The board of trade at Omaha has petitioned congress against the adoption of the Torrey bankruptcy bill. Tracklaying on the Kearney and Black Hills railway has been completed to Watertown, South Dakota. The corn crop is almost a failure in Dundy county, and already old corn is selling at 70 cents per bushel. Jackson have been recommended as the board of pension examiners for Chadron. The second story of the school house is completed and Clearwater now has as fine a hall as there is in the county. The old soldiers of Brownville met Saturday to make final arrangements preparatory to organizing a G. A. R. post. Hastings grocers have adopted the early closing plan, following the example of merchants in many other Nebraska cities. Two large herds of horses, numbering 1,200 head, are being driven across Wyoming from Idaho for the Nebraska market. Twenty-seven counties in Nebraska, three in Colorado and three in Kansas have already agreed to make county exhibits at the state fair. A draft horse and colt show will be given at Parrish grove on or about Wednesday, September 3, by the Table Rock, Pleasant View, Clear Creek, Pawnee City and Humboldt horsemen. A pack of coons which had been committing depredations in a small way near Harrison was run into a hole in the ground and a number of them, big and little, were found and killed. At Kearney a petition is being circulated praying the governor to pardon Bridgeman, who was sentenced to three years in the penitentiary for burglary. He has served nearly one year.

Summer brings not only its discomforts but its attending perils to thousands of toilers, their wives and little ones, and statistics show that a large proportion of these children die from what is known as summer complaints, diarrhoea, cholera infantum and dysentery. Now, as doubtless every evil has its remedy, so every disease has its cure, and no fact is better established by the experience of thousands than that these diseases of children are perfectly cured by Humphreys' mild, pleasant and perfectly harmless Specifics Nos. Four, Five and Six. Nurses declare they are infallible and have saved hundreds of children. Humphreys' Specifics have found their way into nearly every household. They are called for not only by the mother prescribing for her ailing child, because they are mild and efficacious, but by old and young throughout the land in whom a continued experience of their results, has developed a confidence enjoyed by no other medicine.—Boston, Mass., Truettell.
