Died—Tuesday morning, September 13, 1904, Lola, infant daughter of Mr. and Mrs. John H. Knapp, aged 8 months and 21 days. The little one was a twin, and the babies have never been strong. Omaha will have its first annual horse show in the week of September 26th, and judging from the amount of interest reflected by the press of that city it is to be a great success. High-bred horses from all over the middle west have been entered in the various classes. People from all the important cities of the state have already engaged boxes, and it appears that they will be taxed to their utmost capacity to take care of the people. The seating arrangement of the auditorium will be complete.

The celebrated tax case, in which suit was brought by Hon. Church Howe and other citizens to restrain by injunction County Clerk Hacker and Deputy J. M. Wright from placing upon the tax books of the county the 5 per cent increase levied by the state board of equalization appears to be finally settled in favor of the protestants. Judge Kelliger first granted an injunction and later made an injunction permanent. When an appeal from this decision was attempted, it was discovered that the suit was in the name of the county clerk and deputy and these officials declared themselves as being satisfied with the decision and refused to appeal. This decision ends the case as far as Nemaha county is concerned, and the clerk and deputy are now making up the tax books, computing taxes as levied by the county commissioners. This gives satisfaction to all Nemaha county taxpayers, but not so satisfactory to the state board of equalization and the attorney general.

A few years ago—in 1888—the old settlers held a reunion at Nemaha. It was so successful that it was agreed to continue these gatherings. As Nemaha was not selfish, it was also agreed that these reunions should be held at the different towns. The next year it was held at Peru, and was quite successful. The year after it was taken to Auburn, being held during the county fair, and not much attention was paid to it. Then it was held at Brownville and was a flat failure. The next year, in 1892, it was again held in Nemaha and was once more a success. Since then it has been held annually in Nemaha and grows bigger and better each year. Now other places are taking pattern after Nemaha. Auburn has a German-American picnic each year, and Johnson a harvest home. This year Julian had a picnic, and now Shubert is to have a two day's carnival. We hope all will continue to prosper. These gatherings are good things.
