## Something New for Ladies

The Most Elegant Shoe Ever Made.  
TRY THEM.

INSIDE VIEW. OUTSIDE VIEW.  
**CROFOOT, LIBBY & CO.,**  
Manufacturers of MEN'S AND WOMEN'S FINE SHOES.

We are prepared to supply a long-felt want, and for this shoe we  
claim it is the most SATISFACTORY, STYLISH AND ONLY PER-  
FECT FITTING SHOE MADE. It fits on the foot like a glove on  
the hand. It is not cumbersome like the button shoe that has four or  
five thicknesses of leather over the instep, but it's shoe has but one  
thickness and presents a seamless, glove-fitting form, comfortable to the  
foot and pleasing to the eye.

This shoe differs materially from the "old side lace." That had from  
18 to 24 eyelets, double cord, and pulled on sideways, while this shoe has  
but eight eyelets, pulls on straight and is held in place by a low gore,  
inserted on each side of the shoe, which is covered and protected by the  
top, and is adjusted to the ankle by lacing on the inside, giving to the  
foot a very slim and small appearing form. This shoe cannot break in  
the back, and neither are you inconvenienced by constantly re-  
weaving buttons or repairing button holes. This shoe is being placed in all good  
towns, and its success and popularity are assured. We feel confident if  
you will try a pair of these shoes you will not be satisfied with any others.

Would be pleased to have you call and make a personal inspection  
of this shoe and think it will interest you.

Yours Respectfully,

W. L. Scott, the great coal mine owner, has no pennies to add to the wages of miners, but in the next Democratic campaign the National committee will call on him to "whack up" \$50,000 and he will likely do it. He is among the great Democratic leaders and Grover Cleveland's right-hand man.

**Merit Wins.**  
We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklin's Arnica Salve and Electric Bitters and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. A. F. Streitz, druggist, 1

Last summer New York dumped large quantities of fresh fruit into the bay, that an excess of something that the world craves should not knock the bottom out of market prices. San Francisco is now doing the same thing. One day last week dealers dumped 5,000 melons into the bay. Most sank shortly. Boatmen harvested the rest.

In his letter announcing his candidacy for Congress Mr. John L. Sullivan says: "I will have no trouble about getting a hearing in Congress or in making people pay attention to what I say." Queen Victoria was much pleased while in Wales with the music of the Welshmen. She especially liked their singing and their manipulation of the harp. At one dinner eight harps played during the banquet. Six of them were brothers, under the leadership of their father, who appeared in full bardic costume, with a cap antique form, blue robes and a red girdle. One Sunday a few choristers were brought thirty-five miles to sing at the Queen's private service. On the whole, Victoria was much pleased with her visit.

Something over a year ago Daniel Burns, an adopted son of Mr. and Mrs. Wm. Burns, ran a nail in one of his eyes and shortly after the accident was sent to Omaha for treatment, but the treatment failed to effect a cure and he returned last week almost totally blind in both eyes. During his stay at Omaha he was in the care of the Sisters of Charity, and being a bright child naturally, he has learned to talk the German language quite fluently, as well as to learn the blind alphabet. "WHAT is meant by 'free alkali,' Doctor? I see it mentioned in the advertisements of IVORY SOAP."  
"Free Alkali," Madam, is the alkali which is not combined with the fats or oils of which the soap is made, due to the ignorance or carelessness of the soap maker. Soaps in which 'free alkali' is present are decidedly injurious to both the clothing and the skin when habitually used. I have seen reports of analysis made of the Ivory Soap by men eminent in our profession, and all pronounce it to contain no 'free alkali,' to be made with great care and of materials of the best quality, carefully selected, so I unhesitatingly recommend it for every purpose about the house for which good soap is required."

**A WORD OF WARNING.**  
There are many white soaps, each represented to be "just as good as the Ivory;" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.
