Don't Experiment.
You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at A. F. Streitz's Drug Store.

Mme. Patti contributed \$4,000 to the hospital for children in Lisbon, and in return received from the Queen of Portugal a full-length portrait.

The Brooklyn Tabernacle, the Rev. Dr. Talmage, pastor, now has the prodigious total membership of 4,184 souls. Last Sunday was a red-letter day, 123 persons uniting by profession or letter.

A gentleman who came in from the south yesterday to take the evening train east, reports trains few and far between on the B. & M., notwithstanding the railroad officials daily announce that they have resumed business.—*Gothenburg Independent.*

A Sound Legal Opinion.
E. Bainbridge Munday Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. An satisfied Electric Bitters saved his life."
Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying, "He positively believes he would have died, had it not been for Electric Bitters."
This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c and \$1 at A. F. Streitz's.

As an offset to the question "who reads an American book?" Col. Higginson says the literary tone of the United States is more serious, more original, and in regard for external forms cultivated than now prevails in England. Reading is now more general in the United States than in any other country on the globe.

There isn't a free trade organ in the country that doesn't know that domestic competition has been built up by protection, and that it is this that has made the prices of manufactured goods low to the consumers. And yet we have never seen a free trade organ that was fair enough to even concede the fact.—*Detroit Tribune.*

Ballard's Horehound Syrup.
A single bottle of Ballard's Horehound Syrup kept about your house for immediate use will prevent serious sickness, a large doctor bill, and perhaps death, by the use of three or four doses. For curing consumption its success has been simply wonderful, and for ordinary coughs, colds, sore throat, croup, whooping cough, sore chest, hemorrhages its effects are surprising and wonderful. Every bottle guaranteed. C. W. Price, agent.

Thomas F. Bayard is the only living man who was balloted for in 1876. Tilden, Hendricks, Allen, Hancock and Parker, all of whom had enthusiastic supporters for the nomination, are dead, and John Kelly and John Morrissey, who were prominent figures at the convention have followed their chiefs.

Pretty Women.
All women look attractive when their color and complexion is clear. If your skin is sallow eyes dull, you are bilious, secure a box of Williams' Australian Hair Pills, take as directed, and the feeling of languor will leave you, your eyes brighten, and you are another woman. C. W. Price, Agent.

No name is likely to be presented to the Chicago convention which will have nearer the unanimous support of the Republican masses in his state than Senator Allison, of Iowa. Honors come to him without an effort on his part, and to say that he is very worthy of the party of that great State, and honored by Republicans all over the land, is to state the truth modestly. His record as a citizen and a statesman is clear and unsullied.—*Inter Ocean.*

The reason why Acker's Blood Purifier is warranted, is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purifies the whole system, and thoroughly builds up the constitution. Remember, we guarantee it.
For Sale by A. F. Streitz.

In revising our tariff laws and reducing customs revenues some interests should not be neglected. Indeed, protection to our manufacturers and laborers can and should be afforded by taxing only such imports as come into real competition and admitting others free. No one disputes that the republican party is in favor of thus affording protection to our domestic industries. Revenue laws should be enacted with reference to our local conditions and wants. We should legislate in the interest of our own people rather than the interest of mankind at large.—*Judge Gresham.*

Who is Your Best Friend.
Your stomach of course? Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair honorable chance and see if it is not the best friend you have in the end. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink till your stomach is through with breakfast. You can drink more and smoke more in the evening and it will tell on you less. If your food ferments and does not digest right—if you are troubled with Heartburn, Dizziness of the head, coming up of the food after eating, Bilelessness, Indigestion, or any other trouble of the stomach, you had best use Green's August Flower, as no one can use it without immediate relief.

The long contested Bell telephone case has at last been decided, the United States supreme court having affirmed the validity of the Bell patent. Justices Bradley, Field and Harlan dissented, while Justices Gray and Lamar did not sit in the case, so that the decision stands four to three in favor of the Bell company. The court finds that no evidence was adduced showing that Bell obtained inside information from the patent office and the patentee from the charge of fraud and collusion. The dissenting members of the court base their opinion on Drawbaugh's telephone invention, they claiming that the evidence shows overwhelmingly that he was the first inventor of the speaking telephone, although not cognizant of the value of his invention. This point, the decision holds, was not sustained by the evidence.

How Men Die.
If we know all the methods of approach adopted by an enemy we are the better enabled to ward off the danger and postpone the moment when surrender becomes inevitable. In many instances the inherent strength of the body suffices to enable it to oppose the tendency toward death. Many, however, have lost these forces to such an extent that there is little or no help. In other cases a little help to the weakened lungs will make all the difference between sudden death and many years of useful life. Upon the first symptoms of a cough, cold or any trouble of the throat or lungs, give that old and well-known remedy—Bosch's German Syrup, a careful trial. It will prove what thousands say of it to be, the "benefactor of any home."

If you would enjoy your dinner you should be prevented by Dyspepsia, use Acker's Dyspepsia Tablets. They are a positive cure for Dyspepsia, Indigestion, Flatulency and Constipation. We guarantee them. 25 and 50 cents. Sold by A. F. Streitz.

A young lady who has been teaching school at Columbus, Kas., for some time, and who was the belle of all the country lying round about, has distinguished herself in an unusual manner. After she had moved in the best society until all the young men in town were wondering how they would act if they were married to her, it was finally discovered that she had been for a year the corresponding secretary and business manager of the most extensive gang of thieves in the west. The organization embraced horse thieves, various styles of burglars, several murderers and other choice malefactors, and their doings were all directed by Miss Blacklock, the heroine spoken of. She is now under arrest, and a number of men who lack all the elements of chivalry are talking about lynching her. She is young and good looking and takes her impending ill fortune with admirable coolness. Within a few months she will probably secure an engagement as the star attraction of a museum and live happy ever after.—*Topics.*

FOR PAIN

The success of last fall's experiment warrants us in continuing the One Dollar Rate, where paid for in advance, but this means strictly in advance. We are willing to send the paper out on time, and will cheerfully carry accounts until subscribers feel able to pay, but we cannot afford to do this at the regular rate. Where not paid in advance, the price will be \$1.50 per year.

We want a few more subscribers. We cannot offer pianos, organs, chromos, &c., for clubs, but any one sending us five new names will receive the paper gratis one year.

Remember the paper is devoted almost exclusively to home and neighborhood news. We want to give everything of local interest to our readers in every part of the county. To this end, we earnestly solicit correspondence from every precinct.
