CROFOOT, LIBBY & CO.,

Manufacturers of MEN'S AND WOMEN'S FINE SHOES.

We are prepared to supply a long-felt want, and for this shoe we claim it is the most SATISFACTORY, STYLISH AND ONLY PERFECT FITTING SHOE MADE. It fits on the foot like a glove on the hand. It is not cumbersome like the button shoe that has four or five thicknesses of leather over the instep, but this shoe has but one thickness and presents a seamless, glove-fitting front, comfortable to the foot and pleasing to the eye.

This shoe differs materially from the "old side lace." That had from 18 to 24 eyelets, double cord, and pulled on sideways, while this shoe has but eight eyelets, pulls on straight and is held in place by a low gore, inserted on each side of the shoe, which is covered and protected by the top, and is adjusted to the ankle by lacing on the inside, giving to the foot a very slim and small appearing form. *This shoe cannot break in the back*, and neither are you inconvenienced by constantly re-sewing buttons or repairing button holes. This shoe is being placed in all good towns, and its success and popularity are assured. We feel confident if you will try a pair of these shoes you will not be satisfied with any others.

Would be pleased to have you call and make a personal inspection of this shoe and think it will interest you.

Yours Respectfully.

Five prisoners in the Dodge county jail observed the Sabbath by crawling through a hole in the wall. They did the work with stone masons' tools evidently furnished them by some one on the outside. One man escaped whose sentence would have expired the following day.

Last week as workmen were removing the last of a car load of bananas that had been shipped from Panama to the commission house of Peyck Bros., South Omaha, they discovered an anaconda, full three feet long, secreted in one corner of the car. The animal was captured alive and is now in one of the city museums.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at A. F. Streitz's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted. 3

It has occurred frequently of late that hogs shipped to the South Omaha stockyards and counted out at night often run one or two short. Of coarse the commission men always take the yard count, and when shippers claim it is wrong there is dissatisfaction and commission men often have to make it up or lose a shipper.

A young sport of Beatrice left his vest containing a handsome watch and $65 hanging carelessly in a house of questionable repute last Saturday when he went to recover it he found the cash and watch missing. Poor old Jeff Davis is quarreling with his publishers because his book, "The Rise and Fall of the Southern Confederacy," has proved unprofitable; and he is mean enough to hint that the Harpers, who published it, are not treating him fairly. He is too egostistical to see his prosy, biased work has no value in the eyes of any loyal Northern man, while his ungenerous and unfair criticisms on leading confederate generals rendered it unpopular in the south.—*Blade.*

The republican candidate for congress in the Third Louisiana district, to fill the vacancy there existing, is H. C. Minor, a native-born Louisianian, of high standing, and a large sugar planter. He abandoned the democratic party some six years ago because of its free trade tendencies, as he is a staunch protectionist. The district has, on a fair vote, from 6,000 to 8,000 republican majority, and Mr. Minor will be elected unless the bourbons, by force or fraud, prevent a fair election.—*Blade.*

Ballard's Snow Liniment

Is the best Liniment in the world for animals. It will work wonders wherever any pain or inflamation may be found. Every owner of a horse should have it in his stable. For Sprains, Cuts, Bruises, Galls, Lameness and all inflamation on animals, it stands without a parallel. There is no pain Ballards's Snow Liniment will not relieve, no swelling it will not subdue. No wound it will not heal. A. F. STREITZ, Agent. 3

The postmaster general under the Harrison administration will will make more improvements in the service than half a dozen of his predecessors combined. His latest idea is the collection of mail from the boxes by means of pneumatic tubes. The plants will be expensive, but in all the large cities the saving in the salaries of carries will be great enough to give a large profit to the government. The service will be improved immeasurably. The Western Union now sends messages in New York at the rate of a mile in thirty seconds, and the system is economical as well as rapid.—*Journal.*

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgetty, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vatality, and give renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at A. F. Streitz's Drug Store. 5

The new book entitled "Johnstown Flood," published by H. S. Goodspeed & Co., of New York, is perhaps the latest work out, yet we do not feel ourselves amiss in pronouncing it also the best. It contains a most graphic and vivid narration of that wounderful disaster, the story of which will not grow old for many a long year. When the first news of the Johnstown desaster came, everybody disbelieved that so horrible a story could be true. But each day brought fresh horrors to the public notice, till it was universally remarked that for once the first account had not been exaggerated, but even underestimated. This is so rarely the case that it is a fact worthy of notice in the history of journalism. Everywhere throughout the country the heart beat with sympathy, and kindness showed itself in the most generous contributions, which soon rolled up into millions. Even the Chicago fire failed to stir up the same passionate fellowfeeling, because there, although the loss of property was great, that of life was comparatively small. We cannot but believe it will be long ere this profound interest sinks into indifference. This permanent record will be welcome by the people of the land, North, South, East and West, and wherever people can read. The author seems to have taken pains in writing an accurate as well as dramatic story, and the whole thing is presented with a vigor of life likeness which brings it home to every heart. Mr. Ferris has studied the whole matter with great care, and serves it to the public in admirable style. The book is well made, ahd has forty-eight handsome illustrations and 522 pages. We believe that any one who has an opportunity should seize the chance to purchase this thrilling work.

DISGUSTED WITH OREGON.

Mr. C. D. Knox who shipped his goods from this place about August 20, to Medford, Oregon, returned last Friday evening having become entirely disgusted with the country, which he considered the most overestimated and greatest boomed country in the United States. He visited the Rogue river valley last winter and found the climate very mild for winter, from the indication at that time formed a good opinion of the country. But his residence since April has changed his mind completley. Every thing in the line of vegetation became completely parched after May 1st, and sickness of all kinds such as diphtheria, typhoid and scarlet fever, spinal disease, ague and all other complaints are common. The temperature ranges from 90 to 110 through the day while at night it falls to 40 or 50 degrees, with a damp unhealthy atmosphere. No winds or freezing purify the air; no rains after May 1st to relieve the monotony; no good land to be had, and very little poor land at high prices is the way Mr. Knox describes it.—Ogalalla *News.*

Tired Out.

The distressing feeling of weariness, and exhaustion without effort, which makes life a burden to so many people, is due to poverty of the blood and feeble vitality. If you are suffering from such feelings, Bludbilder is just what you need and will be of the greatest benefit to you. It purifies and enriches the blood, imparts tone and vigor to the whole system, aids digestion and overcomes all morbid tendencies and nervous affections caused by a depressed state of the blood, strengthens and builds up the system, while it eradicates disease. It is pleasant to take and the dose is small. Try it and be cured. Price $1.00. Sold by A. F. Streitz.

The order of the golden Star is the lastest feature of the "Is Marriage a Failure" discussion. The headquarters of the society are in Berlin, Germany, and branches have already been established in England, Japan, New York and Chicago. The society decides that marriage as at present conducted is most decidedly a failure. A "better plan" is proposed. Members of the order are to intermary, probation-period of six months being given for finding weather they are suited or not. Divorces are granted by the order only after the troubles have been looked into by competent wedlock specialists, who will first attempt to remove the difficulty. After divorce both remain members of the order, and may in time find new affinities. If children are born they are reared by the society and prepared to enter useful trades and professions. The supreme crank of the society is said to be in St. Paul at present organizing the third American branch.—*Express.*

Dr. Brown-Sequard is an American. His father, Captain Edward Brown, of the American navy, was a Philadelphian and married a French woman on the island of Mauritius, named Sequard. He and his descendants took the name Brown-Sequard. The distinguished scientist, whose elixir of youth is making a sensation, was their eldest child. He was educated in France, but was afterwards a professor at Harvard and practiced medicene in Baltimore for some years subsequent to 1873. He married twice, his first wife being Miss Fletcher, of Boston, and a relative of Daniel Webster.

Some of the New York journals are veritable gold mines, but it has cost fabulous sums to found them. Erastus Brooks, the verteran newspaper man, said that he had seen 120 dailies established in the metropolis and only six of them are now in existence. During his experience at least $25,000,000 went out of the pockets of publishers who were vainly endeavoring to fill long felt wants.

EILERT'S DAYLIGHT LIVER PILLS are a boon to sufferers from sick headache, sour stomach, torpid liver and indigestion. Sugar-coated, pleasant to take and warranted to go through by daylight.

The opening of the summer encampment at Fort Robinson which occurred Tuesday was witnessed by many visitors. All troops in the department of the Platte, cavalry and infantry, except a few left for garrison duty at each post, were in attendance. The dressed parade line will be a mile in length, and the drills and division maneuvers will be a sight not witnessed heretofore in the west, if in the country at large.

Consumption is on the Increase.

From recent statistics it appears that Consumption is on the increase throughout the western states. The principal cause, it is stated, is due to neglect of common coughs and colds. It is the duty of all persons, whether of delicate or robust health to have a remedy at hand at all times in readiness, and a cough or cold may be broken up before it becomes seated. BALLARD'S HOREHOUND SYRUP will cure any cough except in last stages of consumption. A stich in time saves nine. Always keep it in your house. A. F. STREITZ, Agent.

Death has already caused four vacancier in the House of Representatives of the Fifty-first congress. James N. Burnes of Missouri, R. W. Townshend of Illinois, and Edward J. Gray of Louisiana died several months ago, and the demise of James Laird, of Nebraska, has just taken place. The three first named were democrats and the latter a republican. Successors to Burnes and Townshend have been chosen, and Gray's place will be filled by a special election to be held on September 3d. The death of Burnes and Townshend did not, nor is it probable Gray's will, make a change in the political status of the parties in congress, for the chances appear to be in favor of the victory of the democrats in Louisiana. Of course a republican will succeed Laird, so the relative strength of the two parties in the house will not be changed.

A N efficient yet mild detergent without any of the objectionable properties of ordinary soaps, is what recommends the "IVORY" to intelligent and discriminating people. Its cheapness brings it within the reach of every one.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the Ivory';" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.
