Brief But to the Point!

We are making Sweeping Reductions. We are knocking them out. We are slaughtering goods. We are in the lead. We are determined to sell. We are Leaders of Fashion. We will save you money. Sell the "Sweet Orr" Overalls. Have reduced our boys' waists. Intend to see you all. Shall make it interesting. Are selling clothing at cost.

The Palace Clothing Co., L. F. SIMON, Manager.

LUMBER AND COAL. C. F. IDDINGS, Rock Springs Nut, Rock Springs Lump, Pennsylvania Anthracite, Colorado Anthracite, Colorado Soft COAL, LIME AND CEMENT.

HA! HA! THE BEST OF ALL! Jewel Gasoline Stove. It did not take five years to discover that the was the only safe gasoline stove made, but in 1887, the first year it was introduced in North Platte, FORTY-SIX were sold, more than was sold of all others combined.

MORROW FLAT. July 23, 1888. A very disastrous hail storm passed over a small portion of the Flats Sunday July 13, doing much damage to the corn crop and also injuring small grain, to some extent. John Harden had 70 acres and W. T. Bowen 40 which was almost if not completely destroyed.

Miss Mary Hosford is attending the Institute in North Platte. R. Starkey harvested the first wheat on the Flats this season. It was cut by Jas. Crow whose binder will cut considerable grain in this neighborhood this year.

John Harden's family are moving to North Platte. We regret losing them. A Republican meeting is announced to be held at the school house Friday evening. Good speakers are expected to be present and we hope all the Republicans will turn out.

Miss Nina Mills, formerly a teacher here, visited at Roy Thompson's the first of the week. Miss Nora Whiteside, who has been visiting her brother R. E. Whiteside, returned to Omaha last week. We are sorry to lose Miss Whiteside as she formed a valued and highly appreciated addition to our circle of young people.

Mrs. Roy Thompson is on a flying trip to the mountains. W. L. Harrington attempted to ride the festive broncho last week and the circus ended by a series of acrobatic performances on the part of Lew and a grand charge over the prairie by the broncho. A sprained hand is the result.

We are glad to see "Occasional" and "J. H. F." taking up the campaign against us so bravely. May the battle for the right never cease until wrong shall be vanquished. Last Saturday marked the advent of a boy at John Ahlborn's. The boy is doing well and John will survive the shock.

The work on the ditch is completed and the machinery removed to south river where work on the bridge will be commenced at once. A side-trick is to be put in at the new town site this week. This causes three or four men here to open their eyes in wonder.

When a person, in a moment of indiscretion, commits an act which he afterwards regrets and then stubbornly refuses to take the first step towards righting the wrong, it shows—to say the least—a boorishness; a lack of courage and manliness painful to behold. He is not a person whom any true man or woman would desire to own as an acquaintance much less as a friend.

The county seat war in Chase county is assuming a white heat and promises to exceed in bitterness that which existed in this county last year. It is said the commissioners favoring Imperial, the present county seat, will refuse to call an election until compelled to do so by the courts. The three towns of Imperial, Manderson and Champion are the leading contestants.

As there is a rumor floating around now to the effect that the B. & M. has purchased a quarter section of land at Wellfleet, surmises of its meaning are of course in order. A road from McCook to North Platte may be projected with Wellfleet as a junction. It may be that the B. & M. division is to be moved from Curtis to that point. And again it may be all "wind."—Wallace Herald.

Henry Mohles, who was breaking horses for Doran & Fowler, met with an accident Wednesday that cost him a foot. He was driving a team of colts to a spring wagon, when one of the breast straps broke, letting the tongue down. The colts became unmanageable and he jumped from the wagon and let them run. In jumping he sustained what the doctors describe as a compound comminuted fracture of astragalus and os calcis of the right foot. He was taken to the post hospital, where Dr. Black assisted by Dr. Field amputated the limb above the ankle yesterday morning.—Sidney Telegraph.

We are glad to know that the temperature question will necessarily be discussed a great deal in this county soon. It will give politicians a chance to show on which side they stand. Temperance men should keep the subject warm and in the selection of delegates let other matters be secondary. There is no doubt but that the county delegates will be unanimous for sending men to the state convention who will work to make the Republican party of Nebraska espouse the cause of Prohibition. That and the tariff are the only prominent issues before the people. The time has come when the party must speak for or against prohibition, and its leaders should see that it comes out on the right side.—Wallace Herald.

The prospects for crops in North Nebraska and more especially Dakota county never were better than at the present time. Farmers have laid the corn stubble and now busy in the harvest field, for the hum and rattle of the reaper and harrower is heard in every direction. There will be a wonderful hay crop and from general appearances it looks as if it was going to be a year of prosperity.—North Nebraska Eagle.

Buffalo has a Harrison and Morton club composed of men who voted for William Henry Harrison in 1840. Its president is Lewis F. Allen, the uncle of Grover Cleveland, with whom the latter lived when a young man. He don't believe in his nephew's free trade principles.

The Logan Republican Club, of this city, a few days ago received fifty new and handsome uniforms and on Wednesday evening the boys donned their suits and made a trial march. Last evening they again turned out in full force, presenting a handsome appearance, and preceded by the band marched through the principal streets of the city. Next Monday evening the club will again meet for drill. The officers elected are—Capt. S. C. Mullin; 1st Lieutenant, F. R. Grimwald; 2d Lieutenant, F. S. Marsh. The club consists of over 100 members, and fifty more uniforms are to be ordered.—Plain Creek Pioneer.

A prominent physician calls the kiss "an elegant disseminator of disease." He says, "fever is spread by it, so are lung diseases." He maintains that if the kissing custom were driven out of the land "it would save one-tenth of one per cent of human lives," which are now sacrificed. Out upon the garbled and senseless vagabond! Evidently kisses are not for such as he and the old fox devote the grapes are sour. Let him devote himself to making our women healthy and blooming that kisses may be kisses. This can surely be done by Dr. Pierce's Favorite Prescription which is magical in its effect, upon all diseases peculiar to females. After taking it there will be no more irregularity, no more backache, no more nervous prostration, no more general debility. All druggists and grocers sell it. To regulate the stomach, liver and bowels, Dr. Pierce's pellets excel. 25 cents a vial; one a dose.
