

Paine's Celery Compound

For The NERVOUS
The DEBILITATED
The AGED.

A NERVE TONIC.
Celery and Cacao, the prominent ingredients, are the best and safest Nerve Tonic. It strengthens and quiets the nervous system, curing Nervous Weakness, Hysteria, Sleeplessness, etc.

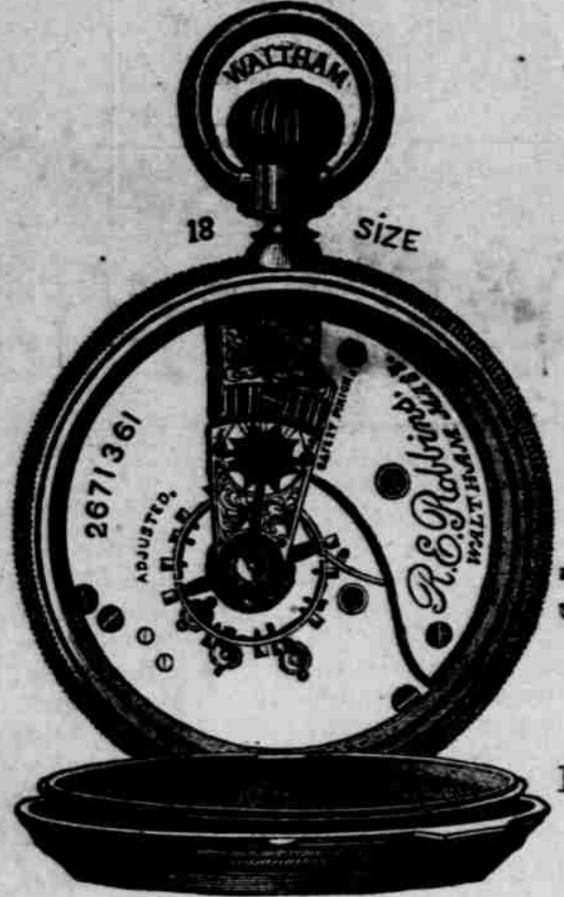

AN ALTERNATIVE.
It drives out the poisonous humors of the blood purifying and enriching it, and so overcoming those diseases resulting from impure or impoverished blood.

A LAXATIVE.
Acting mildly but surely on the bowels it cures habitual constipation, and promotes a regular habit. It strengthens the stomach, and aids digestion.

A DIURETIC.
In its composition the best and most active diuretics of the Materia Medica are combined scientifically with other effective remedies for diseases of the kidneys. It can be relied on to give quick relief and speedy cure.

Hundreds of testimonials have been received from persons who have used this remedy with remarkable benefit. Send for circulars, giving full particulars.
Price \$1.00. Sold by Druggists.

PERSONAL AND POLITICAL.

Senator Manderson will speak at the Crete Chautauque Assembly July 4th.

Col. Robert G. Ingersoll will present Judge Gresham's name to the Chicago Convention.

No one man will run the Republican show at Chicago next week, as did Great Dictator Grover at the St. Louis convention.

Hereafter all criminals in the state of New York under death sentence will be sent to the beyond by means of electricity.

For the first time in the history of the state, the supreme bench of Illinois is Republican, the election of last Tuesday having wrought the change.

One Ohio delegate at the St. Louis convention voted for Gray, and when the vote was given cries of "put him out" were heard on all sides.

Hugh M. Brooks, alias Maxwell, the noted St. Louis trunk murderer, will hang July 13, the supreme court of Missouri having so ordered.

The crop report published by the Lincoln Journal last week shows that the state may produce enough corn this year to feed a good part of the world.

The news of Thurman's nomination did not create the furor among Ohio Democrats that was expected. The old Roman is not the idol that he was years ago.

Sugger Sullivan says his share in the circus will be a boxing bout and introducing trained ponies. After his experience with Mitchell he does not care to tamper with trick mules.

No wonder there are clouds in the atmosphere of the German Reichstag. Out of 377 members 338 are smokers. To their credit he it said the cigarette has no representation.

It is thought that "Bandana" Thurman cannot long survive the strain incident to the campaign and in case he is elected will fill the vice-presidential chair but a short time.

It is believed that the cattle market which has been very low since last fall, will soon take an upward shoot. The prices have been very discouraging to western raisers and many of them have quit the business.

Judge Thurman said a year ago that he was "an old man standing on the banks of the Styx, waiting to be ferried over." This was in answer to a request to allow the use of his name as a candidate for Governor of Ohio.

Mr. Rothacker says: After all there is a great deal of fitness in including to the democratic vice-presidential candidate as "the old Roman." The striking peculiarity of all old Romans is the fact that they are dead.

The Omaha Republican says: The democratic platform claims the credit for the reclamation of 100,000,000 acres of the public domain. As the bills were introduced by republicans and passed by a republican senate, this claim is a liberal display of face.

Notwithstanding Senator Gorman warned the Democrats that a low-tariff platform would give New Jersey and Connecticut to the Republicans, a low-tariff platform was adopted by the convention. This is another indication that there will be no Grover the Second.

The World announces that it is the only paper in Omaha that had a telegraphic wire running from its editorial rooms directly to the convention hall at St. Louis. The patrons of the paper are wondering why it didn't use it.—Omaha Republican.

The report that Mr. Blaine will take the stump this year for the republican presidential campaign is confirmed. He states, in a letter to a friend in Massachusetts, that he will return to this country in the latter part of June, and enter actively into the canvass in aid of the party in the fall. No living American has ever been more powerful as a campaign orator than James G. Blaine.

It is not often that the emigrants landing at castle garden, New York, bring with them very much money but a few days ago astonished a money broker by the amount of cash he wanted exchanged. He had nearly \$10,000 in gold, which he carried in a large bag. The Swede, his wife and four children were destined for Minnesota, where they will settle down on a farm, and the family is considered the richest emigrants that ever arrived in this country.

Charles B. Rottrock, of Iowa, who, while under the influence of drink, killed his wife, has been pardoned by the Governor on the condition that he shall forever abstain from intoxicating liquors. Should Rottrock violate this condition he will render himself subject to re-arrest to serve out the remainder of his penalty. This unique pardon was issued in view of a decision of the Supreme court of the state that the governor may impose any condition he chooses in granting a pardon.

THE REV. GEO. E. THAYER, of Bourbon Ind., says: "Both myself and wife owe our lives to Shiloh's Consumption Cure." Sold by Druggists. Are you miserably afflicted with indigestion, constipation, dizziness, loss of appetite, yellow skin? Shiloh's Vitalizer is a positive cure. For sale by A. F. Streitz.

Speaking of his army experience General Sheridan once said: "I went through all the grades they had in the volunteer service, and then I commenced and went through all the grades in the regular service, and the date of every commission that I have is the date of a battle."

A Woman's Discovery.
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its ravages. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., Shelby, N. C. Get a free trial bottle at A. F. Streitz's drug store.

Senator Ingalls is preparing a speech which will refer incidentally to the fisheries treaty and in a general way to the grasping policy of Great Britain regarding this continent. This says the New York World, is unkind. Ingalls knows that England is already in a nervous state from the scare started by Lord Wolsley. It is not generous to hit a nation when it's down.

The Commercial Travelers' Protective Association of the United States, has a membership of over six hundred and is probably the strongest association of the kind in the world. Mr. John R. Stone, their Nat'l Sec'y and Treas., 79 Dearborn St., Chicago, in a letter states that he has been severely troubled at times, for the past twenty years, with cramp and bilious colic which would compel him to take to his bed from three to six days. While in St. Louis at their last annual meeting he procured a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and has since used it with the best results. It is the only remedy he ever found that effected a rapid and complete cure. No one can safely travel without it. Sold by F. H. Longley.

At a meeting of the Trades Assembly of Western Pennsylvania at Pittsburg, last Sunday, resolutions were unanimously adopted condemning the Mills bill and all its advocates, and condemning Congressman Scott of Erie, as an enemy of labor, as a dangerous person to the welfare of society and the industrial progress of America, and a bitter enemy of organized labor. The meeting represented over 60,000 laboring men. Mr. Scott was unfortunately when he dragged himself into prominence as a labor reformer.

The Verdict Unanimous.
W. D. Sult, druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of ten years standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 30 years' experience, is Electric Bitters." Thousands of others have added their testimony so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only a half dollar a bottle at A. F. Streitz's drug store.

A Washington paper figures that Judge Gresham will go into the Chicago convention with three hundred and thirty-three votes. The Chicago Tribune believes that he will have three hundred and fifty-five to start with. If either of these calculations shall prove to be correct it seems almost certain that Gresham will be the nominee. But very few of the delegates are instructed and the choice of many of them is as yet unknown. Any calculation of the first ballot is mere conjecture.

"HACMETACK" a heating and fragrant perfume. Price 25 and 50 cts. For sale by Streitz. Shiloh's Cure will immediately relieve cough, whooping cough and bronchitis. Sold by Streitz.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief? Price 10 cts., 50 cts. and \$1. For sale by A. F. Streitz.

Shiloh's Catarrh Remedy, a positive cure for catarrh, diphtheria and canker-mouth. Sold by Streitz.

FOR DYSPEPSIA and liver complaint you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure. For sale by A. F. Streitz.

A special inducement free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. Sold by Streitz.

The amount of work which Sarah Bernhardt has to get through daily would be enough to kill anybody but a fashionable actress. Never home from the theatre before one o'clock in the morning, she is to be seen in her atelier as soon as there is light enough to work, busy finishing her three busts for the next salon. After a hasty breakfast—A mere apology for a meal—she drives off to the theatre to rehearse "Therese Raquin" and the other new pieces in which she is to appear in the course of her approaching professional tour. While her own drama was in preparation at the Odeon, she had, after her long morning drudgery, to spend her afternoon in the superintendence of the rehearsals; and, not content with the ordinary method of coaching the performers by way of advice and suggestion, she practically went through the roles herself as she conceived them on each occasion. And, after a day thus spent in ceaseless toil, there was still the work of the evening to face—her performance in M. Sardou's drama at Porte St. Martin. Now that her own piece is off her hands she will have a little less to do, and she is quite radiant of the prospect of having "only fifteen hours' work a day" for some time to come.—St. James' Gazette.

AN EXPLANATION.
What is this "nervous trouble" with which so many now seem to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—today it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which in performing its functions finds that it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, malaria, bilious fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

\$15.70 For the Round Trip.
That's the new rate established by the Union Pacific from North Platte to Chicago and return on the occasion of the Republican convention. This is one cent per mile, a considerable reduction over the rate heretofore published. If low rates are any inducement, there should certainly be a good representation from this city.

FOR PAIN

The modes of death's approach are various and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of tubercle germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue they ravage they extend to the lungs, producing consumption and to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness and may lose your life. As soon as you feel that something is wrong with your throat, lungs or chest, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

It is reported that some one at North Platte has filed on some of H. A. Chapin's land in the western part of the county. We may miss our reckoning, but we will venture the assertion that some one will get left and squander what little money he may invest in his undertaking.—Gandy Pioneer.

Pretty Women.
All women look attractive when their color and complexion is clear. If your skin is sallow eyes dull, you are bilious, secure a box of Williams' Australian Herb Pills, take as directed, and the feeling of languor will leave you, your eyes brighten, and you are another woman. C. W. Price, Agent.

A bull bought by Ira Nichols at House mortgage sale, also two of the three cows that Michael Long bought were left in the yard of the Nebraska barn. They pushed a board off the fence, got out and went two miles toward their old home, lay down on the railroad track and were killed by the early morning train.—Plum Creek Gazette.

Ballard's Horehound Syrup.
A single bottle of Ballard's Horehound Syrup kept about your house for immediate use will prevent serious sickness. Doctor bill, and perhaps death, by the use of three or four doses. For curing consumption its success has been simply wonderful, and for ordinary coughs, colds, sore throat, croup, whooping cough, sore chest hemorrhages its effects are unsurpassed and wonderful. Every bottle guaranteed. C. W. Price, agent.

Newspaper correspondents who are telling just how many votes each leading candidate will receive upon the first ballot at the Chicago convention don't know what they are writing about. There never was a time when delegates to a National convention were doing more thinking, and less promising, than just now. They are looking for the man who can win the race.

How to Cure Salt Rheum and Tetter.
Many persons believe that salt rheum and tetter can not be cured and quietly submit to be tortured by them. If they would invest twenty-five cents in a box of Chamberlain's Eye and Skin Ointment and apply it as directed they would soon become convinced of their error. It almost instantly relieves the itching and burning sensation and has cured many cases after they had resisted all other treatment from ten to twenty years. Try it. For sale by F. H. Longley.

Last Tuesday, while the river was very high, "Chris," the well known grain buyer for the Plum Creek Elevator company, while driving in our neighborhood, attempted to ford the river, when the team went under the swift current and never rose again. "Chris" managed to get to land by swimming and had a close shave. The team belonged to "Free" Quimby of Plum Creek, and is quite a loss. Wood river is very narrow and deep, and was more than bank full, and the driver was not acquainted with the stream, hence the accident.—Broken Bow Republican.

\$25.00 Reward.
The above reward will be paid for any case of rheumatism not benefited by Ballard's Snow Liniment. There is no pain it will not subside, no wound it will not heal. It is the most penetrating liniment known for all pain, for man or beast it stands without parallel. Ladies who have backache should never be without it. Price 50 cents. C. W. Price Agent.

A jockey club proposes making a circuit of the western county fairs of the state this year, and no doubt the directors of our agricultural society will fix the time so that the club's horses will show on our grounds, provided the club communicates with the directors in time for them to arrange their premium list. While here the Reflector would suggest the idea of organizing district agricultural societies to comprise the counties of Lincoln, Keith, Perkins and Cheyenne the exhibitions to be held at Ogallala, it being a central point having ample and well fitted grounds. The city already has large hotel accommodations and would provide still more as necessity might require. Let the City, Council and Board of Trade confer with our agricultural society officers, as to this scheme and if thought advisable communicate with the counties mentioned touching the organization of such an association.
