JOHN I. NESBITT is down as one of the speakers at the Republican league club meeting in Grand Island-into-night. Mr. Nesbitt has telegraphed his acceptance.

UP TO THE TIME of going to press last evening no reply had been received by Chairman French to his proposition for the appointment of a joint committee to arrange for a joint debate. It was hoped arrangements could be effected in time for announcement in this week's TRIBUNE.

REPUBLICANS who oppose the submission clause in the Republican platform advance some very good reasons why the convention should have ignored the demands of the prohibitionists. They claim that there should be no alliance with the party which was instrumental in defeating the Republicans in the last national election, and which is now doing all in its power to aid the Democrats all over the nation, and especially in every doubtful state of the north. This is a fact that cannot be denied. The Democratic party has always been a party of free whisky. As a party they have never endorsed sumptuary laws or inaugurated temperance reforms. No state under Democratic rule has ever adopted prohibition. On the other hand high license and every other salutary measure, calculated to reduce and control the sale of liquor have been inaugurated by the Republican party. And yet prohibitionists are constantly fighting Republicans; they never attack Democrats. Four years ago the Democrats nominated a man notorious for his bacchanalian habits; the prohibitionists helped him into power, their chief speaker, St. John, being in the pay of the Democratic national committee. This year they have nominated the same man and notwithstanding the fact that the Republicans have put up a man as celebrated for his purity of character as Cleveland is notorious for his looseness of habits, the prohibitions are straining every nerve to defeat the Republicans. Under such circumstances should the Republicans listen to their cranky ideas? Can it be expected that Republicans who are opposed to sumptuary laws will give the party that hearty, earnest and enthusiastic support that it should receive in a national contest? We do not apprehend the prohibitions will be able to defeat the party in this state, but the course adopted will greatly reduce the majority.

THE second gun in this campaign was fired by Vermont Tuesday. The sound conveyed terror to the hearts of the Democrats. Four years ago Gov. Pingree had a majority of 22,702 out of a total vote of 62,842. This year the Republican majority will not be less than 26,000 and may go up to 28,000. The same rate of increase in New York will give us that state by over 100,000 majority, and Connecticut, Indiana and New Jersey by good majorities. "And there is no reason to suppose anything different," says the *Inter Ocean*. "The contest was made on the line of national politics. No state question came in at all. Nor is Vermont much of a manufacturing state. In this respect it has never kept pace with the rest of New England. It has no seaboard, no coal, not much iron, and for this and other reasons has never shared largely in the skilled industry of the country. It is the most truly rural state in the union, having no city of much magnitude. Burlington and Rutland, the only ones of any pretensions, are simply good-sized villages, largely owing their growth to railroad shops. Neither are farmers engaged in wool growing to anything like the extent of former years. They have gone largely into the dairying of late. In fine, the voters of that state have exceptionally small direct interest in the tariff. Yet there was nothing else talked about by speakers during the campaign, and the increase is due entirely to the free trade of the Democracy. The average Vermontier does a great

deal of reading and a great deal of quiet thinking. He knows what the history of this country teaches on the tariff question, and reasons well from the data of national experience. It is from that class of intelligent, hard-headed, and matter-of-fact citizens that Grover Cleveland has nothing to hope, as it is from the wage-workers he has everything to fear.

**STABBING AT MR. OBERST.**  
 Prohibition fellows, whether Republicans or Democrats, may not drink liquor, but they can tell more and meaner lies than any other class of politicians. One of these whelps, a pretended Democrat, writes over the signature of "Temperance" in the *Wallace Herald*, and foully slanders Mr. Oberst. He says:  
 "Mr. Oberst, the Republican nominee, is said to own an interest in several North Platte saloons and tried to open up in that business some time ago, and could not get a good building. The charge is not denied."

If the cowardly fellow who makes this libelous attack has the manhood to sign his name to the statement he will soon find to his cost whether the statement is denied or not. The *Herald* pretends to be a Republican paper. Its editor took part in the proceedings which nominated Mr. Oberst, yet he allows a vile anonymous attack to be made against his own candidate in his own paper without a word of comment. The *Herald* is stabbing Mr. Oberst in the back. Such an attack would be bad enough even if published over the writer's signature and commented on adversely, for the editor knows there is not a shadow of truth in the statement.

**TARIFF DISCUSSION.**  
 The following letters explain themselves:

**NORTH PLATTE, Sept. 4th.**  
 To the Hon. John I. Nesbitt, of the Republican Club.  
 Dear Sir.—I hereby announce to you my readiness and desire to meet either yourself or some other representative of your club, as may be preferred, in a joint discussion of the tariff issue as presented in the St. Louis and Chicago platforms; the time of the debate to be limited to two and one-half hours, of which you shall occupy thirty minutes in opening and forty minutes in closing.

Any date between the 18th and 25th inst. would be convenient.  
 F. E. BULLARD,  
 Of the Lincoln Co. Cleveland Club.  
**NORTH PLATTE, Sept. 5, 1888.**  
 Hon. George E. French, Chairman Lincoln County Central Committee.

Sir:—I have the honor to refer to you a letter under date of Sept. 4th, 1888, from F. E. Bullard, Esq., requesting a discussion of the political issues of the day. I trust you will take such action in the matter as you deem best. Assuring you I am ready to perform any duties to the best of my ability, which you may assign to me, I am  
 Respectfully,  
 JOHN I. NESBITT.

**NORTH PLATTE, Sept. 6, 1888.**  
 Prof. F. E. Bullard, President of Cleveland Club.  
 Sir:—Your communication of the 4th inst., addressed to the Hon. John I. Nesbitt, has been referred to the undersigned, Chairman of the Lincoln County Republican Central Committee.

Replying to the same, on behalf of said committee, I would say, that the committee would be pleased to appoint a committee of three to meet a like committee from the Democratic club of Lincoln County, to confer relative to a joint discussion between one or more members from each of said clubs of all of the political issues of the day as set forth in the Republican and Democratic platforms adopted at Chicago and St. Louis, respectively.

The date, place and particulars governing the debate to be mutually agreed upon by the Committees mentioned.

Very truly your obedient servant,  
 GEO. E. FRENCH,  
 Chairman Rep. Cen. Com.

**COMMISSIONERS PROCEEDINGS.**  
 August 29th.  
 Board of commissioners met in the county clerk's office.

Present James Belton and Lester Walker, commissioners, and J. E. Evans, county clerk.

J. F. Hinman presented third estimate, by Superintendent Thompson, on jail, and bill of said Hinman for \$1,000 is hereby allowed and an order for said amount ordered drawn, making third \$1,000 warrant ordered on said contract.

The petition of Charles E. Finch and thirty-eight others residents of Medicine precinct, for a bridge across Medicine creek at Wellfleet, is granted and contract entered into with Matt Hook to build same at \$90.50.

Board then adjourned until tomorrow.

August 30th.  
 Board met pursuant to adjournment.

Present James Belton and Lester Walker, commissioners, and J. E. Evans, county clerk.

Now comes F. D. Nowell and presents a petition signed by James B. McKee and fifty-two others, resident freeholders of Nichols and Nowell precincts, Lincoln county, Nebraska, praying that the precinct lines of said precincts be al-

tered so as to constitute the following territory one precinct, to-wit: As known as Nichols precinct, to-wit:

Commencing on the south bank of the North Platte river on the range line between ranges 32 and 33 west, thence south on said range line to the southwest corner of section 31, town 11, range 32, thence east on township line to the southeast corner of section 36, town 11, range 32, thence north on the range line between ranges 31 and 32 west to the north bank of the south Platte river, thence easterly along said river bank to the section line between sections 29 and 30, town 14, range 31, thence north on said section line to the south bank of the North Platte river, thence westerly along said river to the place of beginning.

Proposition of C. F. Iddings to deliver twenty tons of best Pennsylvania hard coal to the county at fourteen dollars per ton is hereby accepted.

Board adjourned until to-morrow.

August 31.  
 Board met pursuant to adjournment.

Present James Belton and Lester Walker, commissioners, and J. E. Evans, county clerk.

Whereas, the city of North Platte claims part of the road fund which, if entitled to, would so reduce the road fund that all the claims filed could not be satisfied, necessitating a suspension of drawing warrants on said fund and the county attorney having thoroughly investigated the matter gives it as his opinion that North Platte City is not entitled to any share of the road fund, therefore it is ordered that all the claims now on file and allowed be satisfied by drawing warrants for the same.

Plans for cells for the jail examined by the board.  
 September 3d.  
 Present, full board and county clerk.

Ordered that bids for cells be advertised in Lincoln county papers, four cells with corridor between, to be of iron or steel.

Now comes H. B. Anderson overseer of Peckham precinct, and asks for lumber to build bridges, and said precinct petition granted.

Now comes C. F. Iddings, Secretary Lincoln County Agricultural Society and claims the amount due said society for premiums, etc. The sum due is found to be \$169.95. Ordered paid.

**O'FALLON.**  
 Oliver Sayre, of Perkins county, is learning to wield the spike maul and shovel.

The line men are at O'Fallon putting in the new poles and transferring the wires to the south side of the track.

Last Tuesday as No. 2 pulled in under the siding to let No. 3 pass, J. J. Gibbons, of Paxton, got caught between a coach and the platform at the stock yards and was crushed to death. He has relatives near Kearney.

Miss Ada Keys, of Ogalalla spent Sunday at John Ahlberg's.

Jerry Dwyer, of Curtis, is now holding down his claim in this vicinity.

The dance at the station Friday evening was well attended, twenty-eight numbers being sold.

The O'Fallon and Birdwood Dennis McSweeney relieved Roy Thompson last Wednesday while Roy attended the coroner's inquest over the body of J. J. Gibbon. Den is now holding the night office at Paxton.

Orange blossoms will soon be in style. Somebody will win that \$10. What has become of some of the other correspondents. Have they fallen victims to the festive watermelon.

We have done our best in the news line this week and so we will not make any apologies for scarcity of items.  
 LYN.

**WALLACE.**  
 We forget to mail our last week's items in time, so will consign them to the fire and try again.

County Surveyor has been at work near here for some time past.

We notice in the *Telegraph* that some Republican from here is trying to mislead the public by stating that the Republicans here will not support Wilcox. We have interviewed a number and find that they are enthusiastic in their support for him, and not only that, but find that he has supporters among the Democrats.

E. H. Shaw has been wearing a smile the past ten days. A ten pound boy is the cause.

The grain market here has improved greatly. The cause of the low prices paid at first was a lack of room to handle the grain, as neither of the elevators were finished. But now both are in running order and farmers will always receive the highest living prices and good weights.

The dance last Friday night at Chris Joeckel's was largely attended and a good time reported by attendants.

Saturday was the day set for the boys to show up their squirrel tails and get their prizes. Only two boys put in an appearance, George Bunce and Aaron Kaine. Bunce received the first prize, having nearly three hundred. Kaine had one hundred and forty.

The last of Meyers' cross roads was moved up to town last week and will be used as harness shop by Mr. Killian.

Bailey Bros. are here with a head of bronchos which they are selling out cheap. Good ponies are offered for from twenty-five dollars to fifty dollars each. The lariat and riding furnished a free circus for the boys.

Base ball talk last week: "Oh, yes, North Platte will be down Saturday." But lo, when Saturday came No. Platte no comtee, courage failed, muscle no goodie.

Aaron Haines has gone to Illinois on a short visit.  
 Sept. 4th. **AGRICOLA.**

**NICHOLS.**  
 Nichols is a lively place at present. The telegraph outfit cars are here with twenty men and lots of music, making the evenings short and pleasant. Hay is also being shipped and there is a large amount to be shipped yet.

Xavia Toillon has the largest crop of grain to the acre yet heard from, his oats going forty-eight bushels to the acre and his wheat twenty-eight and one-half bushels. Mr. Stimson's oats yielded thirty-five bushels to the acre.

Miss Jennie White having resigned to accept a position in North Platte, our school was opened Monday by Miss Sara Thomas. There were five scholars present the first day.

There is some big talk about the Nichols bridge. A large majority of the people want it on the east line of section 27 and others want it one mile farther west. It is very doubtful if they get it at all.

The new time card of the U. P. has mixed things up so as to bother people, as they don't know when the trains are coming.

The company has been setting its fences out 200 feet from the track. B. I. Hinman, of North Platte, was the first to stop them and bring them into 100 feet. Is the company entitled to 100 or 200 feet is the question.  
 Sept. 5th. **SHORT.**

**John Bull's Dream of Happiness.**  
 Mr. Cleveland and Mr. Mills are better appreciated in Great Britain than they are in the United States. The radical free trade newspapers of the United Kingdom have been so hearty in their congratulations over the Cleveland free trade program, that the Democratic campaign managers in the country are seriously embarrassed. A recent number of the *Glasgow Observer* contained the following editorial observation:

We are interested in this thing a good deal. If America opens her ports to the manufactured goods of this country (Great Britain) it will give a great impetus to trade. We will soon flood the Yankee markets with clothes, cheap hardware, cheap hardware, cheap boots and shoes and other articles that we can manufacture more cheaply than they. We will be gainers by this. So, by all means, let us pray for the success of the free trade policy of Cleveland."

The above excerpt should be placed in the hands of every workman in the United States. It is a complete exposure of Cleveland's free trade plan. Nothing is more certain than that for every "cheap coat" imported into the United States, some American workman will be deprived of that much labor. Supposing that 50 per cent of the value of any manufactured article represents the labor expended in producing it; then if the United States imports \$100,000,000 worth of "cheap goods" in a year, the American workmen will be deprived of just \$50,000,000.—*Ex.*

Our third party friends have been claiming that they were strong enough in Vermont to give that state to the Democrats. A Republican majority of 28,000 must be rather discouraging to the third party men.

**SHERIFF SALE.**  
 By virtue of two Executions issued by the Clerk of the District Court of Lincoln county, Neb., upon transcripts of judgments rendered in justice court, and filed in the office of the clerk of said county in favor of McCormick Harvesting Co. and against David Cash, I have levied upon the following described real estate, to-wit: Lot 2 and Lot 3 both in Section 6, Township 13, Range 29 in Lincoln county, Neb., and I will sell under alias execution on the 9th day of October, 1888, at one o'clock p. m. of said day at the front door of the Court House of said county in North Platte in separate lots said real estate at public auction to the highest bidder for cash to satisfy said execution; the amount due thereon being the sum of \$127.30 and \$42.27 costs and accruing costs.
