walks Sunday morning enabling them to walk to church with comparative ease.

Deputy County Treasurer Buchanan is able to be at his duties. It is unable to attend for a week or so on account of rheumatism. The cold, damp east winds of late are bad for people who are subject to attacks of this mysterious affliction.

Muddy streets are a novelty in North Platte, it having been a year or more since we have had occasion to complain in that respect. The melting snow this week caused a small amount of adhesiveness in the soil, but a novelty it was rather pleasant than otherwise.

Invitations announcing the coming nuptials of L. F. Simon of this city and Miss Bertha Daniels of Chicago to be solemnized in Chicago on the 15th inst., were received in this city the early part of the week in advance of the happy event. THE TRIBUNE sends its congratulations and best wishes.

City Marshal Patterson announced on Wednesday to enforce the dog ordinance in earnest. As a result on Thursday the city clerk's office was frequently sought, the object being to procure license. The tax is \$3 for a male and \$5 for a female dog, and when it comes to depositing the hard iron dollars this looks pretty heavy, giving rise to considerable growling. The impression prevails that the license might have been made less, but this is erroneous, for the statute fixes the tax at not less than the above figures.

The weather during the past week has been considerably winter-like—indeed, we have had more winter during the two days of March than we had during the 29 of February. The snow fall of the two days ending Saturday night, amounted to about six inches, but it was light, and the entire fall measured by Mr. Bryant the 1st inst. makes only 60 inches of water. In an agricultural point of view the snow has been an excellent thing for the ground, melting gradually as it has without drifting. When it turns warm grain that has been sown will come up promptly and the ground will be in excellent condition for other planting. On Thursday there appeared to have been a general storm throughout the northwest, reaching us about 1 o'clock Friday morning. The mercury did not fall to zero, however, and there was no snow.
