Tuesday night rain fell almost all night and the next morning it was freezing. The roads, trees, bushes, fences, sidewalks, etc., were covered with ice, and this got worse throughout the day. Thursday morning it was hard to get around. Limbs on trees were broken and a few telephone wires became so heavily laden that they gave way. It was the worst storm of this kind we have had for years.

F. E. Hoover had a lively runaway Sunday night. He left his horses tied at Walt Maxwell's while he went to church. After church the team was standing allright. Fred went in the house a few minutes and when he came out he found the ponies gone. He caught a ride out with Clyde Roberts as far as the latter lived, and walked the remaining two miles home. When he got there he found the ponies standing at the gate, wet with sweat, but not a thing was broken. They must have taken a circle through the orchard as some pieces of apple tree limbs were in the buggy. A team that would run six miles, turning corners and not break a thing is allright.

Ran A Ten Penny Nail Through His

While opening a box, J. C. Mount of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. Victory lodge No. 195, Independent order of Odd Fellows, gave an oyster supper and entertainment in their beautiful hall Saturday night. The entertainment consisted of recitations, songs, piano solos and duets violin solos, etc., and was greatly enjoyed by all. Then supper was served consisting of oysters, sandwiches, cakes, oranges, etc. Eighty-four persons sat down to this feast and then there appeared to be enough left to supply half as many more. Then more music was enjoyed, social conversation, etc. There were no guests present outside of the Odd Fellows families, members of the Rebekah lodge and the editor of the Advertiser. Every one seemed to heartily enjoy the occasion with the exception of Marshall Webb and Pres Barker, who were feeling bad because they had no appetite. They could only eat five bowls of soup apiece, three sandwiches, two or three oranges and a few cookies, some raw oysters, celery, etc. They did not know what caused their appetites to fail so.
