TOPICS OF THE DAY.

Charlots and "Fire."
If Elijah H. goes up in a charlot of fire the creditors are likely to do the firing.

Neglecting the Needful.
A New York instructor wants boxing taught in the public schools. Anything to get out of teaching spelling.

Hooting at Genius.
The ridicule the airship man meets is the same kind of ridicule that hooted at Fulton, Stephenson, Morse, Bell and Marconi.

He Wouldn't Talk Back.
An eastern woman asked for a divorce on the ground that the persistent refusal of her husband to "talk back" was "the refinement of cruelty."

Not so Slow.
Poor Lo, it appears, according to Congressman Curtis, has been leasing the same land as many as 19 times to different persons. Aboriginal innocence is not so slow.

Note of Alarm.
Miss Ellen Stone's captor sends word that the money raised for her ransom was "well spent." Is it all spent already? Then the other missionaries will have to begin to look out.

Bright Side of the Picture.
Out of Chicago's calamity there has already sprung a universal demand for absolute safety in theater construction and management, and nothing short of that will be tolerated hereafter. This is the only bright side to the picture.

Where Everybody is Deceived.
Iowa's capitol was "fireproof," but the use of "false ceilings" made it combustible. The use of "false words" deceives everybody concerning a great many other "fireproof" structures. Where lies honesty in this world, for even honesty lies?

Three Generations Wiped Out.
During holiday week Benjamin Moore, an aged Chicago grocer, and three generations of his descendants were holding a family reunion. There were nine in all and eight of them attended the matinee at the Froquois theater. All perished, thus wiping out three generations of one family.

New Air Line to Mexico.
B. F. Yoakum, president of the Frisco system, and Col. U. Lott, of St. Louis, are said to be behind a scheme for the building of a new air line from St. Louis to the City of Mexico that will be several hundred miles shorter than any other line between points in the United States and the City of Mexico. It is said to be something of an imitation of the Orient.

Epidemic of Disasters.
The railroad wreck microbe is certainly abroad in the land. The railroad managers should find some anti-toxin to stay his ravages. He attacks the brains of engineers and makes them misread dispatches and eats out the supports of cars and tumbles their loads in front of express trains. Just now the disease is epidemic and special precautions are in order.

They Won't Forget Him.
Just before turning his toes skyward a loving papa in New York paid a delicate tribute of affection to his children by providing in his will for a monument over his grave that will absorb the estate he left. The courts say the will is O. K. Of course it is. What more endearing memory could a father leave his children than a cold gray shaft, suitably inscribed? It's a safe bet they'll not forget him.

Legal Hangings and Lynchings.
The total number of legal executions in 1903 shows a falling off compared with last year, being 123, as against 144 in 1902, 118 in 1901 and 119 in 1900. There were 77 hanged in the south and 46 in the north, and of these 63 were white and 60 colored. Lynchings numbered 104, as compared with 96 in 1902. Notwithstanding this comparatively slight increase, an examination of the reports for several years back shows that there were many less lynchings in the decade just closed than in the preceding decade.

Colombian Representative Held Another Futile Conference Monday and Declared His Intention to Leave Washington.

Washington, Jan. 12.—Gen. Reyes, the Colombian special minister here, had an hour's conference with the secretary of state at the latter's home Monday respecting the Panama situation. He announced at the conclusion of the interview that he probably would leave for New York at once, not expecting to return. Secretary Hay has not come to any conclusion about presenting the correspondence to congress as requested by Gen. Reyes. He endeavored to show Gen. Reyes the futility of Colombia's efforts to regain Panama.

KRATZ IS FREE AGAIN.

Accused Alderman Brought from Mexico and Released on \$40,000 Bond—Folk Wanted It \$100,000.

St. Louis, Jan. 12.—Charles Kratz, former member of the city council, indicted on a charge of bribery, who jumped a bond of \$20,000 in March, 1902, and went to Mexico, returned to St. Louis Monday in charge of Chief of Detectives Desmond and Sheriff Dickman.

After arriving at the four courts, Kratz was booked as a prisoner in the Central police station. He later met Circuit Attorney Folk, with whom he shook hands, and was then taken into Judge Taylor's branch of the circuit court. The matter of bond for the prisoner came up after the docket had been cleared. Circuit Attorney Folk argued in favor of fixing the bond at about \$100,000, in view of the prisoner's former escape. Judge Taylor, however, decided that \$40,000 would be sufficient and Kratz' attorneys offered to go surety for that amount.

GREAT SEA TRAGEDY

Waves Tore a Steamer to Pieces in Puget Sound.

In the Night the Clallam Sank When in Sight of Port—Women and Children Perished by Life Boats Capsizing.

Seattle, Wash., Jan. 11.—The steamer Clallam, of the Seattle-Victoria fleet, went down early Saturday morning midway between Smith island and Dungeness, in the straits of Juan de Fuca. Fifty-two persons were drowned, among them being A. K. Prince and Guy Daniels, both of Kansas City, Mo. Within sight of her destination a huge sea overwhelmed the little steamer, smashing in her dead lights, flooding her hold with water, extinguishing the fires beneath her boilers and placing her at the mercy of the howling gale.

Then two boats were launched and in these some of the passengers were intrusted. The first boat contained only women and children, three deck hands from the Clallam and Capt. Lawrence, of Victoria. The boat was overwhelmed 600 feet from the Clallam and its occupants shrieked in vain for aid from those aboard the steamer. Not a hand could be raised to aid them. The second boat then rowed away into the darkness. On board the Clallam men were seen as the waves tore them from the boat, but later she was still afloat. The third boat, containing only men, then swamped in launching.

But still more lives were to be sacrificed. The hull of the Clallam began to give way before the terrific assaults of the waves and the strain of the tow line completed the work the seas had begun.

The tug sea Lion sighted the Holyyoke and her tow about midnight and stood by to assist. At 12:30 o'clock she went on her beam end and began sinking rapidly. At 1:07 o'clock she settled and the tow lines were cut. A few minutes later she lurched and disappeared beneath the waves. By heroic efforts the crews of the two tugs saved the lives of nearly all who remained aboard the Clallam. A few were swept away and perished in the blackness of the storm, with none to heed their shouts and cries.

SMASHED A PICTURE.

With an Ax Miss Blanch Boies Entered the State House at Topeka and Ruined "Custer's Last Charge."

Topeka, Kan., Jan. 10.—Blanch Boies a follower of Carrie Nation, was arrested Saturday and taken to jail for smashing with an ax a picture of "Custer's Last Charge" in the historical room at the statehouse. Her objection was that underneath the large picture was a line which explained that the painting was a gift from a St. Louis beer firm. Miss Boies is out on bond now for smashing several saloon windows in Topeka some time ago.

Dr. Eva Harding furnished bond. The picture was placed in the historical rooms during Gov. Morrill's administration.

DROVE THE NEGROES OUT.

Shots Fired and Dynamite Used on the Houses of Some Undesirable Blacks at New Franklin, Mo.

Columbia, Mo., Jan. 11.—Citizens of New Franklin, a small railroad town in the southern part of Howard county, have used summary means to rid the town of an undesirable negro settlement. The negroes paid no attention to a warning to leave town and a crowd called at the houses of Mina Wilhite, John Turner and Scott Turner. Shots were fired into the houses and dynamite was exploded under Mina Wilhite's house, wrecking part of it and destroying some of the furniture. The negroes, all of whom are said to be of bad character, left town at once.

The new right-of-way has been authorized in a certificate of extension filed with the secretary of state at Jefferson City.

Riot in a Pittsburg Church.
Pittsburg, Pa., Jan. 11.—Three men created a small sized riot yesterday in St. Casimer's Lithuanian Roman church by making the declaration that sisters of charity were not good women. The men were denounced by the pastor, Rev. Father Sutekietis, as anarchists and he boldly declared that they were implicated in the plot to assassinate President McKinley.

Nothing Saved from Wreck.
Washington, Jan. 10.—In a long cablegram which Gen. Reyes has dispatched to Gen. Marroquin, president of Colombia, he has reviewed the negotiations at Washington and informed the Bogota government that after doing everything in his power to save something from the wreck he has failed.

To Avoid Tie Vote.

In the history of our comic literature there have been many genuine "Irish bulls" recorded, but rarely one that is of a neater brand than that encountered a few nights ago at a political gathering on Lombard street, above Broad, in Philadelphia, says the Record, of that city. A convention of delegates had been called to revise the rules of the party and in order to expedite matters a delegate moved that a committee of 15 be appointed to draft the proposed rules. Before this was adopted another delegate suggested that a committee of 15 would be unwieldy and proposed an amendment, reducing the number to eight. This was agreed to, but before its adoption the aged delegate, with a rich Milesian brogue, arose and solemnly proposed: "Misther Chairman, I move yer that the committee be increased to noine, so that in case of a tie vote there'll be a majarity of wan."

A Physician's Statement.

Yorktown, Ark., Jan. 11.—Leland Williamson, M. D., one of the cleverest physicians, has made a statement, endorsing Dodd's Kidney Pills and saying that he uses them in his daily practice in preference to any other kidney medicine. His statement has created a profound sensation as it is somewhat unusual for a physician to publicly endorse anything in the shape of a patent medicine. Dr. Williamson says: "After twenty years' practice in a sickly and malarious country I have come to the conclusion that it is always best to use the remedy that will relieve and cure my patients whether ethical or not. "I have used Dodd's Kidney Pills with uniform success in the various forms of Kidney Disease, Pain in the Back, Gout, Rheumatism, Inflammation and Congestion of the Kidneys and all kindred diseases; I always prescribe Dodd's Kidney Pills in such cases and can testify that they invariably restore the Kidneys to their normal state and thereby relieve the blood of accumulated poisons, producing prompt and effective cures."
