Our rural carriers have had their salaries increased, the increase beginning July 1. The salary is now based on the number of miles traveled. T. J. Charley Clark's baby came near getting an eye put out a few evenings ago. The little fellow was running around at Mrs. Hoover's, and in turning a corner of the fence one of the wires in the woven wire fencing caught him in the corner of the eye, making it bleed freely. Fortunately it did not penetrate the eyeball.

The Woodmen picnic billed for Nemaha on Tuesday was postponed for a week on account of severe rain. The weather clerk seems to have a grudge against Nemaha. Last August he nearly drowned them on the day set for the old settlers' picnic, and now he has given them another thorough soaking on their Woodmen day.—Herald.

The editor had a pleasant visit Tuesday with John T. Yates and Dr. Cloyd. John was a clerk in the hardware and furniture store of Willing Bros. in Nemaha about 22 years ago, when the editor was publishing the Nemaha Times. He is now Sovereign physician of the Woodmen. Both were attending the Woodmen picnic.

In the July Acacia, the Masonic paper published at Lincoln, Nebr., we find the following interesting item:

There have been several ball games in Nemaha the past week. Last Saturday the kid team of Nemaha played a team of men from St. Deroin, and were beaten, 14 to 11. The boys say they would have won if Dercin's third baseman had worn quieter colored trousers. They dazzled their eyes when the boys went to bat.

Sunday two games were played. In the first game the Nemaha first nine beat Brownville so bad that the latter quit before the game was out. Score 15 to 1. In the second game Nemaha beat a Missouri aggregation, 15 to 8. Herb Aynes pitched both games.

At the picnic Tuesday two games were played between Shubert and Verdon. By superior fielding, and with the assistance of the umpire, Shubert won both games by the scores of 8 to 4 and 10 to 2. Shubert imported a battery from Falls City. Grover Parriott of Peru pitched the second game for Verdon, and Herb Aynes of Nemaha pitched part of the first game.

The Nemaha kids will play at Brownville Saturday of this week.

BASE BALL

The Nemaha base ball association has secured two fine teams for two games at the old settlers picnic—the Omaha Originals and the St. Joe Goetz. These teams are prospective pennant winners in their respective cities and will undoubtedly put up a fine game of ball. They play for a purse of \$175.

The Woodmen of the World picnic Tuesday was a very successful affair. Although farmers are very busy, there was a good crowd, especially in the afternoon. Addresses were made by J. L. Dalby, Rev. Schleh, John T. Yates, sovereign clerk, Dr. Cloyd, sovereign physician, Edward Walsh, and others. In the afternoon the Southeastern Nebraska Log Rolling Association was formed and the following officers elected:

President—J. L. Dalby of Shubert.
Secretary—Cheney of Stella
Treasurer—W F Keeling of Nemaha
The association will hold its next meeting at Stella August 11, when another picnic will be given.

Major Church Howe, United States consul at Antwerp, came in yesterday from the east on his way to his old home near Auburn. Major Howe is on leave and in this country not only to keep in touch with the officials of the state department, but also to pay a vacation visit to his family and friends. He has had notice that he will be waited on here by a delegation from Nemaha county, who will today escort him to his destination.

Major Howe is looking remarkably well, in fact no one would know that he had gone through a serious illness since his last trip to this country. In the interval, too, he has been promoted in the diplomatic service by transfer from Sheffield to Antwerp—a promotion that came to him solely in recognition of efficient service, and without even an application or endorsement for the position.

"I like Antwerp very much," said Major Howe, "although I will confess I had formed many attachments in Sheffield which I was reluctant to leave. I have been very cordially received in Antwerp, and find living there more than agreeable. You would be surprised at the number of people in Antwerp who speak English with more or less fluency. When I first arrived I was tendered a reception and out of the sixty guests present fifty-eight people spoke English. That of course was exceptional, but when entertaining they manage to bring those who speak English together in a pleasing manner. Antwerp, too, is a delightful place, with many attractions in the way of art, architecture and historic quaintness.

"Of course I am constantly interested in the course of politics in the United States, and especially in Nebraska, but I have no inclination to re-enter politics in person and so told friends who have repeatedly urged me to come back, with assurances that I can have this or have that. I am willing to let the younger men take up the political work where I left off."

Major Howe will be in Nebraska several weeks, and will be in Omaha again before he sets out to return to his post abroad.—Omaha Bee.
