Mrs. Ed L. Culver, daughter of Dr. and Mrs. W. W. Keeling, who has been visiting in Nemaha for three or four weeks, returned to her home in South Omaha last Saturday.

The farmers are making every minute count these days when it doesn't rain. They are crowded with work—harvesting, laying corn by, making hay, etc. They do not loaf around town much.

The train last Friday forenoon was crowded with students returning home after attending the summer school of the Peru normal. Even the steps were filled with passengers. The baggage car was filled, a box car was added and it was filled with baggage, and then much of it had to be left until the next day. The train was delayed twenty-five minutes at Peru in loading baggage.

The cemetery association is endeavoring to have some system in the management of the cemetery in order that it may be kept in shape. In order to do this it is necessary to have some rules. Heretofore when a grave was to be dug anyone who was so inclined went to the cemetery and helped dig the grave. The dirt was left in an unshapely pile. Now the trustees have decided not to allow anyone to dig a grave except the sexton. This is the rule in almost every cemetery. Then the dirt is taken away and the lot cleaned off. Mr. Liebhart, the sexton, gets very little for his services and has put in a great deal of hard work. It is asking too much for him to be required to take away dirt in addition to the regular work unless he gets paid for it. Those looking after graves are also required not to dig holes or ditches to get dirt to fill up sunken graves. The sexton has to fill up these holes, be to considerable trouble in avoiding them when running the lawn mower or leave these lots alone. The last choice will probably be taken in the future. Those interested in the cemetery should cooperate with the trustees in this good work.

N. B. Scrivener's cow died last Friday night. It was his only cow and a good one. Mr. Scrivener, who is about 70 years old, is in straightened circumstances, as he has been paying out considerable money recently in an endeavor to cure a cancer on his hand. His wife has been sick much of the time for a year or two. He is raising some grandchildren, and all this on a small pension and what little he raises on a few town lots. Mr. Scrivener is one of our best and most charitable citizens, and when it was learned that his cow was dead it was immediately proposed to take up a collection and buy him another. This was done Monday forenoon and \$30 was raised in a very short time, which was turned over to Mr. Scrivener.

The Auburn band will dispense music for the W. O. W. picnic at Nemaha next Tuesday. In addition to the band music there will be instrumental and vocal music. J. C. Root, of Omaha, founder of woodcraft, will be here as well as other speakers. There will probably be an organization perfected that day, composed of all the W. O. W. camps in South East Nebraska to hold annual log rollings hereafter.

The play of "The Parish Priest," given at the opera house Saturday night by Ray and Lee Brandon, supported by local talent, was a good one and was well rendered. The amateurs acted like professionals. Misses Nora Aynes and Maye Gaither, Mrs. Earle Gilbert and Will F. Sanders being especially good.

John Pohlman, of Johnson was in the city last Friday. He made no denial of the fact that some of his friends were talking of him for state senator this fall. ### A Children's Chautauqua.

The idea of a Children's Chautauqua is original with the management of the Auburn Chautauqua association, and they have engaged Miss Nina M. Kenagy, of Lincoln, as superintendent of this work. Miss Kenagy is a professional kindergarten instructor and has entered into this work with a great deal of enthusiasm.

The children are to have a chautauqua "all their own." They will sing, tell stories, play in the sand and clay, cut and fold paper, have marches, and will have lessons in Indian bead and basket work, study the trees and grasses in the park, study birds and animals, their habits and uses, vegetables, flowers and butterflies.

A play ground will be provided with swings, see-saws, a may-pole, a merry-go-round and other amusements so that all the children may have a good time.

For further particulars, catalogues and tents apply to W. B. Harman, secretary.

### German-American Picnic

The next great day for Auburn is the German-American picnic, August 2. This is to be held on our beautiful court house lawn. Hagenaw's band, of Lincoln, which has furnished the music for this occasion in the past, has been engaged again this year and the lovers of music can rest assured of something worth hearing. The amusement part of the program will be varied and entertaining.—Auburn Post.

### Notice

A meeting of the low land owners of Nemaha and Otoe counties will be held in Campbell's hall, Brock, Saturday, July 16, at 1 o'clock sharp. All interested in redeeming the bottom land are requested to come. Men of experience in drainage will be there.

### Ice Cream Social

The Junior League will give an ice cream social at the Minick hall Saturday night of this week. Everybody is invited. Give the little folks your patronage.

At a meeting of low land owners of Brock, I was elected a committee for the purpose of calling a meeting of Nemaha and Otoe counties. We carefully studied place and time, and as Brock is nearest the center and train service good both ways, we saw fit to place this meeting at Brock Saturday, July 16, at 1 p. m. Come, owners of this worthless land and let us make it the best farms in eastern Nebraska. We can do it if we will work together. Our last legislature gave us a chance to help our selves. If we need a better law, let's make our wants known before election. Remember the date and be on time. GEORGE CORYLL, Com.

For the mother who is puzzled to provide novel and attractive forms of holiday and birthday entertainments for the little ones, an article on children's parties, in the Delineator for August will be of value. In the same number are excellent cookery suggestions in the form of "An 'Inland' Seaside Dinner," and many receipts of dainty and appetizing dishes for hot days. Recommendations for hot weather house keeping will also prove useful.
