And Presents Figures to Prove that Prohibition is a Plain Successor.

AN INTELLIGENT GATHERING. The anti-prohibition meeting at the opera house Saturday evening was attended by an audience which filled every chair on the floor and many who came in late were forced to stand.

The speaker of the evening was Hon. Frank J. Kelly, of Lincoln, who prior to his removal to Nebraska last fall, resided in Kansas for seventeen years, and was for three terms a member of the legislature of that state.

Mr. Kelly is a temperance man, advocates prohibition, but from personal experience in Kansas he does not feel favorable to prohibition, and to sustain his stand presented to the audience an array of facts and figures proving that the prohibitory measure adopted by Kansas had an ill effect upon that state both morally and financially.
