

REPUBLICAN TICKET.

For Supreme Judge, T. O. C. HARRISON. For Regent State University, H. D. EASTERBROOK. For Treasurer, JOHN H. CLARK. For Clerk, GEO. C. STODDARD.

"We have no such dead-weights as Beatty and Stevens on our ticket this year," quietly remarked a leading independent Monday.

TIM KELIHER'S activity in the present campaign is said to be due to the promise that he shall be made deputy treasurer in case Buchanan is elected.

The utterances of some of the so-called independent orators at one of the country school houses last week were such as to throw in the shade the mouthings of the Chicago anarchists.

THE Wallace Herald alludes to Sheriff Baker as a "ward hummer," but the fact that Baker received a majority of 247 in North Platte two years ago is pretty good evidence that the people of this city regard him as a gentleman and an efficient officer.

THE independent orators are telling their hearers to vote the candidates who are satisfactory or not, in other words if Statan was on the ticket he should receive the independent support.

THE selection of W. C. Elder as chairman of the county central committee has inspired the republicans of the county to great activity and they have gone into the campaign to win.

SHERIFF BAKER'S nomination came to him unsuspected, and he accepted it because the convention on the first ballot was almost unanimously in favor of him.

WONDER if Jake Miller is telling his friends how he charged three per cent interest on notes he accepted from farmers to whom he sold horses, and then fearing his debtors would plead usury, came to town and got legal advice.

THE reduction in the Bank of England's discount rate, the drop being from three and one-half to three per cent, which has just taken place, had been expected by those on both sides of the Atlantic who had been watching the financial situation in London.

WHEN a farmer secures the services of a man who faithfully and honestly performs his work, he naturally desires to retain him as long as possible. It should be the same in the case of Stoddard, Clark, Baker, Ray and Miss Hosford, who have faithfully, honestly and impartially filled their respective offices during the past two years.

IS Miss Hosford we have an able, conscientious and painstaking county superintendent; one who has proven worthy of the trust reposed and against whom no just criticism can be made.

THE democrats of the south end of the county are congratulating themselves that Miss Forsythe is a good deserver, and that they are not her because of that fact. During the past two elections politics have not figured in the selection of a candidate.

WE learn that Tim Keliber is making a special fight against Jno. H. Clark by telling the independents that he, Clark, is not turning in to the county treasury the interest he receives on county deposits.

EVERY American, even those who live fifteen hundred miles from tide-water, will feel a fresh glow of pride over Saturday's international yacht race, in which the American Vigilant beat Lord Dunraven's Valkyrie by a clean six minutes.

ON what grounds can Buchanan ask for republican votes? Does a Judas Iscariot deserve to be rewarded? The republican party took Buchanan out of a cheap clerkship and placed him in an office with a very remunerative salary, and before the expiration of his term he turned traitor and worked for a nomination from the pops.

THE panic has not stopped railroad building altogether, but it has of course caused the postponement of a great deal of work that would have been done this year had ordinary conditions prevailed.

IT was through no fault of the Era that the tax-list this year amounted to only \$500, and no one regrets that it did not amount to \$2,000 so much as the editor of that sheet. It happened this time that the Union Pacific and other large tract holders paid their taxes prior to the time for advertising delinquent lands and this cut off the Era's revenue.

AS the Era is talking considerably in competence, it is well to ask wherein Newell Burritt is qualified to fill the office of county clerk.

THE republican state convention failed to nominate T. O. C. Harrison as choice for supreme judge but put in the field, by a vote of three to one, a man whose nomination seems satisfactory to the republicans in every section of the state and particularly so to those of western Nebraska.

THE Ford theater disaster has put once more in the shape of a resolution for a senate committee to investigate the liability of the government for damages to the families of the killed and injured.

"During my term of service in the army I contracted chronic diarrhoea," says A. E. Bending, of Halsey, Oregon. "Since then I have used a great amount of medicine, but when I found any that would give me relief they injured my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice.

THE Journal hears with deep sadness that the representatives of the prohibition party are going abroad through this fair land abusing the leaders of the populist organization, and condemning their platforms and purposes at every turn of the road.

Squire Osbaldestone's undertaking to ride 200 miles in 10 hours, which he accomplished so successfully on Nov. 5, 1891, is one of the most remarkable feats of endurance in the saddle and has the merit of freedom from cruelty.

THE democrats of the south end of the county are congratulating themselves that Miss Forsythe is a good deserver, and that they are not her because of that fact. During the past two elections politics have not figured in the selection of a candidate.

Don't Blame the Cook

If a baking powder is not uniform in strength, so that the same quantity will always do the same work, no one can know how to use it, and uniformly good, light food cannot be produced with it.

All baking powders except Royal, because improperly compounded and made from inferior materials, lose their strength quickly when the can is opened for use. At subsequent bakings there will be noticed a falling off in strength.

It is always the case that the consumer suffers in pocket, if not in health, by accepting any substitute for the Royal Baking Powder. The Royal is the embodiment of all the excellence that it is possible to attain in an absolutely pure powder.

Bank President Annie Moore. Mrs. Annie Moore, the only woman president of a national bank, has rather had her greatest thrust upon her. The banking institution known as the First National Bank of Mount Pleasant, Tex., which she is president of, was originally a private banking house, and obedient to the wish of her father and brother, who controlled it, she familiarized herself with all the details of its workings.

A Chinese Proverb's Origin. "He'll steal your shoes" is an expression which in China is used to describe an arrant knave and pilferer, says Ex-consul Edward Bellone. The expression is said to have its origin in an adventure perpetrated through the medium of decorated crockery ware.
