REPUBLICAN TICKET.

For Supreme Judge, F. O. C. HARRISON. For Regente State University, H. D. EASTERBROOK, N. C. WESTERN, C. W. KALEY.

For Treasurer, JOHN H. CLARK. For Clerk, GEO. C. STODDARD.

For Judge, JAMES M. RAY. For Sheriff, DAVID A. BAKER.

For Supt. Public Instruction, MARY E. HOSFORD. For Coroner, SAMUEL ADAMS.

For Com. Third Dist., W. T. BOWEN.

A FURTHERITY of two hundred on the entire republican ticket next Tuesday will answer just as well as four hundred.

NO ONE has come to the rescue of three-percent Jake Miller and denied that he charged the farmers usurious interest.

A CERTAIN independent candidate while in town Saturday night took on a pretty big "jag" and gave away several of his "so-called" snags.

UP to the hour of going to press Butler Buchanan had not turned over to the county those \$500 in fees which he received from the bankers, money lenders and real estate agents.

The Wallace Herald refers to the "sledge-hammer blows of truth which the pops are dealing." In setting up the item the compositor made quite an error.

This week's issue of the Era will undoubtedly be one marked for its unwarranted abuse of the republican candidates.

CORONER WARNER'S last official act will be to hold an inquest over the remains of the independent party of Lincoln county on Nov. 8th.

SHERIFF BAKER has been in office six years and the independent papers and stump orators have failed to make and sustain a single charge against his honesty and efficiency.

THE independents are putting forth all their energies in a vain attempt to pull Buchanan through.

THE Era's insinuation that treasurer Clark assisted a speculator in buying lands which were offered for sale by reason of non-payment of taxes is untrue, mean and contemptible.

WITH tears streaming down his cheeks the editor of the Era begs the independents to stand by the ticket.

A DENIAL. SUTHERLAND, Oct. 30th. EDITOR TRIBUNE:—The Era of last week stated that I had attempted to prevent the holding of a party's meeting at Sutherland Saturday evening by refusing the use of the building.

THE Era should be more specific and give the names of a few of those who called at the treasurer's office to pay their taxes during the absence of deputy Trosser and found that Treasurer Clark was unable to make out the receipts by reason of his incompetency.

IN regard to the Clark-Glaze matter, Mr. Glaze, in an article in the Wellfleet Argus over his own signature says: "As to the check of \$57.35 drawn by me in favor of J. H. Clark, on Sept. 26th, will say that I find by the statement of M. C. Harrington, assistant cashier of the First National Bank of North Platte, was duly presented and returned to Mr. Clark not paid for want of funds as the deposit seems did not reach the bank until the day after the check which was sent on same day by same mail.

DOES Mr. Buchanan, who is supposed to be a consistent church member, approve of the independent holding political meetings on the Lord's day? We are taught that the independent brethren are reformers of morals as well as of politics, yet they do not seem to have any regard for Sunday.

NEWELL BURRITT was in town Saturday and was feeling awful blue over his chances for election on the independent ticket. In fact he stated that were it not for the assurances he had from the central committee—not the voters—he would withdraw from the race.

WHEN out campaigning Jake Miller doesn't take with him any of his maimed cattle, but those who visit his farm can see them. He is known to have pumped as high as seven loads of shot into the body of one animal because it happened to get into his cornfield.

THE republican ticket is one which deserves not only the support of all members of the party but of all those who believe that the county offices should be filled by competent men.

THE WALLACE Herald's denials of the Tribune's clenching denials of the Wallace Herald's falsehoods knocked the wind out of Beeler and last week's issue of his so-called newspaper was confined to fulsome flattery of Miss Forsythe and an apology for misquoting P. F. Hettlinger.

THE supreme court of Nebraska has ruled that a county clerk who goes out of his office to take notarial acknowledgements must turn the fees collected into the county treasury, or that it be duly credited as fees of his office.

WE understand Tim Kellier is flashing around a letter written by Sheriff Costello, of Hall county, in which the latter makes the statement that while he was here last spring for the purpose of arresting Saml. Adams on a charge preferred by a Grand Island firm, Sheriff Baker and Marshal Huntington had spirited Adams away.

EDITOR TRIBUNE:—The Era of last week stated that I had attempted to prevent the holding of a party's meeting at Sutherland Saturday evening by refusing the use of the building.

THE Omaha Bee perpetrated its accustomed fake when it pretended to have interviewed Governor Crouse and ascertained from him that he was contemplating the calling of an extra session of the legislature about the 1st of March.

Buchanan's Record. Section 42, chapter 28, of the compiled statutes limit the salary of the county clerk to \$1,500 and require that all fees in excess of \$1,500 shall be covered into the county treasury.

Now keeping these laws and decisions in view, let us examine Butler Buchanan's record for 1891, his last year as county clerk. Following is the settlement found in Vol. 4, page 594, of the Commissioners' Records.

Table with 2 columns: Description and Amount. Includes items like 'Real estate mortgages', 'Sales of mortgages', 'Fees for notary public', etc.

EDITOR TRIBUNE:—I hear a great deal said about the A. P. A. in this campaign, and having been a reader of your paper for about five years, I take the liberty to ask you what those letters mean and what are the principles of the party, organization, or whatever it may be.

THE editor of this paper is not an A. P. A., (which stands for American Protective Association), and knows little of the organization.

THE people of other portions of the state will never have in what the high esteem Judge Harrison is held in his home county until they see the majority we'll give him.—Grand Island Independent.

SEVENTH—They welcome to their council chambers men of all nationalities, believing that the accident of birth is not a true test of Americanism.

EIGHT—They are willing to lay down their lives, to spend their fortunes, and, if need be, to take up arms in defense of their country and her institutions.

NINTH—They are unalterably opposed to priestly dictation and interference in the affairs of state, knowing whenever church has been placed above the state, the liberties of the people have not only been jeopardized but completely overthrown.

JUDGE Harrison is increasing in strength and popularity with all thinking men in the state every day. They see in him the able jurist, the untarnished character of a man whose private and public life have never been assailed.

MAYOR Carter Harrison, of Chicago, was shot and killed Saturday evening by Eugene Prendergrast, an insane man, who called at the Harrison residence and being admitted to the hallway by the mayor deliberately shot him three times.

Judge Holcombe, the man whom some people wish to vote for to spite the corporations that are charged with the defeat of Maxwell, is an old railroad lawyer.

Nothing will so soon restore Nebraska in the full confidence of the east, and establish her credit, as to relegate the populists from official power and place. The populist movement, the election of legislators and district judges, congressmen and a senator, has injured the state incalculably.

SEVERAL thousand world's fair employees who have been in charge of foreign exhibits like this country so well that they do not want to go home again.

THE New York clearing house has canceled \$39,915,000 of clearing house certificates issued during the panic, which leaves now only a million and a half outstanding.
