AN EXPLANATION. What is this "nervous trouble" with which so many now seem to be afflicted? If you will remember a few years ago the word Malaria was comporatively unknown-to-day it is as common word covers only the meaning of another word used by our forefathers in times past. So it is iliousness, and all are caused by troubles that arise from a diseased condition of the liver which in performing its functions finding that it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, maria, bilious fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.
