

Mrs. Franklin Pease has been confined to her room for several days past with a severe attack of erysipelas. The horses and cattle at the Scout's Rest Ranch are offered for sale. See advertisement in another column. For rent—A five room house in west part of city; city water; good stable on premises. Apply to J. F. Schmalzried. Fred Kade, who is a successful melon grower, said Monday that up to that date his vines gave promise of a fair yield. We learn that J. B. Aveline, late of the county, will engage in the hotel business in Indiana in company with his brother John. A small child of J. E. Grace fell on a broken bottle while playing in the yard Monday and sustained a severe cut on the arm. Because of the public sale of some school property in Galien precinct, Miss Howard will not be in the office next Saturday, Aug. 25th. For sale—A top buggy nearly new, set of harness, robes, whips, etc. Inquire at this office. The barn on the Gibson farm in Nichols precinct was struck by lightning Saturday resulting in considerable damage to the building. In a business letter to The Tribune, Chas. Martin, of Cheyenne, advised that his wife has been sick for fourteen weeks, but is now slowly recovering. There are very few unemployed men in North Platte, and the demand for laborers in the hay fields in the near future will lessen the number. Additional regalia for Pocahontas Tribe, I. O. E. M., was received by express Monday, and the "squares" will now be more gorgeously adorned. For rent—A seven-room house in good repair. Inquire of Harry Dixon, at Clinton's jewelry store. A large party of prominent Coloradans, bound for the bi-millennial convention to be held in Chicago this week, passed through town Sunday morning. At the evening service next Sunday the class of probationers will be received into full membership, and W. E. Hardaway, the pastor will give some "Hires for Living." Parties indebted to C. F. Ormsby, on book account or for rent, are hereby notified to settle with Church & Evans, office in Hinman block, who are authorized to collect the same. Patterson & Alexander's grading outfit is at work this week on a piece of road near Pawnee Springs. It is very low land and seldom sufficiently dry to allow the use of tractor or scraper. Communion service at the Methodist Episcopal church on Sunday evening will be attended. The sermon by Rev. J. F. Kohlmann, in the absence of the presiding elder, was appropriate to the occasion. W. S. Peniston received a telegram Monday evening from John Lemasters, who is now at Washington, Ind., stating that he would be in North Platte August 15th. Some are inclined to think John will not show up. Highest cash prices paid for county and city warrants by R. A. Douglas, Front street. F. L. Clark, who has visited this city a number of times in the capacity of piano tuner, is now with the Fischer piano exhibit at the world's fair, where he will be pleased to meet all North Platte acquaintances. There is quite a demand for hay land lease this season, many believing that hay will be worth from ten to fifteen dollars per ton next winter. Loose hay is being sold on the streets at present for five dollars per ton. Less than fifty owners of dogs have paid the license which was due and payable immediately after May 1st last. This is a source of revenue to the city that the proper officer should not overlook and moreover it should be enforced fully if at all. The Lincoln county teachers' institute begins Aug. 14th, and Miss Hoeford would like the names of any who can accommodate teachers during the session. She hopes that the charges will be made as low as possible, as the hard times make it difficult for teachers to attend. The Tribune wishes to correct the report that the newspaper publishers of this town had withdrawn their deposits from the local banks and had thus left those financial institutions in the lurch. This report was started by a man who returned from the world's fair the other day and the papers failed to mention it. Use North Platte patent flour. Every sack guaranteed. If not satisfactory in every instance money will be refunded. For sale by all dealers. East-bound Coloradans are still passing east in large numbers over the several roads leading out of Denver. In the latter city the congregated miners and tradesmen number several thousand and while the board of charities are feeding the men the citizens generally are anxious that they be sent east as rapidly as possible. Saturday night and Sunday about three hundred had their fares paid to Omaha, the railroad giving a six dollar rate for box car passage. Denny Redmond returned Saturday night from South Omaha, where he expected to engage in business, but owing to the proposed rescission of a would-be partner he did not invest. The Bee reported that Denny had lost a wad of \$700 in the transaction, but he assures us that he did not lose a cent, the dicker being declared off by him before any money had been paid. Denny is filling his usual position at the Star clothing house. Martin Van Brocklin, of Elizabeth, was in town Saturday, and in conversation with the writer expressed himself in favor of having race-making experiments conducted at favorable times. He thinks the matter is of such great importance that the county or state could well afford to make experimental tests and ascertain whether any good results from employees or the generation of games. It is his opinion that if precipitation follows the explosion of dynamite it is due to the liberation of gas rather than the report or concussion.

The regular meeting of the W. C. T. U. will be held on Saturday at Mrs. Tracy's at three o'clock p. m. One-fifth of an inch of rain fell Saturday night, about one tenth of what we needed; but then small favors are generally received these days. Wanted a good girl for general house work. Wages from \$3.50 to \$4 per week for a girl giving satisfaction. Apply at McDonald's Bank. H. S. Boal has turned over to Chas. Trego the greater part of the management of the Cody ranch. Mr. and Mrs. Boal will continue to reside at the ranch. Use North Platte patent flour. Every sack guaranteed. If not satisfactory in every instance money will be refunded. For sale by all dealers. The "tin plip brigade" was never quite so large in North Platte as at present. Its duty this warm weather is the transporting of beer in small quantities. Rev. H. D. Brown, of North Bend, will deliver a free lecture at Lloyd's Opera House on Friday evening next on the subject of "Romanism as a Political Power." The large hay barn on the Nowell ranch was blown down during the gale of Thursday night. It had been insured in a tornado insurance company, but the policy expired a few weeks ago. Prof. Bensch, at one time leader of the Kearney Midway Band and who on several occasions has assisted the local orchestra in furnishing music for dances, was in town yesterday tuning pianos. To close out I will sell all gasoline stoves, refrigerators, hose and lawn sprinklers at cost. They are all first-class goods and must be sold. L. STRICKLER. Miss F. Bernice Kerney, of Plattsmouth, W. C. T. U. organizer, will address a mass-meeting on "Temperance" at the court house lawn to-morrow (Thursday) evening at half past seven o'clock. Everybody is cordially invited to attend. Antone Stenner and Miss Rose Labille were married last week at the home of the bride's parents at Wellfleet Res. Page officiating. Mr. Stenner owns a fine farm near Bartley, and the young people left for that place immediately after the ceremony. It is reported in railroad circles that J. D. Rayle, late of the Grand Island dispatcher's office, will take the trick at this point now held by H. J. Roth. If this change occurs it is said that Mr. Roth will go to Colorado and labor for a month or so on his fruit farm. During the dog-day season, the drain of nervous and vital energy may be counteracted by the use of Ayer's Sarsaparilla. In purifying the blood, it acts as a superb corrective and tonic, and enables the system to defy malarial and other climatic influences. From the Wellfleet Argus we learn that John Young and Thos. Simants, of that place, have leased 1500 acres of hay land in the Platte valley and will cut the hay therefrom. They will start in with a force of fifteen men and the necessary amount of haying machinery. John Cimmmons, who lives in the sandhill district southwest of town, bought in a few stalks of corn Monday from his acreage, a field which shows that John will have a heavy yield of that grain. This is one of the years in which the much despised sandhills will produce the best crop. Dr. Hingston—Fitting of glasses; Official Surgery. The Standard Oil Company has absorbed the Rocky Mountain Co., and the price of coal oil in this city has ascended to its former price, twenty cents per gallon. It is said that the Rocky Mountain Co. dropped two million dollars in its vain attempt to compete with the Standard in the western field. The lawn social at the Presbyterian parsonage Thursday evening was largely attended, and had there not been a mishap in the structure several gallons of ice cream the receipts of the evening would have been highly gratifying to the society. The lawn was highly decorated with lanterns and headlights. The road overseers of districts bordering on the railroad might do well to follow the example of a Keith county overseer who has plowed fire guards the full length of his district and when the proper time comes will burn it out. Such a course might result in preventing disastrous prairie fires. Rain followed twelve hours after the explosion of the dynamite, but whether the precipitation was due to the explosive, to the Methodist ministers who had assembled in the city, or to the efforts of Observer Percy, there is a difference of opinion. The Tribune is inclined to give the dynamite fifty points, the ministers thirty and Percy twenty. The mortgage record in the county clerk's office shows the following for the month of July: Farm mortgages filed 17, amount \$11,777.75; satisfied 13, amount \$9,475.75. City mortgages filed 1, amount \$3,881.00; satisfied 6, amount \$15,000.00. Chattel mortgages filed 152, amount \$28,770.44; satisfied 225, amount \$45,550.14. Sheriff's deeds 5, amount \$2,185.15. Those who have been "kicking" on account of the expenditure of city funds for street improvements will undoubtedly be pleased to learn that the work laid out by the council is nearly completed and that the outlay in this direction will soon halt. The streets are now in good condition and the repairs needed next year will undoubtedly be light. E. W. Murphy, who was in town yesterday, informs The Tribune that he has just finished cutting a 115-acre field of wheat on his Logan county farm, the yield of which competent judges say will be from twenty to twenty-two bushels per acre. Mr. M. says he also has "one of the finest fields of flag in America," and as E. W. never exaggerates we are ready to believe his statement. Tim T. Kelly was the recipient of surprise party last night at the hands of about sixty of his friends, the major part of the guests being young people. Dancing on the lawn to music furnished by Monagan's orchestra was the principal entertaining feature of the evening and right merrily did the hours pass by. Before leaving the guests were served with seasonal refreshments. Attend-ants enjoyed the occasion one of the most enjoyable of the year.

One-fourth of an inch of rain fell last night. Let the good work go on. Brady Island has been unfortunate in the matter of fire, the loss in the recent one being placed at about \$3,000. Harrington & Robin have leased the Cotton tract of land lying west of the city and will cut the hay therefrom. There are about 1200 acres in the tract. Wanted—Dining room girl at Vienna Restaurant. Hooks—Regular monthly business meeting of the Hook and Ladder company will be held next Monday night at 8 o'clock. E. F. Remond, Sec'y. The independent of the county were supposed to have held a picnic near Brady last Saturday in celebration of the third birth year of their party, but we have heard nothing as regards the attendance or the speeches delivered. The town was pretty well deserted yesterday—it was the sportsman's day off and the slaughter of prairie chickens must have been very great. It will create no surprise if some one files complaints against those who are killing the birds out of season. The Indians are learning to work. Up at Valentine last week a full blood Sioux ghost dancer bought a mower and has gone to putting up hay like a white man. Incidentally it may be stated that he drives the team and his wife does the real work. Tobias Custor, of Lincoln, has been in Washington for several days, and on Monday gave up the following talk to the Bee representative: "The republicans who were appointed to the new land offices in Nebraska—those created by the Reed congress—will, it is understood, remain till their four years are up. I expect changes to be made in the old offices of Alliance, McCook, Lincoln and North Platte for instance, soon. I am going to the interior department tomorrow to look over the papers on file and make some recommendations. The secretary of the interior is out of the city and I do not know when he will act upon the recommendations, but I shall submit mine this week and I hope for and expect early action. No, I do not care to mention the names I will recommend for any offices. It is against my policy. The first appointments which will be made for Nebraska will be about twenty-five fourth-class postmasters to-morrow and about the same number on Wednesday. J. D. Rayle, late of the Grand Island dispatcher's office, will take the trick at this point now held by H. J. Roth. If this change occurs it is said that Mr. Roth will go to Colorado and labor for a month or so on his fruit farm. PEREGRINATING PEOPLE. Miss Vernon, of Boone, Iowa, is visiting relatives in the city. R. A. Douglas returned Saturday from a visit to the world's fair. Mrs. L. Peterson is visiting friends and relatives in Cheyenne. Miss Blaser, of Denver, is the guest of her sister, Mrs. Robt. Ginn. Charley Trego returned Monday night from a week's visit at Chicago. Mrs. Sprague, of Cleveland, Ohio, is a guest of her son, brakeman Sprague. Mrs. Wm. Brown, of Sutherland, visited North Platte friends Saturday. R. L. Graves, Lester Eells and Arthur McNamara were Denver visitors Sunday. Sam Urbach, of Grand Island, visited North Platte friends the latter part of the week. Miss Westwick, the school teacher, expects to leave this week for the world fair city. Mr. and Mrs. D. C. Congdon returned Sunday from their pleasure trip in Colorado. Mrs. Little, who had been visiting her daughter Mrs. Donaldson, left for Omaha to-day. Mr. and Mrs. Martin Van Brocklin, of Elizabeth, left on No. 2 to-day for the world's fair. C. W. Collins, of Beatrice, a member of the firm of Dillon & Collins, was in town yesterday. T. D. Cotton, who has been spending the past year in Beatrice, is visiting North Platte friends. Chas. Bogue arrived from the world's fair last Friday and will spend the summer with his father. Mr. and Mrs. C. Stoenburg, of Grand Island, are the guests of their daughter Mrs. Jno. Sorenson. Colonel Owens and family returned yesterday morning from a pleasant ten days trip into Colorado. Mrs. John Noehr and children, of Sutherland, had been visiting friends in town for several days. Mr. J. F. Jackson and Mrs. H. J. Roth returned Saturday night from a visit in the eastern part of the state. Fred Weingand left Monday for a visit at his old home in Rossville, Ill. He will also take in the world's fair. Commander A. H. Church went east Sunday morning on business connected with the Grand Army of the Republic. Rev. W. A. Ambrey left for Lincoln Monday morning, and appointed the fourth quarterly conference for Friday afternoon at 1:30 o'clock. Mr. and Mrs. M. Fowler arrived in town Saturday night and are living in the house on Third street purchased some time ago by Mr. F. P. Postmaster Wood left on No. 2 to-day on a pleasure trip to Wisconsin, where he will remain several weeks resting from his past arduous labors. Mrs. T. B. Dawson, of Sidney, who had been visiting the families of Judge Hoagland and Rev. Hardaway, left for Ashland, Neb., this forenoon. Misses Minnie and Ella Peterson, of Keithburg, Ill., niece of Mrs. J. G. Anderson, are the guests of that lady, having arrived in town Saturday. J. E. Boyd, Jr., and Chas. Witman, of Omaha, are recreating this week with friends in the city. The former is a nephew of Mrs. Chas. McDonald. J. H. Page, western manager of the Trust Company of America and secretary of the present ditch company, has been in and around the city for several days. Will Vollmer leaves this week for Chicago and other eastern points for the double purpose of visiting the fair and buying a stock of winter goods for the popular Star. Misses Stella and Betty Graves left for a trip to Colorado Saturday, after having spent about two weeks with North Platte relatives. On their return from Colorado they will visit the world's fair. Lester Eells will leave the early part of next week for Chicago, where he will meet Mrs. Eells who has been visiting friends in Buffalo, N. Y., for several months. They will visit the world's fair for a week or two. Miss Louise McGee arrived last night from Fort Russell, Wyo., to remain at home for a time. Miss Hannah Knapp and nephew Johnnie Clark spent a month in Omaha visiting relatives and friends. John Johnson, the day caller, became the father of a girl baby last week and he never had a happier ring to his voice. J. H. Hardin is again in possession of the blacksmith shop, having purchased the shop and contents from Tillman Bahltz. J. P. Carrigan arrived from Massachusetts last Friday and will make her future home with her daughter, Mrs. Robert Fulton. When Mrs. E. M. Owens built her house she had several extra rooms put into it to accommodate roomers. There is still a pleasant one left for any young man of good character. Last Wednesday marked the close of the fifteenth year of life of Mr. and Mrs. Geo. S. Baskins, and a number of neighbors surprised them in the evening to celebrate the glass wedding. One or two of the hotel girls have been taking lessons in cycling after business hours with satisfactory success. Women appear to display more courage in attacking a bicycle than they do in attacking a rat or a mouse. Geo. T. Buzza and wife returned last week from a pleasant trip to Oregon and Washington. Mr. Buzza has taken out a patent on a Tandem Draft Equalizer which will doubtless bring him a good salary in time. The scarlet fever card was out on the house of Mrs. Gerkin, two little children having been taken with the disease, but they have about recovered. The prompt action of the physician has kept the germs from becoming disseminated through the community. David Minshall whose house on the south side was destroyed by the fire of April 4th has purchased the Dixon property on north Leaside street and will move into shortly. He gives promise of good property and it places his energy work with a sidewalk the entire distance. We are glad to see him invest again on our side. The boys upon whose hands time is being heavily just now, are killing some of it by making and flying kites.

C. S. CLINTON, JEWELER AND OPTICIAN. U. P. Watch Examiner. An Easy Morning Five. The residence of A. J. Minshall on west Fifth street caught fire about three o'clock Monday morning, and before extinguished the flames had gutted the interior. Mr. Minshall had been sick during the night and Mrs. M. had been up to get him some medicine, leaving a light burning on a table situated near a curtain rod. The supposition is that the wind blew the curtains over the lamp igniting them and the flames soon spread to other parts of the house. When the sleeping inmates on the second floor woke they found it impossible to descend the stairway. Mr. Minshall hurriedly tied several sheets together and lowered himself out of a window to the ground. He then procured a ladder and by this means Mrs. Minshall and daughter Inez made their escape. Part of the furniture, including the piano were gotten out of the house, but the wardrobe of the family together with a major portion of the furnishings were consumed. There was an insurance of \$1,000 on the house and the same amount on the furniture and clothing. On the latter the loss is probably covered, but on the building there will be a loss of several hundred dollars. A Successful Entertainment. The entertainment given at Keith's hall Saturday evening under the direction of Miss Farnsworth proved a very pleasant one and certainly reflected great credit on that lady as well as those taking part. Nearly every seat in the hall was occupied by an interested spectator and we believe there were none who did not enjoy the evening. The program was opened by a solo by the correct band, followed with recitations by Inez Minshall and Nellie Hartman and a solo by Miss Cox, all of which were excellently rendered. Following these was the feature of the evening, the Grecian Drill, participated in by 35 dozen young ladies arrayed in loose white robes. These young ladies had been drilled to perfection in their varied forms of posing and styles of gesture, and especially beautiful were the groupings following the drill. Other numbers on the program were recited by Lena Klein, a little dot who did remarkably well, and Hildogard Johnson, the solo, "After the Ball," by Miss Cox, the "Peek Family" led by Miss Anna Kramp, which produced much merriment, and a very neatly executed drapery study by Miss Farnsworth, who in response to an encore gave a recitation. Another selection by the band concluded the programme and the audience retired, highly pleased with the entertainment. The programme was conducted smoothly throughout, not the semblance of a "break" occurring, which speaks equally well for the conductor and those who participated. THIRD WARD LOCAL EVENTS. COLLECTED BY ALBIE. H. Golden has been laid up several weeks with rheumatism. Mr. Hainline of Hainline & Gupf has visited his abode on the south side. John Weinberger was in Omaha over Sunday and reports his father not very well. Miss Kate McGovern, of Omaha, spent two weeks with her uncle James McGovern. Geo. W. Sterling was here from Denver over Sunday. It is one of our girls he comes to see. Miss Lizzie Tanger is here from Lodge Pole, to make a two weeks visit with relatives. Mrs. Hugh E. Bird left for eastern Iowa last week to visit for ten days several relatives. Miss Louise McGee arrived last night from Fort Russell, Wyo., to remain at home for a time. Miss Hannah Knapp and nephew Johnnie Clark spent a month in Omaha visiting relatives and friends. John Johnson, the day caller, became the father of a girl baby last week and he never had a happier ring to his voice. J. H. Hardin is again in possession of the blacksmith shop, having purchased the shop and contents from Tillman Bahltz. J. P. RENNIE OUT OF BUSINESS. Positively, the entire stock of H. C. Rennie to be closed out in 90 days. We will not mention prices. All goods marked in plain figures. This sale will begin on MONDAY MORNING, AUG. 27, and first come first served. Those coming early will receive the better attention. All goods will be sacrificed. Our wish is to close in 90 days, and prices much less than actual cost will prevail. Rennie out of Business in 90 days. All those indebted to this house will please call and make arrangements for settlement as no goods will leave the store except FOR CASH. Cholina in Mecca. Not often in this city but ancient city of Mecca has the cholera been more destructive than it is this year. The deaths from it, as stated in such reports as can be procured, range from 500 to 700 a day, without taking account of the mortality along the ways leading to the city. The cases must be numbered by the thousand. We suppose that a large proportion of the victims must be pilgrims, for the settled population of the place is but little over 40,000. The number of pilgrims this year, especially from India and Persia, has been inordinately large. The ordinary sanitary laws are disregarded in Mecca as in other cities of the Mohammedan world. Anything like scientific treatment of the cholera is unknown. The fatalistic believers regard a visitation of it as the decree of Allah. They are willing that it shall bring them death, if they but die within view of the holy city or on the way thereto, as paradise is assured them. The cholera was in Mecca last year. It is almost as constant there as it is in the delta of the Ganges. It often rages fiercely there without approaching any part of Europe.—New York Sun. Profits on Little Neck Claims. Despite the prevailing depression in many lines of business, one industry in this section employs a large number of hands and is running overtime. It is that of gathering the delicious bivalves about the size of a silver dollar known as Little Neck clams. The catch in this vicinity averages nearly 100 barrels a week, for which wholesale dealers in New York pay \$2 to \$10 a barrel. There are usually about 3,500 clams in a barrel, but sometimes when they are running unusually small there may be 5,000. When a New Yorker orders a "swell" restaurant and pays 40 cents for seven or eight of these little bivalves, it can readily be seen that a barrel containing 3,500, and costing about \$10, will yield the proprietor something like \$200. There is a market for all Little Neck all year round, but it is difficult to catch them during the winter months.—Norwalk (Conn.) Cor. New York Times. Didst Hear of the Wan. Edna Hickman, an old negro, is the plaintiff in perhaps the most remarkable case ever tried in the courts of this country. She is an ex-slave and brought suit against her master, Joseph Hickman of this county, for \$5 a month wages as a family domestic for 24 years, during which time she claims to have been kept in ignorance of her emancipation. The suit was instituted here in 1889 for \$1,400 and resulted in a judgment in her favor for \$700. Defendant appealed to the Kansas City court of appeals, which remanded the case to the circuit court of the county, which now renders a decision for the defendant. A motion for a new trial has been filed.—Booneville Cor. St. Louis Chronicle. Standards of Measurement. The "foot" is named from the length of that member in a full grown man. Some say that it was so called from the length of the foot of a certain English king, but it is believed to have been a standard of measurement among the ancient Egyptians. The cubit is from the Latin cubitus, an elbow, and is the distance from the elbow to the end of the middle finger. Fathom is from the Aryan, fat, to extend, and denotes the distance from tip to tip of the fingers, when the arms of an average sized man are fully extended.—St. Louis Republic. One Fare for the Round Trip. The Union Pacific will sell tickets to Grand Island and return at one fare for the round trip, for the accommodation of those desiring to attend the annual state G. A. R. reunion, which will be held Aug. 28th to Sept. 2d. See your nearest Union Pacific Agent for particulars. Barb Wire at Hershey & Co's. Great Sacrifice in Choice Tons Lots.
