Any one knowing themselves indebted to me will please call and settle.

Dr. I. H. Dillion of Auburn came to Nemaha Friday evening of last week to consult with Dr. Kay in the case of Seymour Howe. They cut into his leg and found the bone badly diseased. Mr. Howe does not know that he ever hurt his leg sufficient to start the disease, which the doctors think was caused by a bruise.

Mr. and Mrs. Thos. H. Jones of near Howe received statements from the Chicago Musical College the first of this week giving the grade of their son Oliver, who is a student at that place. For the first term ending Nov. 21st, in the teachers certificate class of harmony and composition he received the highest grade issued, being 98 per cent, and fifth highest in piano department, being 93 per cent. Such a report is encouraging to Mr. and Mrs. Jones as well as Oliver.
