TO NAME A STATE TICKET.
Iowa Republicans Assemble in State Convention at Des Moines.
THE MINING CONGRESS.
Silverite Turn to the Third Party—New York League of Republican Clubs. The Prohibitionists—Indiana Republicans in Session.
Des Moines, Ia., June 28.—The Republican state convention meets here today to place in nomination a state ticket. Secretary of State McFarland and State Treasurer Benson will be nominated for their offices without opposition. There will be some opposition to Attorney General Stone, who is a candidate for a third term. He will, however, be re-nominated. For reasons the commissioner there are a large number of candidates, including the present incumbent, Spencer Smith of Council Bluffs. Those who are in the lead against him are State Secretary Perkins of Fremont county and Representative Morrow of Union county. Both men have served on legislative railroad commissions and are in a measure acquainted with the work of the office to which they aspire. The opposition to Smith comes largely from the fact that he has been in the office for three terms already. Some of the railroad employes are understood to be unfriendly to him. An effort has been made to bring out L. S. Coffin of Fort Dodge, who is popular with the railroad men on account of his work for safety couplers. For auditor the leading candidates are C. G. McCarthy, Story county; W. C. Vandigler, Monroe county; W. Brown, Rock county and W. F. Johnson of Taylor county. McCarthy is so far in the lead, and his friends claim that he will have enough votes to nominate him on the first ballot. The only other interest in the convention is in regard to a platform. The Prohibition and anti-Prohibition elements in the party are not able to agree as to the kind of declaration which should be embodied. The question will not enter into this year's campaign, and it is likely that no reference will be made to it.

SALISBURY'S ADDRESS.
He Asks the People to Pass Before Deciding on the Supreme "Crisis."
LONDON, June 28.—Lord Salisbury has issued an address to the electors of the United Kingdom. The document, while reminding them that their votes will decide whether parliament shall be empowered to grapple with important social questions or wasted on the protracted Irish struggle, contains that the working classes so powerful that no party is likely to disregard their unanimous wish. The vital question of Irish freetrade is urged. To their election is of terrible importance. Mistakes in other questions may be repaired, but here the crisis is supreme. A strong action will mean a bitter protracted struggle, culminating probably in civil war, or even death to the Loyalties to the most cherished institutions of their ancient and unchanging enemies. The address implores the electors to pause before deciding to reverse the policy of centuries.
PARLIAMENT PROROGUED.
Dissolution Will Take Place Immediately and Write for a General Election Issued at Once—Queen's Speech.
LONDON, June 28.—The queen today prologued parliament as a preliminary step to the dissolution of that body which follows immediately. In her speech the queen says that foreign relations are friendly, and that the navy has been ratified looking to the settlement of the Behring sea difficulty with the United States. The speech also refers to the slave trade and closes with thanks to parliament for its services during the year. Write for a general election will be issued at once.

ANOTHER ARMY DISPUTE.
Secretary Elkins' Decision Concerning the Inspection of Militia.
THE ANTI-OPTION BILL.
Senator Vest Opposed That the Measure Will Pass—Stewart Submits a Substitute for His Free Silver Bill.
Washington, June 28.—Secretary Elkins has refused to issue his official family by a decision just rendered in regard to jurisdiction over officers detailed to duty with the National guard. For some time past an interesting controversy has been going on between the adjutant general and the inspector general's department as to which of the two should have control of the inspection of the militia. The contention arose over the order placing militia matters under the control of the new bureau of military intelligence. The adjutant general's interpretation of this order was that it transferred the work of inspecting the militia from the inspector general to the adjutant general in addition to all other subjects relating to the militia. The inspector general, however, declined to relinquish control of the militia business, and the result of the order was that the work of inspection was not included in the order referred to. A lively little fight has been going on for some weeks over this matter.
Secretary Elkins happily settled the dispute by directing that one officer should be detailed to inspect the militia. The militia encampment is required to report to the inspector general. The order governing the inspection of the militia, troops, while the officers will be required to carry out their original instructions from the adjutant general in regard to the improvement of militia, under instructions from the various governors, and in furnishing information for the inspector general. Some of the instructions will be required to make two reports, one to the inspector general and another to the adjutant general. The adjutant general will be required to furnish information on the subject of troops in connection with reports on riots, invasions, etc.
The reports to the adjutant general will be the most interesting, but as they are not yet received, the adjutant general's intelligence office the public will know little of their contents.
Will Pass the Anti-Option Bill.
WASHINGTON, June 28.—Senator Vest of Missouri, who is one of the most ardent opponents of the anti option bill, was asked his opinion as to what the final fate of that measure would be when it came to be considered in the open senate.
"It will pass, in my opinion," was the prompt reply of the senator. "Although the bill may be amended somewhat in committee, I expect that these amendments will be struck out by the senate and that the large majority which the bill undoubtedly has in the senate will carry it. There is strong sentiment in the committee that there should be a full and free vote upon the bill, and I expect that an attempt to pigeonhole it in committee or unnecessarily its consideration on the floor."
At the session of the committee it was determined to hold a special meeting and come to a final vote upon the bill. The members of the committee will sign a majority report against the bill, while a minority report will be presented.

IN FAVOR OF THE ESMERITES.
Decision of the Evangelical Fight in the Appellate Court.
CHICAGO, June 28.—The decision of Judge Shepard in the Swickard-Russer branch of the famous Evangelical church fight was affirmed in the appellate court here. Similar suits are now pending in several states and in many points in Illinois. This decision is in favor of the Esmerites, and declares the Dubs party's standpoint unauthorized.
The Water in Chicago.
CHICAGO, June 28.—The great volume of water which has been disturbing the equanimity of the residents of the southern suburbs of this city is unabated, but it has ceased to rise and if there are no further rains the trouble will be over.
Advertiser State Camp Meeting.
MADISON, S. D., June 28.—The Advertiser state camp meeting is in full blast at Lake Herman grove and thousands are in attendance.
PROSPECTS OF A BATTLE.
Dictator Palacio's Overthrow Falls to Bring Peace to Venezuela—Other Leaders Fighting.
CARACAS, June 28.—The resignation and departure of ex-President Palacio of Venezuela has not brought peace to that war-torn republic. It is said that Vice President Villegas and General Monagas have taken charge of affairs with the intention of reorganizing the government on lines already laid out. A proposition was made to General Crespo to join in their plan of reorganization, but he promptly refused, and announced that he will consent to no other plan of reorganization than that which he has already constituted.
His argument is that while they cut off the head of the dragon when they sent Palacio into exile they left the body of the beast in Villegas and Monagas. Crespo with his army is said to be marching rapidly on Caracas, and a desperate and decisive battle is said to be imminent, certainly within a few days.
Pennsylvania Storm Swept.
PHILADELPHIA, June 28.—Last night's storm was one of the worst ever known in eastern Pennsylvania. In Reading the streets were flooded and many houses were struck by lightning. In Chester county the storm was the worst known in twenty years and the damage to crops and buildings is unprecendented. At Cum Lyne a railroad train was struck by lightning and several persons hurt. At Chester the streets were flooded and buildings wrecked. From Hamburg, Berks county, comes a rumor which has not been verified, that a half dozen lives were lost, and that over this section the reports are of widespread damage.
Gris Grap's Deal.
CHARLESTON, W. Va., June 28.—Misses Gertrude Hager and Lizzie Spears are two of the handsomest young ladies in the section of Lincoln county in which they live. The long continued feud between them for social preferences led to bitter enmity, and Miss Spears, having recently made several conquests by her superior charms, her rival, Miss Hager, could stand it no longer, and one day last week challenged the object of her hatred to a mortal combat and fired five shots at her. She proved a bad marksman and one of the shots took effect. Miss Spears was before Justice Smith the day following for a warrant to restrain her enemy from further violence, and the end is not yet.

THE MINING CONGRESS.
To Be Grand Rally in the Interest of Free Coinage and the Third Party.
HELENA, Mont., June 28.—Extensive preparations are being made for the approaching mining congress for the purpose of making it an important factor in the third party movement. In view of the dissatisfaction of the people in the mining states with both the Democratic and Republican nominees and platform, the silver men will take advantage of the congress to bring about a grand rally in the interest of free coinage and the third party. Senators Wolcott, Jones and Stewart, and Thomas Patterson and other prominent silver men, have consented to attend the meeting of the congress.
Indiana Republicans.
FORT WAYNE, June 28.—The Republican state convention was called to order at 10:05 a. m. and C. W. Fairbanks chosen temporary chairman. At the conclusion of the address recess was taken until 1 p. m.
The platform which will be adopted commends Harrison's administration and the Minneapolis ticket and platform and approves the generous pension laws. The rest of the platform is devoted to state issues, being principally taken up in denouncing the Democratic state government.
Whitney Will Be a Big Factor.
INDIANAPOLIS, June 28.—Senator Brice, who stopped over here, when asked when the national committee would organize, said: "On or about July 12. The committee on notification has appointed a sub-committee of five and the committee will perfect its organization. Whether Mr. Whitney is made chairman or not he will take an active part in the campaign. He was active in the work of the convention. I never knew third parties to amount to anything."

RIOT IN BRUSSELS.
Guards Called to Aid Police in Dispersing a Mob.
BRUSSELS, June 28.—While some societies were returning from an excursion they became disorderly in the streets. The police ordered them to disperse, but they refused to do so and the police charged upon them. In the conflict that ensued the police were overpowered and their arms taken from them. Several of the rioters were severely wounded by the weapons in the hands of the rioters. The civic guards were called out and dispersed the mob. Several of the leaders of the rioters were arrested.
The Police Hunt for Evidence.
LONDON, June 28.—Thomas Neill, who is charged with attempting to blackmail Dr. Joseph Harper of Barnstable by alleging that he had in his possession evidence showing that Walter Joseph Harper, then a student at St. Thomas' hospital, had poisoned Alice Emma Russell, which he would surrender on the payment of £1,500, was again brought before Sir John Bridges in the Bow street police court. This case shall bear the name of a citadel in Swabia, which gave its name to the royal race with which I am connected. My ideas are to work with my people, and to march in battle at the head of my people. I christen thee, 'Hohenzollern.'"
Smallpox Epidemic in Mexico.
CITY OF MEXICO, June 28.—The rainy season has opened here and has brought with it an epidemic of smallpox. In the district of Chapultepec the malady is spreading alarmingly among children and twenty deaths from that cause were reported to the health office. There are fully 200 cases in this city and the death rate during the past few days has been increasing rapidly. There are also a number of cases of yellow fever at Vera Cruz.

CONGRESSIONAL.
WASHINGTON, June 28.—The house today devoted itself to the consideration of pension bills. In the senate Mr. Hale called up his resolution relative to a tariff for quinine only and made a speech outlining the Republican attitude on that question during the coming campaign. At 1:12 p. m. the matter went over until tomorrow.
Extending the Appropriations.
WASHINGTON, June 28.—The house committee on appropriations decided on a joint resolution extending the present appropriations until July 15, this action being necessary in view of the probable failure to pass the appropriation bills by the first of July, the beginning of the fiscal year.
Counterfeit Currency.
HUSTON, Ind., June 28.—Counterfeit money is doing its worst. Several \$5 greenbacks were presented for deposit at the Citizens' and National banks, but their worthlessness was detected and they were thrown out. At present there is no clue to who is handling or passing this spurious money, but evidently somebody is making a business of it and it is more than probable that it is some person who has at green goods circulars sent out from New York some time ago. The bills are said to be very poor counterfeiters.
To Oppose the Powder Trust.
ALTON, Ill., June 28.—A deal which has been pending for some time was closed by the transfer of ninety acres of land at Alton Junction, twelve miles south of this city, to the Equitable Powder company, of St. Louis and New York. The personnel of the company is kept secret for the present, but it is announced by the local agent that work will be done at once to erect a large powder plant running 200 mills, to be operated in opposition to the great powder trust. HE SHE DREW THE PENSION.
Mrs. Taylor, an Iowa Temperance Worker, Brought to Book.
WAS FORCED TO DISGORGE.
Sergeant Taylor Languished in an Insane Asylum and His Wife Kept the Money—The Rightful Owner Got the Benefit at Last.
CHICAGO, June 28.—General John N. Stille, the chief pension examiner in this district, and District Attorney Gilchrist, have just completed an investigation of a remarkable pension fraud and compelled the restoration of over \$8,000 diverted from the rightful owner. John S. Taylor was a surgeon in the twenty-third Illinois volunteer infantry. He lost his health in the service of his country and in March, 1869, made application for a pension. Two months later Dr. Taylor was adjudged insane and sent to the asylum at Jacksonville, this state. Since then he has been hopelessly insane and has been by turns confined as a pauper in the asylums at Danning and Kankakee, where he now is, an old man of 77 years of age.
His wife, Mrs. Alice L. Taylor, who lives at Mt. Pleasant, Ia., and who has been prominent as a lecturer and writer on temperance, has been drawing her husband's pension of \$12 a month since 1874, not one penny of which has been spent for the benefit of the insane man. In all she has received from the government \$16,064. General Stille recently went to Mt. Pleasant to Mrs. Taylor's home and found that the money she had received from the government she had saved \$10,000, which was invested in notes and securities. After she had secured the facts showing that no part of the money had been used for the benefit of Dr. Taylor, General Stille secured an order of court compelling Mrs. Taylor to come here and make an accounting. This she did at once.
At a consultation with District Attorney Gilchrist it was decided to settle the case at once and secure what funds were at hand to be used for the immediate benefit of Dr. Taylor. It was agreed that Mrs. Taylor should surrender \$8,100 of the funds she had. She did so and was dismissed from her conservatorship and the Illinois Trust and Savings bank was appointed conservator in her stead. General Stille says that it was thought best not to prosecute Mrs. Taylor, as she is an invalid and made no profit to retain the money. Mrs. Taylor gave no explanation of her neglect of the Dr. except to say as he was hopelessly insane she could do nothing for him. The authorities at Kankakee say, however, that had Taylor had the benefit of the ample pension due him he would not have been in the hopelessly insane state he now is.
