## Something New for Ladies

The Most Elegant Shoe Ever Made.  
TRY THEM.

**CROFOOT, LIBBY & CO.,**  
Manufacturers of MEN'S AND WOMEN'S FINE SHOES.

We are prepared to supply a long-felt want, and for this shoe we  
claim it is the most SATISFACTORY, STYLISH AND ONLY PER-  
FECT FITTING SHOE MADE. It fits on the foot like a glove on  
the hand. It is not cumbersome like the button shoe that has four or  
five thicknesses of leather over the instep, but the shoe has but one  
thickness and presents a seamless, glove-fitting front, comfortable to  
the foot and pleasing to the eye.  
This shoe differs materially from the "old side lace." That had from  
18 to 24 eyelets, double cord, and pulled on sideways, while this shoe has  
but eight eyelets, pulls on straight and is held in place by a low gore,  
inserted on each side of the shoe, which is covered and protected by the  
top, and is adjusted to the ankle by lacing on the inside, giving to the  
foot a very slim and small appearing form. This shoe cannot break in  
the back, and neither are you inconvenienced by constantly re-sewing  
buttons or repairing button holes. This shoe is being placed in all good  
towns, and its success and popularity are assured. We feel confident if  
you will try a pair of these shoes you will not be satisfied with any others.  
Would be pleased to have you call and make a personal inspection  
of this shoe and think it will interest you.  
Yours Respectfully,

A Philadelphia dealer, not being  
able to sell even a single pair of  
shoes of a certain grade at \$1,  
thought to mark them down to  
cost. Instead of doing so, however,  
he took the advice of his errand boy  
and added twenty-five cents to the  
price, and they went off like hot  
cakes.

**RELYER'S EXTRACT OF TAR AND WILD CHERRY**  
is a safe, reliable and pleasant remedy for coughs,  
colds, bronchitis, asthma and all throat troubles;  
will relieve and benefit consumption. Try it  
and be convinced. Every bottle warranted, price  
50c and \$1 per bottle. Sold by all druggists. Pre-  
pared by the Emment Proprietary Co., Chicago.

A joint stock company has been  
formed in South Carolina for the  
purpose of manufacturing bagging  
for cotton to supersede jute, from  
pine leaves. There is an abundance  
of material to be had for the gather-  
ing and hauling, and it is said  
that samples of the new fabric have  
been tested and found equal if not  
a little superior to jute. If the  
scheme is a success it will be likely  
to burst the trust. There can  
hardly be a "combine" strong  
enough to control all the pine  
"straw" in the country.

**HAPPY HOME BLOOD PURIFIER** is the people's  
popular medicine for purifying the blood; pre-  
venting or curing dyspepsia, biliousness, head-  
ache, boils and all fevers and malarial diseases.  
Fits 50 cents and one dollar per bottle.

The claim of Ben Holladay against  
the government for \$600,000 for  
Indian depletion upon his over-  
land stage route was knocked down  
last week at Portland to General  
Ingalls for \$750. Ingalls is execu-  
tor of Mrs. Holladay's estate, and  
will make an appeal to Congress on  
behalf of her two children. Presi-  
dent Lincoln promised that the full  
claim should be paid, the Senate  
scaled it one-half, and the govern-  
ment finally offered \$100,000, which  
Holladay refused. It is now thought  
Congress will vote this sum to Hol-  
laday's two orphan children.

**Merit Wins.**  
We desire to say to our citizens that for years  
we have been selling Dr. King's New Discovery  
for Consumption, Dr. King's New Life Pills,  
Bucklen's Arnica Salve and Electric Bitters and  
have never handled remedies that sell as well,  
and that have given such universal satisfaction. We  
do not hesitate to guarantee them every time,  
and we stand ready to refund the purchase price  
if satisfactory results do not follow their use.  
These remedies have won their great popularit-  
y purely on their merits. A. F. Streit, druggist, 1

According to the Toronto Mail,  
a New Foundland clergyman  
preached to a local congregation of  
sealers not long since about in-  
surance for the polar regions in pur-  
suit of that bearing game. He  
prepared a special prayer for the oc-  
casion in which he supplicated the  
Throne of Grace not to let any seals  
come in sight of their vessels on  
Sunday to tempt their souls. But  
he added by way of precaution a  
clause as follows: "But if the  
seals do appear on Sunday and Thy  
servants should catch them, then,  
Lord, do Thou forgive Thy frail  
creatures."

**FLUCTUATING CLIMATE.**  
The doctors have recently given  
a note of warning to patients about  
to try a "change of climate." They  
urge the ailing to be very careful  
about sudden and violent transi-  
tions, and above all to be thoroughly  
assured of the stability of the  
climate whereto they go. The health  
points in Colorado, reached only by  
the Union Pacific Railway, possess  
all the requirements demanded by  
the physicians—dry, cool atmos-  
phere, plenty of continuous sun-  
shine, even temperature, and ab-  
sence of wind or rain. These con-  
ditions do not exist anywhere else  
on this continent.

Uncle Sam's Condition Powder will cure dis-  
tempers, coughs, colic, fever and most of the  
diseases to which horses, cattle, sheep, hogs and  
poultry are subject, and it is good for all  
Dr. JAMES' GRIMM'S WORM EXPELLER  
cures and removes them from the system. Safe,  
pleasant and effective.

The Rev. Hugh O. Pentecost, of  
New York, has got the non-resistance  
doctrine down pretty fine.  
He says in a recent sermon: "If  
I knew a buglar was in my house  
at night I would go to him with a  
light, unarmed, and talk to him as  
I would to a friend whom I desired  
to help. If he then desired to take  
my goods I would make no protest,  
nor would I cause his arrest. I  
would follow him to the door and  
invite him to call again." Brother  
Pentecost may not have much that  
a buglar wants, but if his terms be-  
come generally known he will  
doubtless have an opportunity to put  
his views in practice.

**Ballard's Snow Liniment.**  
This wonderful remedy is guaranteed to cure  
Neuralgia. It is a positive cure. It will cure  
Rheumatism no matter how long standing. It  
will cure the dull aching pain in the small of  
the back. It will cure all sprains and bruises. It  
will instantly take out the fire from a scald or  
burn, and stop all pain. It is the most pen-  
etrating liniment in the world. It is good for all  
inflammation. It is guaranteed to do all claimed  
for it or money refunded. A. F. Streit, Agent.

The Englishmen are said to have  
the New England tannery in con-  
dition to pocket whenever they feel  
disposed to do so. The plants are  
to be run by the old owners, but  
under the direction of a general  
company with headquarters at Boston.  
Each tannery will be kept at  
work on one kind of leather. This  
will effect quite a saving over the  
present system. The new leather  
preservative, viscol, will of course  
be collared by the Britishers, along  
with the tanneries, if they can buy  
the secret of making the new pre-  
paration. Otherwise the leather  
makers will find that they are pro-  
ducing more goods than the people  
require.

**RELYER'S DYSPEPSIA LIVER PILLS** are a boon to  
sufferers from sick headache, sour stomach, tor-  
pid liver and indigestion. Sugar-coated, pleas-  
ant to take and warranted to go through by day-  
light.

Accidental evidence of an awful  
kind is furnished for the Kenner  
case in the instantaneous death  
Monday of Darwin A. Henry, a prac-  
tical electrical engineer who, to save  
himself from falling from a ladder,  
grasped a live wire, and with the  
other hand struck the  
opposite pole of the current. The  
final argument on the question of  
the constitutionality of the new  
electric execution law, a question  
which involves the disputed power  
of an alternating current to kill,  
will be held at Buffalo within a  
fortnight, and this case may have  
considerable weight in the argu-  
ment. It is proposed to use an al-  
ternating current of from 1,500 to  
2,000 voltage in these executions,  
and it is contended that force would  
not be sufficient to kill. In this  
case a 1,000-volt current, even when  
only accidentally applied did its aw-  
ful work effectually.

**Marvelous Success.**  
Ballard's Horehound Syrup has been a mar-  
velous success from its inception. There is no  
cough it will not relieve. It is guaranteed to re-  
lieve all throat and lung ailments and for cough,  
sore throat, whooping cough and all cases of its  
nature is very remarkable. Ask for BALLARD'S  
HOREHOUND SYRUP and take no other kind,  
and you will not be disappointed. A. F. Streit,  
Agent.

**THE JOLLY OLD MARINER.**  
A jolly old mariner sailing the sea,  
Was coasting a rock and thus thundered he:  
"Our ship is as bold as an eagle on wing,  
And she carries a cargo that's fit for a king:  
A cargo that's welcome to peasant or pope,  
Our ship she is laden with IVORY SOAP."  
"I've plowed all the oceans to every port,  
We carry our goods to the ends of the world,  
Our trade is announced on our banner unfurled:  
See! blazoned on pennant from top-mast and rope:  
"We bring to all people the IVORY SOAP."  
"From Procter & Gamble, my lady, do you mind?  
We carry a blessing to gladden mankind;  
For dirt is a foe to the body and soul,  
And soap must precede e'en the gospel's control;  
Then hurray! hurray! hurray! for philanthropy's hope,  
Hurray for the advent of IVORY SOAP."  
"Its bars, like the truth, or a life-saving boat,  
Ever rise to the top and triumphantly float,  
As the foam on the wind-tossed billow 'tis light,  
As the elephant's trunk it is glossy and white;  
The poets all praise it in measure and trope,  
The ocean is thundering—IVORY SOAP!"

**A WORD OF WARNING.**  
There are many white soaps, each represented to be "just as good as the Ivory";  
they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities  
of the genuine. Ask for "Ivory" Soap and insist upon getting it.
